The goal of the total Army Awards Program is to foster mission accomplishment by recognizing excellence of both military and civilian members of the force and motivating them to high levels of performance and service.

Section III

Principles and Standards

1–10. Principles of support

The Military Human Resources Support System will provide the Army with the capability to—

- a. Enable award authorities to recognize Soldiers for valor, meritorious service, and achievement; and to document and record that recognition for historical purposes.
- b. Recognize Servicemembers of other military departments, foreign allies, and U.S. civil servants for their meritorious contributions to the Army's success in mission accomplishment.
- c. Recognize veterans and the primary next of kin of Soldiers.
- d. Support the Army's personnel life-cycle function of sustainment.

1–11. Standards of service

- a. Awards and decorations are—
 - (1) A wartime and peacetime military personnel function.
 - (2) Defined in the table of organization and equipment (TOE) for the tactical force.
 - (3) Deployed with the tactical force.
 - (4) The functional responsibility of the Human Resources Support Center (and its tactical counterpart).
- b. Recommended decorations will be expeditiously processed, and recorded in military orders and certificates within 60 days of the final approving authority's decision.
- c. Typed recommendations will be the norm during peacetime. Handwritten printed recommendations are acceptable during wartime conditions.
- d. A final record of each recommendation and the resulting decision will be maintained for historical purposes. Records will be transferred to a records holding area in accordance with AR 25–400–2.
- e. Recipients of awards should receive, at presentation, award emblems and the elements (medal, certificate, and orders) before leaving an assignment or transition from active duty.
- f. Award authorities may use Award and Decoration Boards to advise them on appropriate levels of recognition. Use of these boards is optional. If boards are used, the board recommendations must be submitted to the approval authority for final decision.

Section IV

Policy, Precedence, and Information

1–12. Objective and implementation

- a. The objective of the DA Military Awards Program is to provide tangible recognition for acts of valor, exceptional service or achievement, special skills or qualifications, and acts of heroism not involving actual combat.
- b. Implementation of the provisions of this regulation is a command responsibility. Administrative procedures will ensure the prompt recognition of deserving Soldiers.

1-13. Categories of individual awards

Individual awards are grouped into the following categories:

- a. Decorations.
- b. AGCM.
- c. Campaign and service medals.
- d. Service ribbons, badges, and tabs.
- e. Certificates and letters.

1-14. Time limitation

Except for award recommendations submitted in accordance with the provisions of Section 1130, Title 10, United States Code (10 USC 1130), which are outlined below and in paragraph 1-15 and appendix F, each recommendation for an award of a military decoration must be entered administratively into military channels within 2 years of the act, achievement, or service to be honored. An award recommendation will be considered to have been submitted into military channels when it has been signed by the initiating officer and endorsed by a higher official in the chain of command. However, pursuant to 10 USC 1130, a Member of Congress can request consideration of a proposal for the award or presentation of decoration (or the upgrading of a decoration), either for an individual or unit, that is not otherwise authorized to be presented or awarded due to limitations established by law or policy. Based upon such review, the SECARMY will make a determination as to the merit of approving the award or presentation of the decoration and other determinations necessary to comply with congressional reporting requirements under 10 USC 1130.

a. To be fully effective, an award must be timely. Undue delay in submitting a recommendation may preclude its consideration. It is highly desirable that a recommendation be placed in military channels and acted upon as quickly as possible. If circumstances preclude submission of a completely documented recommendation, it is best to submit it as soon as possible and note additional data will be submitted later. However, to ensure prompt recognition, interim awards should be considered and are encouraged as indicated in paragraph 1-20.

b. No military decoration, except for the PH and as outlined in paragraph 1-14e, will be awarded more than 2 years after the act or period of service to be honored. The PH differs from all other decorations in that an individual is not recommended for the decoration; rather, he or she is entitled to it upon meeting specific criteria. Exceptions to the time limit include decorations approved under 10 USC 1130 and the provisions in paragraphs 1-14d and e.

c. These time limitations do not apply to retroactive and conversion awards made in confirmation of recognition of previously issued orders, letters, or certificates, or in exchange of decorations hereinafter authorized. Time limits do not apply to records corrected by the SECARMY acting through the Army Board of Correction of Military Records (ABCMR) pursuant to 10 USC 1552.

d. In cases where it can be conclusively proven that formal submission of a recommendation for award was not made within the time limitations indicated in paragraph 1-14c, because either the person recommending or the person being recommended was in a prisoner of war (POW), missing in action, or in a medically incapacitated status; award of the Silver Star (SS) or lesser decorations may be approved without regard to elapsed time since the act, achievement, or service occurred that is to be honored.

e. Medal of Honor (MOH), Distinguished Service Cross (DSC) and the Distinguished Service Medal recommendations must be entered formally into official channels within 3 years of the act warranting the recommendation and awarded within 5 years, except as provided in 10 USC 3744.

f. Eligibility for campaign, expeditionary, and service medals is not governed by time limit requirements because eligibility for these awards is a matter of service record verification.

g. Eligibility for combat badges (Combat Infantryman Badge (CIB), Combat Medical Badge (CMB), and the Combat Action Badge (CAB)) are not governed by time limit requirements, although these decorations must still meet eligibility requirements outlined in paragraphs 8-6 through 8-8.

h. Preparing an award recommendation years after an action has occurred can be a challenge. However, the requestor is solely responsible for assembling a complete award recommendation package, which is submitted through a Member of Congress to the Commander, HRC. It is incumbent upon the requestor to conduct any historic research necessary to ensure the award recommendation is complete prior to submission. In the event an incomplete award recommendation is submitted, the HRC, ADB will contact the requesting Member of Congress and provide specific guidance regarding the additional information required in order for the case to be considered (refer to app F for clarification on the 10 USC 1130 process).

i. Recommendations for award of U.S. Army decorations will be forwarded through command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, for final action no less than 60 days before the desired presentation date.

1-15. Lost recommendations

If the SECARMY, or his designee, determines that a statement setting forth the distinguished act, achievement, or

service, and a recommendation for official recognition was made and supported by sufficient evidence within 2 years after the distinguished service, and that no award was made because the statement was lost, or through inadvertence the recommendation was not acted upon; he or she may, within 2 years after the date of the determination (when the recommendation was discovered as lost), award any appropriate military decoration, numeral, or oak leaf cluster in lieu thereof, to the person concerned (10 USC 3744). In each case, the recommender for an award must provide the following to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408:

- a. Conclusive evidence of the formal submission of the recommendation into military channels.
- b. Conclusive evidence of the loss of the recommendation or the failure to act on the recommendation through inadvertence.
- c. A copy of the original recommendation, or its substantive equivalent, at a minimum, should be accompanied by statements, certificates, or affidavits corroborating the events, actions, or achievements. The recommender must provide the Commander, HRC with adequate information for Secretarial evaluation of the deed or service to determine if an award is to be made. The person signing a reconstructed award recommendation must be identified clearly in terms of his or her official relationship to the intended recipient at the time of the act or during the period of service to be recognized.

1-16. Reconsideration or appeal of previous award recommendations

- a. A request for reconsideration or the appeal of a disapproved or downgraded award, or a request for an upgrade of a previously approved recommendation must be placed in official channels within 1 year from the date of the awarding authority's decision. A one-time reconsideration by the award approval authority will be conclusive. However, pursuant to 10 USC 1130, a Member of Congress may request a review of a proposal for the award or presentation of a decoration (or the upgrading of a decoration) that is not authorized to be presented or awarded due to time limitations established by law or policy for timely submission of a recommendation (refer to app F on the 10 USC 1130 process).
- b. Recommendations are submitted for reconsideration or appeal only if new, substantive, and material information is furnished and the time limits specified in paragraph 1-14 do not prevent such action. Requests for reconsideration or appeal must be forwarded through the same official channels as the original recommendation. The additional justification for reconsideration or appeal must be in letter format, not to exceed two single-spaced typewritten pages. A copy of the original recommendation, with all endorsements, and the citation must be attached. If the original recommendation is not available, a reconstructed recommendation should be submitted.
- c. If the reconsideration or appeal is approved and when a lesser decoration has already been approved, action is taken by the awarding authority or HRC (AHRC-PDP-A) to revoke the lesser awarded decoration.
- d. Once HRC or the award approval authority has made a decision on the award reconsideration or appeal, other options for reconsideration or appeal include the ABCMR and the Inspector General. A DD Form 149 (Application for Correction of Military Record) is required for review by the ABCMR.
- e. Awards that are approved and presented for meritorious service will not be considered for an upgrade to a valorous award.

1-17. Character of service

- a. *Personal decorations.* A medal will not be awarded or presented to any individual whose entire service subsequent to the time of the distinguished act, achievement, or service has not been honorable. The determination of "honorable" will be based on such honest and faithful service according to the standards of conduct, courage, and duty required by law and customs of the service of a Servicemember of the grade to whom the standard is applied. Commanders will ensure that—

(1) Individuals on whom favorable personnel actions have been suspended are neither recommended for, nor receive an award, decoration, or a badge during the period of the suspension.

(2) Other-than-honorable service subsequent to submission of the recommendation for an award is promptly reported to the awards approving authority with a recommendation for appropriate action.

- b. *Exceptions.* As an exception to paragraph 1-17a(1), Soldiers who are flagged for overweight or Army Physical Fitness Test failure may be recommended for and presented an award based on valor and heroism. Additionally, Soldiers who are flagged for overweight or Army Physical Fitness Test failure may be posthumously recommended for and presented an award, decoration, or a badge when assigned to a unit engaged in combat against hostile forces and the Soldier dies as a result of injuries sustained during combat.

- c. *Waiver for overweight and Army Physical Fitness Test failure flags.* A waiver of the overweight or Army Physical Fitness Test flag must be processed for length of service retirement awards to the first general officer in the Soldier's chain of command with award approval or disapproval authority. All waivers will be processed as separate and distinct actions from the award recommendation, and should be submitted and adjudicated prior to submission of the award recommendation. The approved waiver will accompany the award recommendation once submitted.

- d. *Purple Hearts.* The PH is an entitlement and differs from all other awards and does not require an exception or waiver for presentation.

e. *Badges.* A badge will not be awarded to any person who, subsequent to qualification, has been dismissed, dishonorably discharged, or convicted of desertion by court-martial.

1-18. Period of award

a. For meritorious service awards, the cited period is limited to the period of service during which the individual served under the recommending command, except in the case of retirement awards (see para 1-23). Meritorious service is characterized by distinguished service and performance above that normally expected, over a sustained period.

b. For meritorious achievement awards, the length of time is not a primary consideration; however, the act or achievement should have a clearly discernible beginning and ending date. In addition, the speed of accomplishment of a time sensitive task could be an important factor in determining the value of the achievement or act.

c. For valor and heroism awards, the cited period is governed by the same standards stated in paragraph 1-18b, the only difference is the manner and circumstances involved during the act.

