## [New Enterprise Technical Procedures Available](#)

When trying to determine which organizational file share migration course of action (COA) may work best for your organization, check out the Planning and Preparation Enterprise Technical Procedures (ETPs) which includes pros and cons about the three migration methods, and may be of use as you determine the best organizational file share migration COA.

## [21st SIG BDE Hosted the NETCOM SATCOM Steering Committee Meeting](#)

Maj. Gen. Christopher L. Eubank spoke to the committee over Teams about how important these working groups are at shaping the way forward by answering the important questions. The work is not over though, as each Soldier and Civilian will use this knowledge to develop a road map for a way forward to affect meaningful change in their units and teams.

## [Impromptu: Let's Get Real with CSM Marshall from 2d SIG BDE](#)

No preparation, no rehearsal, no safety net! Let's Get Real!

Command Sgt. Maj. Wendle V. Marshall, Senior Enlisted Advisor for the 2d Theater Signal Brigade, has an Impromptu discussion with a few of our Soldiers.

## [7th SIG CMD Soldiers Compete for Best Squad 2024](#)

7th Signal Command held their Best Squad Competition for 2024. Congratulations to the winners and all who competed. The winners will go on to compete to the NETCOM's Best Squad Competition in May 2024.

## [Celebrating Women's History: Spotlight on LTC Rhone](#)

7th Signal Command (Theater) is proud to commemorate Women's History Month by profiling Lt. Col. Jenya Rhone, Battalion Commander, 302d Signal Battalion, 21st Signal Brigade. Trust among colleagues is the foundation of LTC Rhone's personal leadership philosophy. "You may be the smartest person in the room, but if people in the room don't trust you, that will hinder your leadership of the organization," she explained.

## [93d SIG BDE Lightning Warriors Understand the Importance of the Impression on Future Generations](#)

As the school year progresses our relationship with the students and faculty of Ella Fitzgerald Middle School continues to grow. Whether it's talking about the Army, playing board games, or answering questions about life and the importance of school, the impact our soldiers are having on these students becomes more and more apparent with each visit!

## [2d SIG BDE Continues to Show the Significance of Women's History Month](#)

2d Signal Brigade held their Women's History Month Observance Ceremony with a special guest speaker from the 66th MI Brigade, Commander COL Christina Bembenek.

## [516th Signaleers Train During Annual Exercise](#)

Meet the High-Frequency Gateway team from the 516th Signal Brigade who participated in the annual QRPX 2024 exercise, training to establish HF communications over a variety of modes.

## [Fort Huachuca MARS Team Helps During QRPX 2024](#)

During the annual High-Frequency Low Power Competition called QRPX March 21-23, stations across the world train to establish HF communications with one another over a variety of modes. Meet the team located on U.S. Army Fort Huachuca who helped stations achieve their communication goals during the exercise.

## [NETCOM DSD Teaches Data Literacy 201](#)

After the success of their inaugural Data Literacy 101 course, the U.S. Network Enterprise Technology Command's Data Science Directorate's Maj. Robert Lasater explains why the newest Data Literacy 201 course is essential for NETCOM's global success.
