## [NETCOM 2023 Year in Review](#)

Reflecting on the moments that shaped us, the challenges we conquered, and the victories we celebrated. Join us in this brief journey through the highlights and milestones of the past year – a testament to our resilience, unity, and shared achievements. This is our Year in Review.

## [Army Reserve Soldiers Prepare to Support the Warfighter](#)

The U.S. Army Reserve is crucial to the Army mission. Our team from the 505th Signal Brigade, 335th Signal Command, recently deployed in support of the warfighter.

## [Volunteers from 160th SIG BDE Participate in Basic Life Support Training and Certification](#)

Outside a Soldier's military occupational specialty, training meticulously to enhance basic Soldier and warrior tasks and drills is essential in a deployed environment and helps leaders ensure mission success. Red Cross volunteers from the 160th Theater Signal Brigade participated in Basic Life Support (BLS) training and certification.

## [Legacy Equipment is Decommissioned in NETCOM-E](#)

NETCOM Europe's Robert Thorne and Ernest Hess with the final piece of ATM/SONET equipment to be deinstalled from the Army's transport network in Europe. This was the culmination of a multiyear effort to decommission legacy TDM transport nodes across the European Theater.

## [93rd SIG BDE Participates in FORSCOM SLD](#)

Brig. Gen. Marne Suttan, U.S. Army Forces Command (FORSCOM) G6, recently held a Leader Professional Development session with the 93d Signal Brigade. The session was held for junior signaleers and included engaging dialogue between the Soldiers and senior leaders to help them excel in their careers.

## [2d SIG BDE 2023 Year in Review](#)

The team from the Brigade of Excellence shares their 2023 highlights from the 2d Signal Brigade Family. Thanks for all you've accomplished this year!

## [304th Solders Recognized for Excellence](#)

Recognizing Soldiers and civilians for their efforts is something leaders strive to accomplish. Recently, Soldiers from Headquarters and Headquarters Company, 304th Expeditionary Signal Battalion, were recognized for their efforts by Command Sgt. Maj. Jonathan Dehart from the 311th Signal Command. Dehart wanted to ensure he personally thanked the Soldiers for their outstanding work and commitment to the unit's mission.

## [Regional Cyber Center Design Summit Held at Carnegie Mellon](#)

The event served as a pivotal gathering opportunity for the Army's RCCs and members of the cyber community. The summit was a collaborative effort focused on the development of virtual exercises designed to train and evaluate RCCs on their Army Mission Essential Tasks (METs) and the Cyber Security Service Provider (CSSP) Joint Mission Essential Task List (JMETL).

## [One Team Leadership Presents Command Coins to Deserving Soldiers](#)

During a recent visit, the 1st Signal Brigade command team, awarded coins of excellence to two Soldiers for their unrelenting dedication to the mission and Soldiers of the brigade.

## [Unveiling the Unseen: Explore the Remarkable Accomplishments of HHC NETCOM Year in Review 2023](#)

Amidst the shadows, our dedicated NETCOM Headquarters and Headquarters Company team played a pivotal role in orchestrating success. From behind-the-scenes support, discover the impactful yet often unnoticed contributions that defined our year. This is the untold story of HHC NETCOM – the heartbeat of unseen victories.