1-19. Duplication of awards

a. Only one decoration will be awarded to an individual or unit for the same act, achievement, or period of meritorious service.

b. The award of a decoration for wartime service does not preclude a service award at the termination of a permanent change of station (PCS) or expiration term of service (ETS) assignment. These recommendations will not refer to wartime service, which have been previously recognized by award of a decoration during the award period.

c. Continuation of the same or similar type service already recognized by an award for meritorious service or achievement will not be the basis for a second award. If appropriate, an award may be made to include the extended period of service by superseding the earlier award, or the award previously made may be amended to incorporate the extended period of service.

d. Awards authorities may not recommend a duplicate award for the same act or service from another service component. That is, if a Soldier is assigned to a Joint command, he or she will not receive a joint award and a service award for the same period; moreover, a Soldier who retires from a joint command may only be recommended for a Service or Defense award, but not both. No Soldier serving in a joint command will be recommended for a Defense award for service and a retirement award from his or her service department.

e. Individual or unit awards and decorations received from a foreign nation or government are not considered a duplication of awards. Sister Service awards are included in paragraph 1-19a.

1-20. Interim awards and awards of a lesser decoration

a. To ensure that a deserving act, achievement, or service receives prompt recognition, the appropriate authority may promptly award a suitable lesser military decoration pending final action on a recommendation for a higher award, except for retiring U.S. Army general officers. When a higher award is approved, the approving authority will revoke the interim award using a separate permanent order (PO) in accordance with AR 600-8-105. The decoration will be returned by the recipient, unless the higher award is approved posthumously, in which case the primary next of kin will be permitted to retain both awards.

b. The authority taking final action may award the decoration recommended, award a lesser decoration (or consider the interim award as adequate recognition), or, in the absence of an interim award, disapprove award of any decoration.

c. The ARCOM may be awarded by the appropriate commander as an interim award in those cases involving heroism and for which a recommendation for the award of the Distinguished Flying Cross (DFC) or the Soldier's Medal (SM) has been submitted.

1-21. Impact awards

Impact awards are rare and intended to recognize a single specific act or accomplishment, separate and distinct from regularly assigned duties, such as a special project. Impact awards are not intended to provide a means to authorize additional awards when the conditions for a completed period of service PCS or ETS have not been fulfilled. The achievement covers a short period of time with a definitive beginning and ending date. A recommendation for an impact award should be submitted only when the act is of such magnitude that it cannot be recognized in any other manner, and to delay such recognition until completion of the individual's period of service would diminish the significance of the accomplishment. Impact award approval authority is identical to the awards approval authority outlined in tables 3-2 and 3-4.

1-22. Succeeding awards

For each succeeding act or period of meritorious service or achievement that justifies the award of a decoration, an oak leaf cluster or numeral device will be awarded. The exception is when decorations are presented to foreigners and posthumous awards presented to primary next of kin.

1-23. Recognition upon retirement

a. *Period of service.* Each individual approaching retirement may be considered for an appropriate decoration based on his or her grade, years of service, degree of responsibility, and manner of performance.

b. *Service recognition awards.* The following awards may be awarded upon retirement:

(1) Meritorious service awards will be awarded, upon retirement (to include medical retirements), which may include periods of service longer than that served in the recommending command. An extended period will only be considered in those cases where the length or nature of the individual's terminal assignment would not qualify him or her for an appropriate award. It is neither necessary nor desirable to consider an extended period of service when the length and character of service of retirees in their terminal assignments would qualify them for an appropriate award. This is not to imply that an extended period of service should be considered for every individual who retires, such periods will be limited to the last 10 years of service. When writing the citation, it is not necessary to indicate the time period again; it is only pertinent to mention the total number of years of service, for example, over 22 years or 30 years of service.

(2) Only one retirement award may be awarded to any retiring Soldier. Soldiers serving under the Retiree Recall Program are not authorized a second retirement award or an upgrade of a previously approved retirement award. Service awards for Retiree Recall Servicemembers are at the discretion of the commander.

c. *Submissions.* Award recommendations submitted for meritorious service based upon retirement will be submitted so that they may be processed and completed prior to the requested presentation date. In determining the presentation date, the recommender must consider the Soldier's requested retirement date, number of days of any transition leave, and authorized travel and/or transition processing time. Recommendations for awards submitted to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, for final action should arrive no less than 90 days before the desired presentation date.

1-24. Posthumous awards

a. *Award recommendations.* When considering an award recommendation, the characterization of the Servicemember's death will not be used as the sole purpose for determining approval or disapproval of an award.

b. *Preparation of award elements.* Orders for awards to individuals who are deceased at the time the award is approved will indicate that the award is being made posthumously. The engraved medal and certificate will not include the word posthumous. In cases where a Soldier is posthumously promoted to a higher grade, both the certificate and orders should reflect the grade to which promoted.

c. *Presentation of awards to primary next of kin.* Presentation will be made to primary next of kin per procedures in paragraph 1-33. When presentation to the primary next of kin cannot be made by the appropriate commander, a report listing the reasons the presentation could not be made with the award orders, certificate, and citation will be forwarded immediately to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, where appropriate action will be taken to accomplish the presentation. Under no circumstances will commanders forward award elements (medal, certificate, and citation) directly to the primary next of kin.

d. *Eligible classes of primary next of kin.* Primary next of kin are in descending order of precedence, surviving spouse; eldest surviving child (natural or adoptive); father or mother, unless legal exclusive (sole) custody was granted to a person by reason of a court decree or statutory provision; blood or adoptive relative who was granted legal custody of the person by a court decree or statutory provision; eldest surviving brother or sister; eldest surviving grandparent; and eldest surviving grandchild. When it is determined by the Commander, HRC, ADB or the National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002, that medals will be issued posthumously to the primary next of kin, the same order of precedence will be used.

e. *Replacement and duplicate issue of medals.* Replacement medals will only be issued to the primary next of kin to whom the original medals were issued when medals are lost, destroyed, or become unfit for use without fault or neglect by the primary next of kin. Proof of relationship will be submitted along with the request. Duplicate issue will not be made to a primary next of kin when the records indicate previous issue was made to the living Servicemember or previous primary next of kin. Replacement Medals of Honor, DSCs, and Distinguished Service Medals (DSMs) will be replaced without charge. All other medals will be replaced at cost.

f. *Special provisions during periods of armed hostilities.* During periods when Servicemembers of the U.S. Army are engaged in combat against hostile forces, complete sets of decorations will be issued to the primary next of kin of personnel who die in the hostile fire zone or who die as the result of wounds received in the hostile fire zone. During such periods, a duplicate set of decorations may be issued, upon the request of the secondary next of kin of deceased personnel, after the original set has been presented to the primary next of kin.

a. Policy. Appropriate recognition may be extended to members of the Army National Guard of the United States (ARNGUS) and the U.S. Army Reserve (USAR) not on active duty who have distinguished themselves in the defense of the United States over a period of many years, often at personal expense, inconvenience, and hardship, and those who by their acts or achievements have made major contributions to the Reserve Components (RCs). Members voluntarily electing discharge or transfer to the Retired Reserve prior to mandatory removal from an active Reserve status may also be considered.

b. Categories for recognition.

(1) Members who are discharged or transferred to the Retired Reserve may be accorded appropriate recognition by—

(a) Farewell letters from CGs of the USAR General Officer Commands (GOCOMs) or the Army National Guard (ARNG) State Adjutants General, as appropriate.

(b) Letters of appreciation and commendation.

(c) Other awards as authorized in this regulation.

Personnel who enter standby status pending reassignment into another position may be considered for a service award. However, if the individual retires without having served another tour or in any official capacity, an additional award for retirement will not be made. The service award will be amended to show award was for retirement recognition. At that time, if the command feels the award should have been higher because of retirement vice service, it can be submitted for reconsideration.

(4) All ARNG and USAR personnel who, upon call-up or during active duty for training (ADT), will be recognized by their regular Army or active duty commander with whom they are assigned, attached, or under operational control. The award presentation will be conducted prior to the ARNG or USAR personnel termination of call-up or ADT.

d. Farewell letters.

(1) After a USAR unit member has been informed of his or her pending mandatory discharge or eligibility for transfer to the Retired Reserve, a personal farewell letter will be prepared and signed by the appropriate CG of the respective command. The Commander, HRC will prepare farewell letters to Reserve Soldiers (except general officers) under his or her jurisdiction. Letters for all general officers will be prepared by HQDA.

(2) Letters will be limited in scope with a general statement concerning the member's release from an active Reserve status, and an expression of appreciation for past service. Mimeographed form letters may not be used, nor will there be included any forms related to administrative processing of the individual.

e. Ceremonies. Ceremonies will be conducted as appropriate and according to TC 3-21.5 and this regulation. Additionally, the following will apply:

The commander arranges for appropriate ceremony and presentation of awards.

(b) When a USAR nonunit member requests a retirement ceremony at either active duty or USARC, the Commander, HRC forwards the retirement documents and appropriate award, if any, to the commander of the numbered regional readiness command or Active Army command of the locality in which the member resides. The commander arranges for appropriate ceremony and presentation of awards.

b. When an error cannot be corrected by an amendment to the orders, it will be returned to the command which issued the erroneous order or, in the event that the command no longer exists, to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, for corrective action.

1–31. Revocation of personal decorations and suspension of authority to wear

An order revoked based on the reconsideration, appeal, or upgrade of previously approved award, will refer to paragraph 1–16 as the authority for revocation. Presentation of a decoration is the physical act of pinning or clipping the medal on a Soldier’s chest or handing the Soldier the medal, certificate, or orders. Failure to be reassigned or separated as originally scheduled does not constitute grounds for revocation of an award, which has been presented. The decision to revoke an award may not be delegated by the awarding authority. In making the decision, the awarding authority may consider a statement of concurrence or nonconcurrence (with comments) from the individual concerned within 10 working days upon receipt of the notification of revocation. When the original awarding authority has departed the command, the revocation request will be referred to the Commander, HRC (AHRC–PDP–A) for appropriate action.

b. When the Bronze Star Medal (BSM) has been awarded to an individual based upon award of the CIB during World War II, revocation of the CIB will result in revocation of the BSM.

c. Upon revocation, the affected individual will be informed that he or she may appeal the revocation action through command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408 for final review

Veterans, retirees, or primary next of kin should submit requests to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408.

e. The authority to wear an award may be suspended by the award approval authority or higher authority. An award will be suspended when an investigation has been initiated by proper authority to determine the validity of the award. The authority directing the suspension will notify, in writing, the individual concerned and the Commander, HRC (AHRC–PDP–A) by the most expeditious means possible when suspension is initiated, and when it is terminated, and the reason(s) for termination. Refer to AR 670–1 for wear prohibitions.

1–32. Revocation of badges, Ranger Tab, Special Forces Tab, and Sapper Tab

a. The MOH is usually presented to living awardees by the President of the United States at the White House. Posthumous presentation to the primary next of kin normally is made in Washington, DC by the President or personal representative. The MOH flag is also presented to the recipient or primary next of kin in a separate ceremony (see para 6-24).

b. All U.S. Army decorations will be presented with an appropriate air of formality and with fitting ceremony. TC 3-21.5 prescribes the ceremony for presentation of decorations at a formal review. Other first-time approved awards, which require presentation, are—

(1) All individual U.S. Army decorations, including the PH, individual DOD decorations, and decorations awarded by other U.S. Services to Army personnel.

(2) Presentation of the AGCM to military personnel may be made at troop formations. Ceremonies will not be conducted to present the AGCM to former military personnel or primary next of kin.

