- Meal locations will depend on the size of the DV group
- Delays are always possible, so be prepared to cancel the first or last event (forecastle tour or jet shop tour)
- Media is welcomed and encouraged
- Names of all guests should be provided to the Southern Seas public affairs officer no later than 24 hours before the event
- Provide any dietary restrictions no later than 48 hours in advance to support menu planning

For the evening reception, we recommend a suit or uniform equivalent for gentlemen, and pantsuit or uniform with flat shoes or uniform equivalent for ladies. Comfortable shoes are highly recommended for standing and walking on steel deck plating in the hangar bay and metal grating on the stern dock.

OPEN TOE SANDALS AND HIGH HEELED SHOES ARE NOT AUTHORIZED.

BAGGAGE

Small personal purses and backpacks are allowed, but DO NOT bring any large baggage aboard. Any baggage brought to the ship is subject to search by our security team. Leaving valuables and jewelry at home is recommended.

WEAPONS

Weapons are NOT PERMITTED aboard.

MEDIA ENGAGEMENTS

Topics for media interviews hosted by the ship will be at the strike group level. Questions asked outside of the strike group's purview will be referred to higher headquarters public affairs.

Underway media embarks are recommended and encouraged during DV events. However, the media does take a seat on the aircraft and must be accounted for in the total number of distinguished visitors.

Media can embark overnight with an embassy escort. We recommend no more than one night underway.

During the port visit, expect up to 25 reporters with embassy escort.

In addition to subject matter experts, reporters can interview leadership, members of the Embarked International Staff, and Sailors from the host nation.

The morning of the reception is preferred for media tours since leadership will already be aboard for the diplomatic reception.

TOURS

Ship tours are available during port visits on non-reception days.

Press and VIP tours are recommended during the day of the diplomatic reception.

Press and VIPs can also stay after the tour to attend the diplomatic reception.

Bringing tour groups aboard slows the movement of Sailors and supplies on and off the ship and may lead to potential delays in diplomatic reception support and execution.

Limit tour times to 1000-1600.

Limit 25 people per tour group.

Allot one hour for each tour.

The U.S. Embassy selects the guests and should provide names 48 hours before the tour.

Embassy support at fleet landing is crucial for safe and successful tours when the ship is at anchor.

BILATERAL STORY AND PHOTO EXAMPLE

US, CHILEAN FORCES CONCLUDE BILATERAL EXERCISES

By Mass Communication Specialist 3rd Class Johnathan Meighan, USS George Washington Public Affairs

PACIFIC OCEAN (June 18, 2024) – The George Washington Carrier Strike Group and Chilean navy concluded a series of bilateral exercises as a part of Southern Seas 2024 while underway in the Pacific Ocean June 17.

These bilateral exercises foster goodwill between U.S. and Chilean navy forces, and build partner capacity and capability.

Prior to the exercises, Nimitz-class aircraft carrier USS George Washington (CVN 73) anchored off the coast of Punta Arenas, Chile where the ship hosted Honorable Minister Maya Fernández Allende, Chilean minister of defense, Adm. Juan De La Maza Larraín, chief of Chilean navy, and other distinguished Chilean visitors. They toured the ship and attended a brief with Rear Adm. Alexis Walker, commander, Carrier Strike Group 10.

“These bilateral exercises helped our ability to work together across multiple domains,” said Walker. “Our connection across sea, air and land link our nations’ security and prosperity.”

Following the strait transit, the GWCSG and Chilean navy ships and aircraft conducted a photo exercise to demonstrate their combined maritime strength and abilities. The photo exercise provided another opportunity for the two navies to increase their interoperability and overall maritime proficiency.

George Washington also hosted Ambassador Bernadette Meehan, U.S. ambassador to Chile, along with other U.S. and Chilean distinguished visitors for a reception aboard the ship June 15. The distinguished guests also attended a brief with CSG 10 leadership, toured the ship, and engaged with Sailors.

“I am honored by George Washington’s presence and U.S. enduring committed partnerships with Chile,” said Meehan. “These exercises conducted by both ships’ hardworking Sailors reflect enduring promises to our partners for a cooperative, prosperous, and secure hemisphere.”

GWCSG consists of George Washington, Arleigh Burke-class guided-missile destroyer USS Porter (DDG 78), Henry J. Kaiser-class replenishment oiler USNS John Lenthall (T-AO-189), and embarked Carrier Air Wing (CVW) 7 composed of “Argonauts” of Strike Fighter Squadron (VFA) 147, “Jolly Rogers” of VFA-103, “Patriots” of Electronic Attack Squadron (VAQ) 140, “Sun Kings” of Airborne Command & Control Squadron (VAW) 116, “Grandmasters” of Helicopter Maritime Strike Squadron (HSM) 46, and “Nightdippers” of Helicopter Sea Combat Squadron (HSC) 5. George Washington is deployed with Porter and John Lenthall as part of Southern Seas 2024 which seeks to enhance capability, improve interoperability, and strengthen maritime partnerships with countries throughout the U.S. Southern Command area of responsibility through joint, multinational, and interagency exchanges and cooperation.
