## VIDEO: ASC relieves units of excess equipment through R2E

ROCK ISLAND ARSENAL, Ill. – Army Sustainment Command, through a new program call Rapid Reduction of Excess (R2E), helped commanders unburden their units of excess equipment. R2E allows quick turn in of property book items that are no longer authorized to the unit. This relieves units from costly repairs, maintenance and manpower responsibilities, freeing them to focus on mission readiness.

## Stress recognition, management important part of AFSBn-Germany's mission set

VILSECK, Germany – When Raphael Scharf, a certified social worker, researched the effects of stress on Soldiers as part of his university thesis, Army Community Service experts at U.S. Army Garrison Ansbach and a Bundeswehr psychologist who deployed with the German army helped him better understand how. (Click to read more)

## ASC Soldier embodies Be All You Can Be

ROCK ISLAND ARSENAL, Ill. – When Chief Warrant Officer 2 Deangelo Wiggins was growing up in Virginia, he knew he wanted more from life. In high school, he had the opportunity to talk to an Army recruiter who told him about the benefits the Army offered. Wiggins was excited for the opportunity to leave his hometown and serve his country, and the next thing he knew, he was off to Basic Combat Training, a 10-week introduction to the U.S. Army required of all new enlisted Soldiers.

## ASC promotes a happy, healthy workforce

ROCK ISLAND ARSENAL, Ill. – In a world where physical well-being often takes precedence, the significance of mental health is gaining long-overdue recognition.

Imagine one of these scenarios – a close friend is hyper-alert all the time, a spouse who always cared about her appearance, have been looking disheveled lately.

## Ops officer: AFSBn-Germany to take command of APS-2 site, participate in DEFENDER 24

VILSECK, Germany – Most people learn about the Army Prepositioned Stocks-2 program in military publications or by reading about it in the news, but for Cpt. Andrew Marvets his introduction to APS-2 was more direct. He learned of APS-2 while serving as a company commander for a movement control team on a rotational deployment to Europe in support of Atlantic Resolve.

## Battalion SPO: Major growth in APS-2 mission 'South of the Alps' helps build readiness

LIVORNO, Italy – A lot has changed at Army Field Support Battalion-Africa since Robert Guess arrived in July of 2019. When he first hit the ground, the Army Prepositioned Stocks-2 worksite at Leghorn Army Depot 'South of the Alps' only had one APS-2 unit equipment set – about a battalion's worth of tactical vehicles and equipment pieces – and the installation itself was earmarked by the Department of Defense for drawdown and closure.

## Guest Contributor Stories

### Speakers discuss sustainment during symposium

Soldiers and civilians alike met Jan. 30 at the Mission Training Complex for the Sustainment Symposium.

The event provided attendees with an overview of sustainment efforts at Fort Cavazos, as well as open the floor for discussion.

The symposium featured three guest speakers, Maj. Gen. David Wilson, Army Sustainment Command commander, Dan Reilly, deputy to the Army Sustainment Command commander, and retired Maj. Gen. Aundre Piggee, former deputy chief of staff of the Army for logistics, (Click to read more)

### New request procedures for sustainment-level medical maintenance

FORT DETRICK, Md. – When U.S. Army units need sustainment-level maintenance support for their medical equipment, the U.S. Army Medical Materiel Agency is there to help.

USAMMA's Medical Maintenance Management Directorate, or M3D, recently updated its operating procedures to consolidate all maintenance activities under the umbrella of Global Combat Support System-Army, or GCSS-A. (Click to read more)

### OSHA recognizes AFSBn-Cavazos again for maintaining excellence in worker safety

FORT CAVAZOS, Texas – Safety officers and leadership from across the Army Field Support Battalion-Cavazos came together Dec. 15, 2023, to celebrate being recertified as a Star participant in the Occupational Safety and Health Administration, known as OSHA, Voluntary Protection Program, or VPP.