(3) All approved U.S. Army unit awards, unit awards from other U.S. Services, and DOD unit awards. Only one ceremony will be conducted, no additional ceremony is required to be conducted for members of the unit who were not present when the ceremony was held.

(4) The Army Lapel Button will be formally presented at troop formations or other suitable ceremonies. The U.S. Army Retired Lapel Button will be presented at an appropriate ceremony prior to recipient's departure for retirement. These buttons may be presented to a separating Soldier at the same time as the AGCM and any other approved decoration.

c. Whenever practical, badges will be presented to military personnel in a formal ceremony as provided in TC 3-21.5, however, a formal presentation is not required. Presentations should be made as promptly as practical following announcement of awards, and when possible, in the presence of the troops with whom the recipients were serving at the time of the qualification.

d. The following awards and decorations do not require a ceremony:

f. In the act of presentation, a decoration may be pinned on the clothing of the awardee whether in uniform or civilian clothing or on the primary next of kin in the case of a presentation following the recipient's death; however, this will not be construed as authority to wear the decoration for any person other than the individual honored. As an alternative to pinning the decoration, especially on primary next of kin, it may be handed to the recipient in an opened decoration container.

g. The award recipient or primary next of kin has the right to decline formal presentation of the individual awards listed in paragraph 1–33b(1).

h. Additional presentation procedures and sample notification letters can be found at <https://www.hrc.army.mil/TAGD/Award%20and%20Decoration%20Templates>

All decorations furnished to civilian institutions for exhibition purposes will be engraved with the words "For Exhibition Purposes only."

c. Display sets of the Medal of Honor. Upon written requests, The Adjutant General of the Army can approve issue of a display MOH set without cost to the recipient or his or her authorized primary next of kin. Government agencies and civilian institutions will be at cost price. Adequate security arrangements must be provided for the medal so that it will not be lost through vandalism or theft. Maximum exposure of the medal to the public must be ensured, on a free of charge basis, under circumstances beneficial to the Army. For specific requirement details, refer to the HRC ADB Web page at <https://www.hrc.army.mil/TAGD/Awards%20and%20Decorations%20Branch%20Toolkit>.

A list of certified manufacturers can be obtained from Director, The Institute of Heraldry (TIOH), 9325 Gunston Road, Room S113, Fort Belvoir, VA 22060–5579. The list may also be found on the TIOH Web page at <http://www.tioh.hqda.pentagon.mil/Heraldry/manufacturers.aspx>.

1–36. Forwarding of award elements

a. When presentation of an award, except a posthumous award, cannot be made within the command jurisdiction of the awarding officer because the awardee is no longer in the command, the orders announcing the award and supporting documents will be forwarded directly to the awardee's current commander or supervisor. When forwarding documentation to the awardee's current commander or supervisor, a copy of the awardee's PCS orders will be enclosed. However, a report of presentation is not required when the recipient of an award has been transferred from one command to another.

b. If the current assignment of an awardee is unknown, contact the installation human resource center for the awardee's new unit of assignment. If the installation Human Resource Center is unable to provide a new unit address,

refer to the Army Knowledge Online (AKO) and use the “People” button to search for personnel. Use of AKO requires an AKO account.

c. When forwarding elements of a decoration, particularly to an overseas installation, extreme care must be taken to prevent damage in transit. The documents must be enclosed, without staples or paper clips, between two pieces of heavy cardboard or other firm protective packaging that is larger than the certificate, and the cardboard or packaging securely fastened together before insertion in the mailing envelope.

d. Awards pertaining to individuals who have been retired or separated from the Service will be sent to their forwarding address upon retirement or separation. Likewise, Soldiers permanently assigned to another military Service may be awarded other Service’s decorations (MSM and below) without seeking concurrence from the Army. A copy of the approved award will be forwarded to the parent Service’s awards office for permanent record keeping. Recommendations for award of the Legion of Merit (LM) and above will be submitted to the Servicemembers’ parent Service for consideration and processing.

b. For Servicemembers temporarily assigned to another Service, the other Service may recommend the MSM and below by forwarding the recommendation directly to the Servicemember’s permanent command for action and/or concurrence. The award must be approved prior to obtaining concurrence. Once concurrence is obtained, orders will be issued. Addresses for the other military Services are provided in table 1–1.

c. An Army decoration will not be awarded to a Servicemember of another military Service for any act or period of meritorious service recognized by award of a decoration by another military Services Department.

d. Recommendations for retirement awards for Servicemembers of other Services must be submitted in accordance with that Service’s regulation or directive. Servicemembers in the U.S. Navy (USN), U.S. Air Force (USAF), U. S. Marine Corps (USMC), and U.S. Coast Guard (USCG) cannot be recommended for any Army retirement award.

Once concurrence is obtained, orders will be issued.

- (1) In any action against an enemy of the United States.
- (2) In any action with an opposing armed force of a foreign country in which the Armed Forces of the United States are or have been engaged.
- (3) While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.
- (4) As the result of an act of any such enemy of opposing Armed Forces.
- (5) As the result of an act of any hostile foreign force.
- (6) After 28 March 1973, as a result of an international terrorist attack against the United States or a foreign nation friendly to the United States, recognized as such an attack by the SECARMY, or jointly by the Secretaries of the separate armed Services concerned if persons from more than one Service are wounded in the attack.
- (7) After 28 March 1973, as a result of military operations while serving outside the territory of the United States as part of a peacekeeping force.
- (8) Servicemembers who are killed or wounded in action by friendly fire. In accordance with 10 USC 1129 for award of the PH, the SECARMY will treat a Servicemember of the Armed Forces described in paragraph 2-8b(8)(a), in the same manner as a Servicemember who is killed or wounded in action as the result of an act of an enemy of the United States.
 - (a) A Servicemember described in this subsection is one who is killed or wounded in action by weapon fire while directly engaged in armed conflict, other than as the result of an act of an enemy of the United States, unless (in the case of a wound) the wound is the result of willful misconduct of the Servicemember.
 - (b) This section applies to Servicemembers of the Armed Forces who are killed or wounded on or after 7 December 1941. In the case of a Servicemember killed or wounded, as described in paragraph 2-8b, on or after 7 December 1941 and before 30 November 1993, the SECARMY will award the PH under provisions of paragraph 2-8a, in each case which is known to the Secretary before such date or for which an application is made to the Secretary in such manner as the Secretary requires.
- (9) A former POW who was wounded before 25 April 1962 while held as a POW (or while being taken captive), will be treated in the same manner as a former POW who is wounded on or after that date while held as a POW (in accordance with Section 521 of PL 104-106).
- (10) Pursuant to 10 USC 1129a, as amended by the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015, Section 571, the award of the PH for Servicemembers killed or wounded in attacks by foreign terrorist organizations, the SECARMY will treat a Servicemember of the Armed Forces who is killed or wounded as a result of an international terrorist attack against the United States as stated in 2-8b(6).
 - (a) A member described in this subparagraph is a member on active duty who was killed or wounded in an attack by a foreign terrorist organization in circumstances where the death or wound is the result of an attack targeted on the Servicemember due to such Servicemember's status as a member of the Armed Forces, unless the death or wound is the result of the Servicemember's willful misconduct.
 - (b) An attack by an individual or entity will be considered to be an attack by a foreign terrorist organization if—
 1. The individual or entity was in communication with the foreign terrorist organization before the attack; and
 2. The attack was inspired or motivated by the foreign terrorist organization.
 - (c) The term "foreign terrorist organization" is provided in the glossary.
 - (d) The provisions outlined in paragraph 2-8b(10) are retroactive to 11 September 2001.
- c. While clearly an individual decoration, the PH differs from all other decorations in that an individual is not "recommended" for the decoration; rather, he or she is entitled to it upon meeting specific criteria.
- d. A PH is authorized for the first wound suffered under conditions indicated above; for each subsequent award an oak leaf cluster will be awarded to be worn on the medal or ribbon. No more than one award will be made for more than one wound or injury received at the same instant or from the same missile, force, explosion, or agent.
- e. A wound is defined as an injury to any part of the body from an outside force or agent sustained under one or more of the conditions listed above. A physical lesion is not required. However, the wound for which the award is made must have required treatment, not merely examination, by a medical officer. Additionally, treatment of the wound will be documented in the Servicemember's medical and/or health record. Award of the PH may be made for wounds treated by a medical professional other than a medical officer provided a medical officer includes a statement in the

Servicemember's medical record that the extent of the wounds was such that they would have required treatment by a medical officer if one had been available to treat them.

f. When contemplating an award of this decoration, the key issue that commanders must take into consideration is the degree to which the enemy caused the injury. The fact that the proposed recipient was participating in direct or indirect combat operations is a necessary prerequisite, but is not sole justification for award.

g. Examples of enemy-related injuries which clearly justify award of the PH are as follows:

- (1) Injury caused by enemy bullet, shrapnel, or other projectile created by enemy action.
- (2) Injury caused by enemy-placed trap or mine.
- (3) Injury caused by enemy-released chemical, biological, or nuclear agent.
- (4) Injury caused by vehicle or aircraft accident resulting from enemy fire.
- (5) Concussion injuries caused as a result of enemy-generated explosions.
- (6) Mild traumatic brain injury or concussion severe enough to cause either loss of consciousness or restriction from full duty due to persistent signs, symptoms, or clinical finding, or impaired brain function for a period greater than 48 hours from the time of the concussive incident.

h. Examples of injuries or wounds which clearly do not justify award of the PH are as follows:

- (1) Frostbite (excluding severe frostbite requiring hospitalization from 7 December 1941 to 22 August 1951).
- (2) Trench foot or immersion foot.
- (3) Heat stroke.
- (4) Food poisoning not caused by enemy agents.
- (5) Chemical, biological, or nuclear agents not released by the enemy.
- (6) Battle fatigue.
- (7) Disease not directly caused by enemy agents.
- (8) Accidents, to include explosive, aircraft, vehicular, and other accidental wounding not related to or caused by enemy action.
- (9) Self-inflicted wounds, except when in the heat of battle and not involving gross negligence.
- (10) Post traumatic stress disorders.
- (11) Airborne (for example, parachute/jump) injuries not caused by enemy action.
- (12) Hearing loss and tinnitus (for example: ringing in the ears).
- (13) Mild traumatic brain injury or concussions that do not either result in loss of consciousness or restriction from full duty for a period greater than 48 hours due to persistent signs, symptoms, or physical finding of impaired brain function.
- (14) Abrasions and lacerations (unless of a severity to be incapacitating).
- (15) Bruises (unless caused by direct impact of the enemy weapon and severe enough to require treatment by a medical officer)
- (16) Soft tissue injuries (for example, ligament, tendon or muscle strains, sprains, and so forth).
- (17) First degree burns.

i. It is not intended that such a strict interpretation of the requirement for the wound or injury to be caused by direct result of hostile action be taken that it would preclude the award being made to deserving personnel. Commanders must also take into consideration the circumstances surrounding an injury, even if it appears to meet the criteria. Note the following examples:

(1) In a case such as an individual injured while making a parachute landing from an aircraft that had been brought down by enemy fire; or, an individual injured as a result of a vehicle accident caused by enemy fire, the decision will be made in favor of the individual and the award will be made.

(2) Individuals injured as a result of their own negligence (for example, driving or walking through an unauthorized area known to have been mined or placed off limits or searching for or picking up unexploded munitions as war souvenirs) will not be awarded the PH as they clearly were not injured as a result of enemy action, but rather by their own negligence.

j. During wartime the senior Army commander (SAC) in the combat theater may award the PH as approval authority when delegated by the SECARMY or the ASA (M&RA). The SECARMY or the ASA (M&RA) may authorize further delegation of approval or disapproval authority. The NPRC awards the PH to any member of the Army who, during World War I, was awarded a Meritorious Service Citation Certificate signed by the Commander in Chief, American Expeditionary Forces, or who was authorized to wear wound chevrons, upon written application. Approval authority for the PH for Army personnel wounded or killed as the result of an international terrorist attack or as the result of an attack by a foreign terrorist organization is the SECARMY. Authority to approve or disapprove recommendations for the award for Servicemembers who did not receive a PH while serving in a unit with wartime awards approval authority is the Commander, HRC and may be further delegated, in writing, no lower than the Branch Chief, ADB. Although a Servicemember may be deployed, award of the PH for injuries incurred in a previous deployment must be processed through the Servicemember's current chain of command to the Commander, HRC for approval. The first general officer in the chain of command of the Servicemember recommended for award of the PH

for injuries received during a previous deployment may disapprove the recommendation. The following types of requests for award of the PH will be forwarded to the Commander, HRC:

(1) Any member of the Army who was awarded the PH for meritorious achievement or service, as opposed to wounds received in action, between 7 December 1941 and 22 September 1943, may apply for award of an appropriate decoration instead of the PH.

(2) Any member of the Army who believes that they are eligible for the PH but, through unusual circumstances no award was made, may submit an application through the member's chain of command to Commander, HRC (AHRC-PDP-A). If the requestor has separated from the military, the application may be mailed directly to the Commander, HRC (AHRC-PDP-A). The application will include the following documentation pertaining to the wound and inflicting force:

(a) DA Form 4187 (Personnel Action).

(b) Chain of command endorsement (through the first general officer in the Soldier's current chain of command for currently serving members).

(c) Deployment orders.

(d) DA Form 4037 (Officer Record Brief)/enlisted records brief (ERB)/DA Form 2-1 (Personnel Qualification Record).

(e) One-page narrative describing the qualifying incident and the conditions under which the member was injured or wounded.

(f) Statements from at least two individuals, other than the proposed recipient, who were personally present, observed the incident, and have direct knowledge of the event. Alternatively, other official documentation may be used to corroborate the narrative.

(g) Casualty report.

(h) SF 600 (Medical Record - Chronological Record of Medical Care).

(i) DD Form 214 (Certificate of Release or Discharge from Active Duty) (if applicable).

k. Each approved award of the PH must exhibit all of the following factors: wound, injury, or death must have been the result of circumstances described in paragraph 2-8b; the wound or injury must have required treatment, not merely examination, by a medical officer. Additionally, treatment of the wound will be documented in the Servicemember's medical and/or health record. Award of the PH may be made for wounds treated by a medical professional other than a medical officer provided a medical officer includes a statement in the Servicemember's medical record that the extent of the wounds were such that they would have required treatment by a medical officer if one had been available to treat them.

l. When recommending and considering award of the PH for a mild traumatic brain injury or concussion, the chain of command will ensure the criteria in paragraph 2-8 is met, and that both diagnostic and treatment factors are present and documented in the Soldier's medical record by a medical officer.

(1) The following nonexclusive list provides examples of signs, symptoms, or medical conditions documented by a medical officer or medical professional that meet the standard for award of the PH:

(a) Diagnosis of concussion or mild traumatic brain injury.

(b) Any period of loss or a decreased level of consciousness.

(c) Any loss of memory for events immediately before or after the injury.

(d) Neurological deficits (weakness, loss of balance, change in vision, praxis (that is, difficulty with coordinating movements), headaches, nausea, difficulty with understanding or expressing words, sensitivity to light, and so forth) that may or may not be transient. Intracranial lesion (positive computerized axial tomography or magnetic resonance imaging scan).

(2) The following nonexclusive list provides examples of medical treatment for concussion that do meet the standard of treatment necessary for award of the PH:

(a) Referral to neurologist or neuropsychologist to treat the injury.

(b) Rehabilitation (such as occupational therapy, physical therapy, and so forth) to treat injury.

(c) Restriction from full duty for a period of greater than 48 hours due to persistent signs, symptoms, or physical finding of impaired brain function.

(3) Combat theater and unit command policies mandating rest periods or "down time" following incidents do not constitute qualifying treatment for concussion injuries. To qualify as medical treatment, this rest period must have been directed by a medical officer or medical professional for the individual after diagnosis of an injury as indicated in paragraphs 2-8l(1) and (2).

(4) The following nonexclusive list provides examples of medical treatment for concussion that do not meet the standard of treatment necessary for award of the PH:

(a) Limitation of duty following the incident (for example, limited duty, quarters, and so forth).

(b) Pain medication (such as acetaminophen, aspirin, ibuprofen, and so forth) to treat injury, such as headache.

m. Additional guidance.

(1) Award of the PH may be made for wounds (including mild traumatic brain injuries and concussive injuries)

treated by a medical professional other than a medical officer, provided a medical officer includes a statement in the Soldier's medical record that the extent of the wounds was such that they would have required treatment by a medical officer, if one had been available to treat them.

(2) A medical professional is defined as a civilian physician or a physician extender. Physician extenders include nurse practitioners, physician assistants, and other medical professionals qualified to provide independent treatment (to include SF medics). Medics (such as combat medics - MOS 68W) are not physician extenders.

(3) A medical officer is defined as a physician with officer rank. The following are medical officers:

(a) An officer of the medical corps of the Army.

(b) An officer of the medical corps of the USN.

(c) An officer in the USAF designated as a medical officer in accordance with 10 USC 101.

(4) All ACOM, ASCC, and DRU commanders will provide a monthly awards report of all concussion-related PH recommendations in spreadsheet format only to HRC. Subordinate commands will submit their PH roll-up to parent organizations to include the ARNG submitting to the National Guard Bureau. Those units that are not covered by the criteria mentioned above will forward their list directly to HRC, ADB. Sample spreadsheet format is located on the HRC ADB Web site at <https://www.hrc.army.mil/site/active/tagd/awards/purpleheart/samplepurpleheartxlsx.xlsx>.

n. Reconsideration authority.

(1) On request from the Soldier or veteran, Army officials will conduct a one-time reconsideration of requests for previously denied PHs relating to concussion injuries.

(2) Authority to reconsider PH recommendations for deployed Soldiers who were wounded on their current deployment rests with the first CG or deputy commanding general (DCG) in the chain of command in accordance with the applicable delegation of awards approval authority approved by the ASA (M&RA).

(3) Awards of the PH for injuries incurred in a previous deployment must be processed through the Soldier's current chain of command to the Commander, HRC. Additionally, requests that are not processed in the combat theater must be processed through the current chain of command to the Commander, HRC.

(4) The first general officer (BG/O-7) in the chain of command of the Soldier recommended for award of the PH for injuries received during a previous deployment may disapprove the recommendation.

(5) Commanders, unit adjutants (S1s), staff personnel officers and command surgeons, will employ a joint effort to ensure this clarified guidance is consistently and uniformly applied within their units.

o. The following rules apply for processing award of the PH:

(1) The statutory time limits pertaining to award of military decorations does not apply to the PH. The PH may be awarded at any time after submission of documented proof that criteria have been met.

(2) Approved awards of the PH require the publication of POs (see AR 600-8-105) citing each recipient. A DA Form 4980-10 (Purple Heart Medal Certificate) will include the following information: recipient's name and grade, date wounded in action, and date certificate is signed. All PH Medal Certificates will bear the signature and signature block of the SECARMY on the right side. During wartime, the signature and signature block of the commander authorized to award the PH will be on the left side. All other PHs awarded will bear the signature and signature block of The Adjutant General of the Army.

(3) Each approved award of the PH must exhibit all of the following factors:

(a) Wound, injury, or death must have been the result of enemy or hostile act, international terrorist attack, or friendly fire (as defined in para 2-8b(8)).

(b) The wound or injury must have required treatment by medical officials.

(c) The records of medical treatment must have been made a matter of official Army records as described in paragraph 2-8m.

(4) Recommendations for award of the PH based on alleged international terrorist attacks must be accompanied by a written evaluation from the ACOM, ASCC, or DRU security and intelligence staff officer indicating that international terrorist activity was involved. Should any enclosures be classified, the prescribed security measures will be followed. This requirement is in addition to the other eligibility criteria. HRC, ADB will confirm the international terrorist report with the DCS, G-2 prior to forwarding the PH recommendations to the SECARMY for final decision.

p. The Defense of Freedom Medal, established on 4 October 2001, is the civilian equivalent to the PH awarded to U.S. military personnel. Refer to AR 672-20 for criteria and requirements for the Defense of Freedom Medal.

Section III

Department of Defense Service Medals and Ribbons

2-9. Prisoner of War Medal

a. The criteria for award of the POW Medal is codified in 10 USC 1128. It is authorized for any person who, while serving in any capacity with the U.S. Armed Forces, was taken prisoner and held captive after 5 April 1917.

b. The POW Medal is to be issued only to those U.S. military personnel and other personnel granted creditable U.S. military service, who were taken prisoner and held captive—

- (1) While engaged in an action against an enemy of the United States.
- (2) While engaged in military operations involving conflict with an opposing foreign force.
- (3) While serving with friendly forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

c. The POW Medal may be awarded to any person who, while serving in any capacity with the U.S. Armed Forces, who was held captive under circumstances not covered by paragraph 2-9b but which the SECARMY finds were comparable to those circumstances under which persons have generally been held captive by enemy armed forces during periods of armed conflict. Award of the POW Medal under comparable conditions provisions is the exception and not the rule. Authority to award the POW Medal under this provision may not be delegated below the SECARMY.

d. U.S. and foreign civilians who have been credited with U.S. military service which encompasses the period of captivity are also eligible for the medal. The Secretary of Defense authorized on 27 January 1990, the POW Medal for the Philippine Commonwealth Army and recognized Guerrilla Unit Veterans who were held captive between 7 December 1941 and 26 September 1945.

e. The POW Medal will be issued only to foreign military and civilian personnel who, while serving in any capacity with the U.S. Armed Forces, meet the eligibility criteria contained in paragraph 2-9b. While no minimum time period of captivity exists as eligibility criteria for the POW Medal, the Services should determine each case on its own merit.

f. For purposes of this medal, past armed conflicts are defined as World War I, World War II, Korean War, Vietnam Conflict, Grenada, Panama, Southwest Asia (SWA) Conflict, Somalia, and Iraq. Hostages of terrorists and persons detained by governments with which the United States is not engaged actively in armed conflict are not eligible for the medal. For the procedures to award the POW Medal for Afghanistan and Iraq see paragraph 2-9l.

g. Any person convicted of misconduct or a criminal charge by a U.S. military tribunal, or who receives a less than honorable discharge based upon actions while a POW, or whose conduct was not in accord with the Code of Conduct,

and whose actions are documented by U.S. military records is ineligible for the medal. The SECARMY is the authority for deciding eligibility in such cases. Cases involving questionable character of service or misconduct during captivity will be processed through the receiving command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408 for coordination with the Repatriation and Family Affairs Division and final decision by the SECARMY.

h. No more than one POW Medal will be awarded. For subsequent award of the medal, service stars will be awarded and worn on the suspension and service ribbon of the medal. A period of captivity terminates on return to U.S. military control. Escapees who do not return to U.S. military control and are recaptured by an enemy do not begin a new period of captivity for subsequent award of the POW Medal (see para 6-8 for further information on the bronze service star).

i. The POW Medal may be awarded posthumously.

j. The primary next of kin of eligible POWs who die in captivity may be issued the POW Medal regardless of the length of stay in captivity.

k. Personnel officially classified as missing in action are not eligible for award of the POW Medal. The POW Medal will only be awarded when the individual's POW status has been officially confirmed and recognized as such by DA. Likewise, the return of remains, in and of itself, does not constitute evidence of confirmed POW status.

l. The following rules apply for processing award of the POW Medal:

(1) *Active military personnel.* Award of the POW Medal to military personnel on active duty in an active war will be processed by Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

(2) *Veterans, retirees and their primary next of kin.* All requests for award of the POW Medal for past armed conflicts will be initiated by former POWs, or their primary next of kin, using a personal letter. The following documents, as applicable, will be submitted with POW Medal applications to assist in validating the award: Army separation documents; casualty reports; messages, letters, or telegrams sent home; unit journals; diaries; sworn eyewitness statements or affidavits; photos, identification card, or other documents taken or obtained while in captivity; news clippings and other evidence in support of the request. Applications or personal letters will be forwarded to National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002. Soldiers who retired or were discharged after 1 October 2002 and the next of kin of Soldiers who died after 1 October 2002 will send their requests to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

(3) *Time limits.* Statutory and regulatory time limits pertaining to award of the POW Medal do not apply. Award of the POW Medal may be made at any time after submission of documented evidence that all criteria have been met.

(4) *The Prisoner of War Medal.* This medal is classified as a personal service medal; as such, no orders are issued to announce its approval.

m. The steps for processing award of the POW Medal to Active Army Soldiers during actual wartime and their primary next of kin are in table 2-2.

2-11. Antarctica Service Medal

a. The Antarctica Service Medal was established by PL 86-600 (DA Bulletin 3, 1960).

b. The Antarctica Service Medal is awarded to any person who, after 2 January 1946 and before a date to be announced, meets any of the following qualifications:

(1) Any Servicemember of the Armed Forces of the United States or civilian citizen, national, or resident alien of the United States who is a member of a direct support or exploratory operation in Antarctica.

(2) Any Servicemember of the Armed Forces of the United States or civilian citizen, national, or resident alien of the United States who participates in or has participated in a foreign Antarctic expedition in Antarctica in coordination with a United States expedition and who is or was under the sponsorship and approval of competent U.S. Government authority.

e. Subsequent to 1 June 1973, minimum time limits for the award are 30 days under competent orders to duty at sea or ashore, south of latitude 60 degrees south. Each day of duty under competent orders at any outlying station on the Antarctic continent will count as 2 days when determining award eligibility. Effective 1 July 1987, flight crews of aircraft providing logistics support from outside the Antarctic area may qualify for the award after 15 missions (one flight in and out during any 24-hour period equals one mission). Days need not be consecutive.

f. No person is authorized to receive more than one award of the Antarctica Service Medal. No more than one clasp or disc will be worn on the ribbon. Antarctica is defined as the area south of latitude 60 degrees south. The Antarctica Service Medal takes precedence immediately after the KSM.

2–12. Armed Forces Expeditionary Medal

a. The AFEM was established by EO 10977, dated 4 December 1961, as amended by EO 10977, 3 May 2000, and may be awarded to Servicemembers of the Armed Forces of the United States who, after 1 July 1958—

(1) Participate, or have participated, as members of the U.S. military units in a U.S. military operation in which Servicemembers of any military department participate, in the opinion of the Joint Chiefs of Staff, in significant numbers.

(2) Encounter during such participation foreign-armed opposition, or are otherwise placed, or have been placed, in such position that, in the opinion of the Joint Chiefs of Staff, hostile action by foreign armed forces were imminent even though it did not materialize.

b. The AFEM may be authorized for the following three categories of operations:

(1) U.S. military operations.

(2) U.S. operations in direct support of the United Nations (UN).

(3) U.S. operations of assistance for friendly foreign nations.

c. Servicemembers must be bona fide members of a unit participating in or be engaged in the direct support of the operation for 30 consecutive days in the area of operations (or for the full period when an operation is less than 30 days duration) or for 60 nonconsecutive days provided this support involved entering the area of operations or and meets one or more of the following criteria:

(1) Be engaged in actual combat, or duty, which is equally as hazardous as combat duty, during the operation with armed opposition, regardless of time in the area.

(2) Is wounded or injured and requires medical evacuation from the area of eligibility while participating in the operation, regardless of time.

(3) Accumulates required days service (consecutive or nonconsecutive) while participating as a regularly assigned air crewmember of an aircraft flying sorties into, out of, within, or over the area in direct support of the military operation. One day's service is credited for the first sortie flown on any day. Additional sorties flown on the same day receive no further credit.

d. The AFEM will be awarded only for operations for which no other U.S. campaign medal is approved. However, this does not prevent award eligibility for subsequent ongoing operations if the associated campaign medal has been terminated. No individual will be eligible for both the AFEM and a campaign medal awarded during a single tour in the designated operation. For operations in which personnel of only one military Service participate, the medal will be awarded only if there is no other suitable award available to that Service. The military service of the Servicemember on whom qualification for the award of the AFEM is based will have been honorable.

e. Servicemembers who earned the AFEM for service in Vietnam between 1 July 1958 and 3 July 1965 may elect to receive the VSM instead of the AFEM. However, no Servicemember may be issued both medals for service in Vietnam.

f. Servicemembers who earned the SWASM and subsequently became eligible, at any time, for the AFEM for Operation SOUTHERN WATCH may wear both awards, with the exception of those who became eligible for both awards during one tour in SWA. Servicemembers who become eligible for both awards during their initial tour in SWA may elect to receive either the SWASM or the AFEM, but may not be issued both medals for a single tour in SWA. Servicemembers who become eligible for both awards during their initial tour in SWA and elect to receive the SWASM may be awarded the AFEM for participation in Operation SOUTHERN WATCH during a subsequent tour in SWA under the Under Secretary of Defense for Personnel Readiness Memorandum, dated 7 February 1996.

g. Servicemembers who earned the AFEM for Operation FREQUENT WIND, between 29 and 30 April 1975, may elect to receive the VSM instead of the AFEM. No Servicemember may be issued both medals for service in Vietnam.

h. After 1 July 1958, the Joint Chiefs of Staff will designate U.S. military operations that qualify for the AFEM, and they will specify the degree of participation in designated operations warranting award of the medal.

i. No more than one medal will be awarded to any one Servicemember. For each succeeding operation, conducted in a different theater of operations or against a different enemy or armed force, justifying a subsequent award, a bronze service star is worn on the suspension and service ribbon of the medal (see para 6–8 for further information on the bronze service star).

j. The AFEM may be awarded posthumously.

k. Definitions of “area of operation” and “direct support” are in the glossary.

l. The AFEM is worn immediately after the Antarctica Service Medal.

m. The designated U.S. military operations, areas, and dates are provided in table 2–3, U.S. military operations in direct support of the UN operations are provided in table 2–4, and U.S. military operations of assistance to a friendly foreign nation are provided in table 2–5.

i. The following rules apply to the GWOTEM:

(1) The GWOTEM may be awarded posthumously.

(2) Servicemembers may be awarded both the GWOTEM and the GWOTSM if they meet the criteria for both awards; however, the qualifying service used to establish eligibility for one award cannot be used to justify eligibility for the other award.

(3) The GWOTEM will be worn before the GWOTSM and both will directly follow the KCM (that is, KCM, GWOTEM, GWOTSM, KDSM, and so forth).

j. Only one award of the GWOTEM may be authorized to any individual; therefore, second or subsequent awards will not be awarded.

It is authorized for award to Servicemembers of the Armed Forces of the United States who have served on active duty in support of the defense of the Republic of Korea. The area of eligibility and period of eligibility are as follows:

(1) The area of eligibility encompasses all land area of the Republic of Korea, and the contiguous water out to 12 nautical miles, and all airspaces above the land and water areas.

(2) The period of eligibility is 28 July 1954 to a date to be determined by the Secretary of Defense.

b. *Criteria.* Servicemembers must have been assigned, attached, or mobilized to units operating in the area of eligibility for 30 consecutive or for 60 nonconsecutive days, or meet the following criteria:

(1) Be engaged in combat during an armed engagement, regardless of the time in the area of eligibility.

(2) Wounded or injured in the line of duty and requires medical evacuation from the area of eligibility.

(3) While participating as a regularly assigned air crewmember flying sorties into, out of, within, or over the area of eligibility in direct support of military operations. Each day that one or more sorties are flown in accordance with these criteria will count as 1 day toward the 30- or 60-day requirement.

(4) Personnel who serve in operations and exercises conducted in the area of eligibility are considered eligible for the award as long as the basic time criteria is met. Due to the extensive time period for KDSM eligibility, the nonconsecutive service period for eligibility remains cumulative throughout the entire period.

c. *Special provisions.* Servicemembers qualified for the AFEM by reasons of service between 1 October 1966 and 30 June 1974, in an area for which the KDSM was authorized subsequently, are eligible for both the AFEM and the KDSM. Award of the KDSM for this time period is a one-time exception to policy to comply with section 543, National Defense Authorization Act, 2003, PL 107–314.

d. *General.*

(1) The OSR is authorized to be awarded with the KDSM.

(2) The KDSM may be awarded posthumously to any Soldier who lost his or her life without regard to length of such service.

(3) Only one award of the KDSM is authorized for any individual.

(4) The KDSM will be worn after the GWOTSM and will be followed by the AFSM (that is, GWOTSM, KDSM, and AFSM).

2–21. Armed Forces Service Medal

a. The AFSM was established by EO 12985, 11 January 1996, as amended by EO 13286, 28 February 2003. It is awarded to Servicemembers of the Armed Forces of the United States who, after 1 June 1992, meet the following criteria:

(1) Participate or have participated, as Servicemembers of U.S. military units, in a U.S. military operation that is deemed to be a significant activity.

(2) Encounter no foreign-armed opposition or imminent threat of hostile action.

b. The AFSM may be authorized for significant U.S. military activities for which no other U.S. campaign or service medal is appropriate, such as:

(1) Peacekeeping operations.

(2) Prolonged humanitarian operations.

c. The AFSM may be awarded for U.S. military operations in direct support of the UN or North Atlantic Treaty Organization (NATO), and for operations of assistance to friendly foreign nations.

d. Servicemembers must be bona fide members of a unit participating in or engaged in direct support of the operation for 30 consecutive days in the area of operations (or for the full period when an operation is less than 30 days duration) or for 60 consecutive days provided this support involves entering the area of operations or meet the following criteria:

(1) While participating as a regularly assigned air crewmember, accumulates 15 days service (consecutive and/or nonconsecutive) flying sorties into, out of, within, or over the area in direct support of military operations.

(2) One day's service is credited for the first sortie flown on any day. Additional sorties flown on the same day receive no further credit.

e. The AFSM provides recognition to participants who deploy to the designated area of eligibility for the qualifying operation. Outstanding or meritorious performance of nondeployed or remotely located support units and individuals is not justification for award of the AFSM. Such performance may be recognized by appropriate unit and/or individual decorations.

f. Because the AFSM may be awarded for a prolonged humanitarian operation, distinction between the AFSM and the HSM must be maintained. The following rules apply:

(1) The HSM is an individual U.S. service medal, presented to individuals who are physically present at the site of immediate relief and who directly contribute to and influence the humanitarian action. The HSM is only awarded for service during the identified "period of immediate relief"; eligibility for the HSM terminates once (if) the humanitarian action evolves into an "established ongoing operation beyond the initial emergency condition."

(2) The AFSM is a theater award, authorized for presentation to all participants who meet the eligibility requirements established for a designated operation.

(3) For operations in which all deployed participants are awarded the HSM and for which the "period of immediate relief" coincides with the duration of significant deployed operations, award of the AFSM is not authorized.

(4) Humanitarian operations for which some (or all) participants are awarded the HSM, which continue beyond the "period of immediate relief," may be recognized by award of the AFSM. The AFSM may be awarded for the entire period of the operation; individuals awarded the HSM for direct participation during the "period of immediate relief" are also eligible for the AFSM, if awarded.

g. The following limitations apply when determining whether the AFSM should be awarded for a particular mission or operation or when determining eligibility for award to an individual:

(1) The AFSM will be awarded only for operations for which no other U.S. campaign or service medal is approved.

(2) For operations in which personnel for only one Service participate, the AFSM will be awarded only if there is no other suitable award available to that Service.

(3) The military Service of the individual on which qualification for the award of the AFSM is based will have been honorable.

(4) Award of the AFSM is not authorized for participation in national or international exercises.

(5) The AFSM will not be awarded for NATO or UN operations not involving significant, concurrent U.S. military support operations.

h. The Chairman of the Joint Chiefs of Staff will designate U.S. military operations on or after 1 June 1992 that qualify for the AFSM.

i. No more than one medal will be awarded to any one Servicemember. One bronze service star is worn to denote second and subsequent awards of the AFSM. To be eligible for additional awards, service must be rendered in more than one designated area and period of service. No two awards will be made for service in the same designated area (see para 6–8 for further information on the bronze service star).

j. The AFSM will take precedence immediately after the SWASM.

k. The AFSM may be awarded posthumously to eligible Soldier's primary next of kin.

l. See AR 672–20 for the Armed Forces Civilian Service Medal.

m. Definitions of "significant activity," "area of eligibility," and "direct support" are provided in the glossary.

n. Designated U.S. military operations approved for award of the AFSM are provided in table 2–6.

It includes duty on the active duty list, full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a Service school by law or by the SECARMY. Such term does not include full-time National Guard duty per 10 USC 101(22) (see para 2–22f(5)).

(2) No Servicemember will be entitled to more than one award of the HSM for participation in the same military act or operation of a humanitarian nature.

(3) A service star will be worn to denote direct participation in second or subsequent humanitarian acts or operations (see para 6–8 for further information on the bronze service star).

(4) The Civilian Award for Humanitarian Service is prescribed in AR 672–20.

(5) The HSM is categorized as a service medal and, as such, no orders are issued to announce its approval.

(6) Retroactive award of the HSM to Active Army Soldiers will be based on an administrative decision of the servicing personnel officer. However, the burden of proof rests with each potentially eligible Soldier to furnish appropriate source documents, per paragraphs 2–22d(3)(a) through (e) to his or her personnel officer.

(7) Approved HSM will be posted to DA Form 4037 for officers and on the ERB for enlisted Soldiers.

(4) The HSM may not be awarded for services rendered in domestic disturbances involving law enforcement, equal rights demonstrations, or protection of properties.

(5) The HSM is not the appropriate award to recognize humanitarian operations performed solely by Servicemembers on 32 USC orders under the authority of a State governor. In these instances, the appropriate level of recognition is provided by the applicable State governor.

Such authority will not be delegated below the command level of COL/O-6 or civilian equivalent.

Chapter 3

U.S. Army Individual Decorations

Section I

Overview

3-1. Intent

a. U.S. Army military decorations are awarded in recognition of heroism, meritorious achievement, or meritorious service.

b. In peacetime, U.S. Army military decorations recognize achievements, which have significantly contributed to the readiness or effectiveness of a unit or organization, or have made notable contributions to the morale or esprit de corps of units or organizations. Exceptional command or leadership of a crew, team, section, squad, or similar unit may be considered meritorious achievement or service. Recommendations for awards must be based on specific achievement.

c. The decision to award an individual a decoration and the decision as to which award is appropriate are both subjective decisions made by the commander having award approval authority. Awards for meritorious achievement or service will not be based upon the grade of the intended recipient. Rather, the award should reflect both the individual's level of responsibility and his or her manner of performance. The degree to which an individual's achievement or service enhanced the readiness or effectiveness of his or her organization will be the leading factor.

d. No individual is automatically entitled to an award upon departure from an assignment. Awards presented in conjunction with a PCS will be limited to exceptional cases. Certificates of achievement and letters of commendation or appreciation are appropriate means to recognize departing personnel.

e. No preconditions for an award may be established, such as, for example, when Soldiers are informed in advance that attainment of specific goals will result in the automatic award of a given decoration. Military decorations will not be used as prizes in contests.

f. Limiting awards to a specific number per unit is not authorized.

Notes:

¹ The MOH is awarded only to members of the Armed Forces of the United States.

² Under limited circumstances. Recommendations will be forwarded to HRC (AHRC–PDP–A) for processing.

³ Awarded to foreign military personnel in one of four degrees (see para 1–38 and table 1–3 for approval authority).

⁴ Awarded for peacetime when no formal war has been declared but the United States is engaged in military operations against an armed enemy.

⁵ Awarded to military personnel wounded by terrorists or while members of a peacekeeping force.

⁶ Awarded as an exception to policy as noted in paragraphs 3–15c and 3–18d.

⁷ Awarded with a bronze “V” device for valor in combat.

⁸ Approval authority is the SECARMY.

⁹ Not awarded to general officers.

3–3. Personnel eligible

Decorations are awarded primarily to military personnel for services performed while in active Federal military service. However, established criteria for some decorations authorize awards to personnel in other categories. The following additional instructions apply:

a. The SECARMY may award specific decorations to members of the RCs of the Army not in active Federal service. Award recognition is to recognize exceptionally meritorious service or singular acts of heroism or achievement directly related to performance of duty as a member of such RCs. The SECARMY may also, at his or her discretion,

award an appropriate decoration during occasional periods of active military service. To qualify, these acts, achievements, or services must not be related directly to membership in the RC. They must clearly be of significant benefit to the mission accomplishment of the Army.

b. Specific decorations may be awarded to U.S. citizen civilian personnel who are determined to be "serving with" the U.S. Army in a combat zone (see table 3-1).

c. Specific decorations may be awarded to foreign personnel for acts or services deemed to be beneficial to the U.S. Government (see para 1-38).

d. Award of medals may be made posthumously.

3-4. Who may recommend

a. The recommending official must have been senior in grade or have first-hand personal knowledge of the event, at the time of the action(s) or service, to the individual being recommended for an award. Additionally, the recommending official must have knowledge of all of the action(s) or service cited. That is, the recommending official must have either observed the actions or been provided information by an individual who observed the actions.

b. Recommending officials who did not personally witness the action must have been associated, by virtue of their position in the command, with the incident and/or the individual being recommended for the award. If the recommending official is not the commanding officer, the commander, if available, must endorse the recommendation. If it is no longer possible to route the recommendation through the commander (for example, the commander is deceased), a signed statement to the effect must be included. In this case, another officer who has knowledge of the action(s), and who was senior in the chain of command of the individual being recommended during the period for which recognition is desired, may endorse the recommendation.

c. The Army does not allow self-recognition (including spouses or other family members), therefore, a Soldier may not recommend himself or herself for award of a decoration. Recommendations for the award of Army decorations to members of another Service branch will be submitted by Army personnel only.

3-5. Peacetime award approval authority

a. Awards for peacetime service are made by the President, the Secretary of Defense, and the SECARMY. When peacetime criteria apply, authority to award decorations is automatically delegated as shown in table 3-2.

b. Approval authorities must be in command or serving as head of a principal HQDA agency. Authority is extended to include those individuals occupying vacant command positions of approval authorities listed in table 3-2, regardless of grade. For example, a LTC/O-5 assigned on orders as a brigade commander (an authorized COL/O-6 position) is authorized to act on recommendations for award of the ARCOM. This authority may not be delegated to subordinate officials (that is, executive officer, chief of staff, deputy commander, and so forth). In instances where the incumbent commander is not available to act on recommendations (for example, hospitalization, extended TDY, or leave) the acting commander, regardless of rank, may take final action provided their assumption of command has been officially documented. In such cases, the acting commander will sign documents using the title "Acting Commander." A copy of the assumption of command orders will be filed with the DA Form 638. Rear detachment commanders are not authorized awards approval authority if the command is deployed forward. In this situation award recommendations will be forwarded to the next higher command awards approval authority.

c. All CGs may delegate peacetime awards approval authority to their DCGs commensurate with the DCG's rank. DCGs are further defined as an Army officer in the grade of BG/O-7 (including COL/O-6 promotable (P) in a general officer billet) and above.

d. The delegation of military awards approval authority to certain senior civilian leaders is governed by DA Memo 600-8-22 from the AASA.

e. Commanders having authority to approve an award may delegate disapproval authority (to include downgrade) to their immediate subordinate commanders, provided those subordinate commanders have authority to approve the next lower award. This delegation must be in writing and will be accomplished with each change of command. Commanders (ACOMs, ASCCs, DRUs) reporting directly to HQ, HRC for awards approval purposes, and officials reporting directly to a principal HQDA agency are delegated disapproval authority for current recommendations for award of the DFC, SM, and AM. Such commanders and HQDA officials may also disapprove service and other achievement award recommendations, provided they have authority to approve the next lower award. This disapproval authority includes awards for non-Army personnel.

f. The CSA and Vice CSA have authority to disapprove all recommendations of the DSM. In addition, four-star Army commanders have authority to disapprove or downgrade all recommendations of the DSM (to include general officers). Commanders and HQDA principal officials may recommend disapproval of a recommendation for the DSM (to include general officer).

g. Awards approval authority applies equally to Army element commanders in joint, unified, and combined commands in accordance with the grade of the Army element commander and applies only within the headquarters concerned for approval of Army awards to Army personnel assigned to that headquarters. If an individual is recommended for an award higher than the Army element commander may approve, the recommendation will be processed

through joint command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, or to an intermediate joint headquarters in which the senior U.S. commander is a U.S. Army general officer with the requisite approval authority for final action. In those cases where the Army element commander is not the senior U.S. commander in the headquarters, concurrence of that senior commander, regardless of branch of Armed Forces, will be obtained prior to approval of the award. Army awards approval authority does not apply within the Office of Secretary of Defense or the Organization of the Joint Chiefs of Staff but does include Defense Organization of the Joint Chiefs of Staff activities. Where an Army element commander has not been formally designated, the senior Army general officer within the headquarters will exercise awards approval authority commensurate with his or her grade.

h. All ACOM, ASCC, and DRU commanders and CONUS armies, with awards approval authority, are authorized to award applicable decorations to unit and nonunit RC personnel under their command in accordance with the authorized grade of the commanders concerned. For individual mobilization augmentation or nonunit Reserve personnel attached to USAR or Active Army units for ADT, active duty for operational support, inactive duty training, or in Active Guard Reserve (AGR) status, whose records are maintained by HRC, the unit of attachment will obtain concurrence from Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, and information concerning any previous awards, proper oak leaf cluster, period of award, derogatory information, flagging action and/or other applicable information from personnel files. A copy of the PO granting the award will be provided the Commander, HRC (AHRC-PDP-A), for inclusion in the individual's AMHRR.

i. Army State Adjutants General and commanders of ARNG and USAR commands may award applicable decorations to personnel under their command, including Active Army and full-time AGR personnel performing full-time duty under their command. All ARNG awards above the approval authority of the Army State Adjutant General will be forwarded to the Director, ARNG.

j. The SECARMY has delegated awards approval authority to the military and civilian program, project, and product managers and program executive officers assigned to the Assistant Secretary of the Army for Acquisition, Logistics, and Technology (ASA (ALT)); and the military product managers assigned to the U.S. Army Materiel Command. The approval authorities are outlined in table 3-3.

3-6. Wartime conditions award approval authority

a. The MOH is awarded only by the President of the United States. Other decorations are awarded by the President, the Secretary of Defense, and the SECARMY. When wartime conditions erupt, authority to further delegate decorations approval authority will be requested from the SECARMY or his or her designee. Initial delegation will be requested consistent with the award approval authority outlined in table 3-4. Initial delegation authority is not absolute, but is provided for contingency planning purposes only. Award authority is gradually increased as the length and intensity of conflict increases, and the number of Soldiers committed to the combat theater increases.

b. When authorized by the SECARMY or his or her designee, CGs may delegate wartime awards approval authority to their DCGs commensurate with the DCG's rank. DCGs are defined as Army officers in the grade of BG/O-7 (including COL/O-6 (P) in a general officer billet) and above.

c. Combat and wartime conditions present opportunities and events which lead to award of decorations, service medals, and badges to Soldiers. Most of these awards and decorations are inactive until the commencement of hostilities. The immediate requirement by commanders to recognize deserving personnel generates heavy administrative requirements throughout all echelons.

(1) To help meet the demand and to expedite recognition of combat deeds, delegation of wartime awards approval authority commences and is delegated to Army commanders based on level of command (see table 3-4).

(2) As larger elements or armies are committed, authority to approve higher level awards is granted based on the seniority level of Army commanders and their command.

(3) Delegated awards authority creates the requirement for additional reporting of approved awards.

(4) Special reporting and tracking procedures will be necessary for all MOH recommendations.

d. Commands are required to notify HRC, ADB when there is a known change of leadership that will affect the wartime awards delegation (preferably a minimum of 90 days prior to the change).

Notes:

¹ See paragraph 1–37 for instructions on awards to Servicemembers of other U.S. Services and paragraph 1–38 for awards to members of Allied Forces.

² The SAC, upon arrival in the theater of operations or as soon thereafter as practical, will submit a memorandum to Commander, U.S. Army Human Resources Command (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408, requesting wartime awards approval authority be activated.

³ Authority to approve award of the ARCOM under wartime criteria may be delegated to COL/O–6-level commanders.

⁴ Effective 24 June 2008, RMC commanders may award the PH and CAB only to casualties received from a combat theater.

3–7. Stability operations

a. *Overview.* Army policy is to appropriately recognize the meritorious service, achievements, and valorous and heroic acts of personnel and units performed when they are participating in stability operations. Stability operations is defined as an overarching term encompassing various military missions, tasks, and activities conducted outside the United States in coordination with other instruments of national power to maintain or reestablish a safe and secure environment, provide essential governmental services, emergency infrastructure reconstruction, and humanitarian relief. Determining the appropriate awards to recognize service members for participation in stability operations is extremely difficult because these operations include, but are not limited to, arms control, combating terrorism, national assistance,

noncombatant evacuations operations, peace operations, humanitarian service, insurgency support operation, counterdrug operations, riot control, and civil support operations. Additionally, stability operations are often conducted jointly with other Services and/or international or multinational organizations (for example, NATO, the UN). Often, even if a stability operation involves armed conflict, the operation is not explicitly referred to as a “combat” operation. Accordingly, it is difficult for commanders to determine if valor awards (for example, the MOH, DSC, SS, Bronze Star with “V” device, PUC, VUA, and so forth) may be used to recognize participation in a specific stability operation.

b. Evaluation of award criteria. Award recommendations for stability operation must be evaluated on a case-by-case basis to determine if award criteria in chapter 3, section II are met. However, as a general rule, valorous unit and personal awards may be awarded only for specific actions while engaged in action against an enemy of the United States, while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly foreign forces engaged in armed conflict against an opposing armed force in which the United States is not a belligerent party. If the litmus test for a valorous award is met, then it is likely that the BSM without “V” device is appropriate to recognize meritorious service in conjunction with that specific stability operation. However, caution must be exercised because a stability operation may begin with armed conflict that meets valor award criteria, but then changes into an operation without armed conflict, for which valor awards are not appropriate.

c. Rules for processing awards under stability operations. Award recommendations submitted under stability operations conditions will be authenticated and verified via endorsement by the requesting commander. The nominating official should provide specific evidence, official documents of the operations, and identify the specific action for which the award is considered. Commanders will verify that award recommendations meet the criteria for each award in accordance with chapter 3, section II and other policies published by higher headquarters for that specific operation or contingency. Recommendations from the theater of operations will be submitted from the task force commander or theater commander through the commander of the operations to the Commander, U.S. Army Human Resources Command (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408. HQDA will approve all recommendations unless the Secretary of the Army delegates award approval authority to the operational commander.

(1) Recommendations will be submitted from the recommender with appropriate endorsement (brigade, division, or corps commander) to the operational commander. The operational commander will process all recommendations through the peacetime G–1/S1 with all supporting documents to the Commander, HRC.

(2) Extracts or full copies of the deployment directives, task force organization, and operations orders will be used to substantiate the events for the award and must accompany each recommendation. Documents that are marked for official use only or classified will be submitted through appropriate channels with prior coordination with the Awards and Decorations Branch (AHRC–PDP–A).

d. Award of the Purple Heart for stability operations. The PH may be awarded to individuals who are wounded as the direct result of enemy action and will continue to be processed by the Commander, HRC (AHRC–PDP–A). HQDA will approve all recommendations unless the Secretary of the Army delegates award approval authority to the operational commander. Commanders are required to submit detailed information about the operations, threat or hostile force, and armed force or struggle that resulted in the casualty or injury. For command and unit awareness, information on factions, hostile forces, or threat may be in the form of the following and must be included in the “enemy or threat annex” of the operational order or operational plan:

(1) *Threat of terrorism.* Submit the documents that specify the terrorists and their activities causing threat of the operation.

(2) *Threat from foreign intelligence.* Provide evidence that details the threat from the foreign intelligence operatives.

e. Rules for requesting delegation of awards authority. Commanders may continue to authorize awards they have approval authority for in accordance with peacetime criteria in table 3–5. In the event that hostilities erupt, authority to delegate awards approval authority will be requested from the Secretary of the Army as follows:

(1) The SAC will submit a request through the Commander, HRC (AHRC–PDP–A). Initial delegation will be requested consistent with the award approval authority outlined in chapter 3, table 3–4.

(2) When supporting a Joint task force, the Joint Staff will provide policy on all awards to be issued to the force. The Army will provide input as appropriate.

(3) Awards for personnel of other Services will be processed in accordance with paragraph 1–37.

f. Awards to foreign military personnel. Foreign military personnel may be recommended for an award, provided that the Secretary of the Army or designee has granted an approved delegation. See paragraph 1–38.

g. Campaign and service medals. Campaign and service medals, such as the AFEM or AFSM, may be requested in accordance with existing regulations. Commanders will justify their request by submitting complete documents, as required in paragraph 3–7c. Other medals or decorations may be authorized by the Chairman of the Joint Chief of Staff. The office of the Joint Chief of Staff will coordinate with the Army on awards initiated by their headquarters.

h. Unit awards. Unit awards during stability operations are considered on a case-by-case basis. Commanders have four unit awards to consider: PUC, VUA, MUC, and Army Superior Unit Award (ASUA). See chapter 7 for criteria and submission requirements.

Section II

U.S. Army Individual Decorations-Authority and Criteria

3-8. Medal of Honor

a. The MOH, 10 USC 3741, was established by Joint Resolution of Congress, 12 July 1862 (amended by Acts of 9 July 1918 and 25 July 1963).

b. The MOH is awarded by the President of the United States in the name of Congress to a person who, while a member of the Army, distinguishes himself or herself conspicuously by gallantry and intrepidity at the risk of his or her life above and beyond the call of duty while engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The deed performed must have been one of personal bravery or self-sacrifice so conspicuous as to clearly distinguish the individual above his or her comrades and must have involved risk of life. Incontestable proof of the performance of the service will be exacted and each recommendation for the award of this decoration will be considered on the standard of extraordinary merit.

3-9. Distinguished Service Cross

a. The DSC, 10 USC 3742, was established by Act of Congress, 9 July 1918 (amended by Act of 25 July 1963).

b. The DSC is awarded to a person who, while serving in any capacity with the Army, distinguished himself or herself by extraordinary heroism not justifying the award of a MOH; while engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing or foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The act or acts of heroism must have been so notable and have involved risk of life so extraordinary as to set the individual apart from their comrades.

3-10. Distinguished Service Medal

a. The DSM, 10 USC 3743, was established by Act of Congress 9 July 1918. The DSM is awarded to any person who, while serving in any capacity with the U.S. Army, has distinguished himself or herself by exceptionally meritorious service to the government in a duty of great responsibility. The performance must be such as to merit recognition for service that is clearly exceptional. Exceptional performance of normal duty will not alone justify an award of this decoration.

b. For service not related to actual war, the term "duty of great responsibility" applies to a narrower range of positions than in time of war and requires evidence of conspicuously significant achievement. However, justification of the award may accrue by virtue of exceptionally meritorious service in a succession of high positions of great importance.

c. Awards may be made to persons other than Servicemembers of the Armed Forces of the United States for wartime services only, and then only under exceptional circumstances with the express approval of the President in each case.

3-11. Silver Star

a. The SS, 10 USC 3746, was established by Act of Congress 9 July 1918 (amended by Act of 25 July 1963).

b. The SS is awarded to a person who, while serving in any capacity with the U.S. Army, is cited for gallantry in action against an enemy of the United States while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly foreign forces engaged in armed conflict against an opposing armed force in which the United States is not a belligerent party. The required gallantry, while of a lesser degree than that required for the DSC, must nevertheless have been performed with marked distinction.

c. Those individuals who, while serving in any capacity with the U.S. Army, received a citation for gallantry in action in World War I published in orders issued by a headquarters commanded by a general officer may convert the citation to the SS upon letter application to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

d. The SS is a valor award and will not be awarded for service.

3-12. Legion of Merit

a. The LM was established by Act of Congress 20 July 1942 (PL 671-77th Congress). EO 9260, 29 October 1942 prescribed the criteria for the award and was amended by EO 10600, 15 March 1955.

b. The LM is awarded to any Servicemember of the Armed Forces of the United States or a friendly foreign nation who has distinguished himself or herself by exceptionally meritorious conduct in the performance of outstanding services and achievements.

c. Criteria for members of the Armed Forces of the United States are as follows:

(1) The performance must have been such as to merit recognition of key individuals for service rendered in a clearly

exceptional manner. Performance of duties normal to the grade, branch, specialty, assignment, or experience of an individual is not an adequate basis for this award.

(2) For service not related to actual war, the term "key individuals" applies to a narrower range of positions than in time of war, which requires evidence of significant achievement. In peacetime, service should be in the nature of a special requirement or of an extremely difficult duty performed in an unprecedented and clearly exceptional manner. However, justification of the award may accrue by virtue of exceptionally meritorious service in a succession of important positions.

(3) Award will be made without reference to degree.

d. Criteria for members of Armed Forces of foreign nations are in paragraph 1–38.

3–13. Distinguished Flying Cross

a. The DFC, 10 USC 3749, was established by Act of Congress 2 July 1926.

b. The DFC is awarded to any person who, while serving in any capacity with the Army of the United States, distinguished himself or herself by heroism or extraordinary achievement while participating in aerial flight. The performance of the act of heroism must be evidenced by voluntary action above and beyond the call of duty. The extraordinary achievement must have resulted in an accomplishment so exceptional and outstanding as to clearly set the individual apart from his or her comrades or from other persons in similar circumstances. Awards will be made only to recognize single acts of heroism or extraordinary achievement and will not be made in recognition of sustained operational activities against an armed enemy.

3–14. Soldier's Medal

a. The SM was established by Act of Congress 2 July 1926, as amended by 10 USC 3750.

b. The SM is awarded to any person of the Armed Forces of the United States or of a friendly foreign nation who, while serving in any capacity with the Army of the United States, including RC Soldiers not serving in a duty status, as defined in 10 USC 101(d), at the time of the heroic act, who distinguished himself or herself by heroism not involving actual conflict with an enemy. The same degree of heroism is required as that of the award of the DFC. The performance must have involved personal hazard or danger and the voluntary risk of life under conditions not involving conflict with an armed enemy. Awards will not be made solely on the basis of having saved a life.

c. A SM recommendation that is downgraded will be approved as an ARCOM.

3–15. Bronze Star Medal

a. The BSM was established by EO 9419, 4 February 1944 (superseded by EO 11046, 24 August 1962, as amended by EO 13286, 28 February 2003 and PL 111–383, Section 571 of the 2011 National Defense Authorization Act).

b. The BSM is awarded to any person who, while serving in any capacity in or with the Armed Forces of the United States, or a friendly foreign nation, after 6 December 1941, distinguished himself or herself by heroic or meritorious achievement or service, not involving participation in aerial flight, in connection with military operations against an armed enemy; or while engaged in military operations involving conflict with an opposing armed force in which the United States is not a belligerent party. 10 USC 1133 limits award of the BSM to Servicemembers receiving imminent danger pay and members of a friendly military force who are serving in a geographic area in which special pay is authorized under 37 USC 310 or 37 USC 351(a) (1) and (3) or special pay under any of the following circumstances:

(1) While engaged in an action against an enemy of the United States.

(2) While engaged in military operations involving conflict with an opposing foreign force.

(3) While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

c. Awards may be made for acts of heroism, performed under circumstances described above, which are of lesser degree than required for the award of the SS.

d. When the BSM is awarded for heroism, a bronze letter "V" (for valor) is worn on the suspension and service ribbon of that medal.

e. A BSM recommendation that is downgraded will be approved as an ARCOM.

f. The BSM may be awarded for meritorious achievement or meritorious service according to the following:

(1) Awards may be made to recognize single acts of merit or meritorious service. The lesser degree than that required for the award of the LM must nevertheless have been meritorious and accomplished with distinction.

(2) Award may be made to each Servicemember of the Army who, after 6 December 1941, has been cited in orders or awarded a certificate for exemplary conduct in ground combat against an armed enemy between 7 December 1941 and 2 September 1945, inclusive, or whose meritorious achievement has been otherwise confirmed by documents executed prior to 1 July 1947. For this purpose, an award of the CIB or CMB is considered as a citation in orders. Award of the BSM from these documents will not negate the original award or the CIB or CMB. Documents executed since 4 August 1944 in connection with recommendations for the award of decorations of higher degree than the BSM will not be used as the basis for an award under this paragraph. Veterans and retirees may submit letter application to National Personnel Records Center (NPRC-MPR), 1 Archives Drive, St. Louis, MO 63138–1002. Soldiers who retired

or were discharged after 1 October 2002 and the primary next of kin of Soldiers who died after 1 October 2002 should send their letter application to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. The letter application should include documentary evidence, if possible.

(3) Upon letter application, award of the BSM may be made to eligible Soldiers who participated in the Philippine Islands Campaign between 7 December 1941 to 10 May 1942. Performance of duty must have been on the island of Luzon or the Harbor Defenses in Corregidor and Bataan. Only Soldiers who were assigned or attached to units that were awarded the Distinguished Unit Citation (redesignated as the PUC) may be awarded this decoration. Letter application should be sent to National Personnel Records Center (NPRC-MPR), 1 Archives Drive, St. Louis, MO 63138-1002.

3-16. Meritorious Service Medal

a. The MSM was established by EO 11448, 16 January 1969 as amended by EO 12312, 2 July 1981, as amended by EO 13286, 28 March 2003. It is awarded to any Servicemember of the Armed Forces of the United States or to any member of the armed forces of a friendly foreign nation who has distinguished himself or herself by outstanding meritorious achievement or service.

b. After 16 January 1969 but prior to 11 September 2001, the MSM is authorized to be awarded only for meritorious service or achievement while serving in a noncombat area.

c. Effective 11 September 2001 to a date to be determined, the DCS, G-1 granted an exception to policy to award the MSM in a combat theater for noncombat meritorious achievement and service for the Global War on Terrorism era. This exception does not authorize the MSM to be used as an upgrade or downgrade to or from a recommended BSM.

d. An MSM recommendation that is downgraded will be approved as an ARCOM.

3-17. Air Medal

a. The AM was established by EO 9158, 11 May 1942, as amended by EO 9242-A, 11 September 1942.

b. The AM is awarded to any person who, while serving in any capacity in or with the Armed Forces of the United States, who has distinguished himself or herself by meritorious achievement while participating in aerial flight. Awards may be made to recognize single acts of merit or heroism, or for meritorious service as described below:

(1) Awards may be made for acts of heroism in connection with military operations against an armed enemy or while engaged in military operations involving conflict with an opposing armed force in which the United States is not a belligerent party, which are of a lesser degree than required for award of the DFC.

(2) Awards may be made for a single act of meritorious achievement, involving superior airmanship, which are of a lesser degree than required for award of the DFC, but nevertheless were accomplished with distinction beyond that normally expected.

(3) Awards for meritorious service may be made for sustained distinction in the performance of duties involving regular and frequent participation in aerial flight for a period of at least 6 consecutive months (a month is considered 30 calendar days). In this regard, accumulation of a specified number of hours and missions will not serve as the basis for award of the AM. Criteria in paragraph 3-17b(1) concerning conditions of conflict are applicable to award of the AM for meritorious service.

c. Award of the AM is primarily intended to recognize those personnel who are on current crewmember or non-crewmember flying status which requires them to participate in aerial flight on a regular and frequent basis in the performance of their primary duties. However, it may also be awarded to certain other individuals whose combat duties require regular and frequent flying in other than a passenger status, or individuals who perform a particularly noteworthy act while performing the function of a crewmember, but who are not on flying status as prescribed in AR 600-106. These individuals must make a discernible contribution to the operational land combat mission or to the mission of the aircraft in flight. Examples of personnel whose combat duties require them to fly include those in the attack elements of units involved in air-land assaults against an armed enemy and those directly involved in airborne command and control of combat operations. Involvement in such activities, normally at the brigade and/or group level and below, serves only to establish eligibility for award of the AM; the degree of heroism, meritorious achievement, or exemplary service determines who should receive the award. Awards will not be made to individuals who use air transportation solely for the purpose of moving from point to point in a combat zone.

d. Numerals, starting with 2, will be used to denote second and subsequent awards of the AM (see para 6-4).

e. Operators of unmanned aerial vehicles may only be awarded the AM if they are physically on an aircraft during the cited period and meet the above criteria for the AM. The intent of this addition is not to award the AM for unmanned aerial vehicles operations, but rather to recognize unmanned aerial vehicles operators for their actions in flight under conditions that warrant the AM.

f. All AM recommendations that are downgraded will be approved as an ARCOM.

3-18. Army Commendation Medal

- a. The ARCOM was established by War Department Circular 377, 18 December 1945 (amended in DAGO 1960-10, 31 March 1960).
- b. The ARCOM is awarded to any Servicemember of the Armed Forces of the United States who, while serving in any capacity with the Army after 6 December 1941, distinguishes himself or herself by heroism, meritorious achievement, or meritorious service. Award may be made to a member of the armed forces of a friendly foreign nation who, after 1 June 1962, distinguishes himself or herself by an act of heroism, extraordinary achievement, or meritorious service, which has been of mutual benefit to a friendly nation and the United States.
- c. The ARCOM may be awarded for combat related service or achievement after 29 February 1964.
- d. Awards of the ARCOM may be made for acts of valor performed under circumstances described above which are of lesser degree than required for award of the BSM. These acts may involve aerial flight.
- e. The ARCOM may be awarded for acts of noncombatant-related heroism which do not meet the requirements for an award of the SM or for acts of aerial flight which do not meet the requirements for award of the AM.
- f. The ARCOM will not be awarded to general officers.
- g. Award of the ARCOM may be made to any individual commended after 6 December 1941 and before 1 January 1946 in a letter, certificate, or order of commendation, as distinguished from letter of appreciation, signed by an officer in the rank or position of a MG/O-8 or higher. Veterans and retirees may submit letter applications to National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002. Soldiers who retired or were discharged after 1 October 2002 will send their letter application to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Awards of the Army Commendation Ribbon and of the Commendation Ribbon with Metal Pendant were redesignated by DAGO 1960-10, as awards of the ARCOM, without amendment of orders previously issued.

3-19. Army Achievement Medal

- a. The AAM was established by the SECARMY, 10 April 1981, as announced in DAGO 1990-15.
- b. The AAM is awarded to any member of the Armed Forces of the United States, or to any member of the armed forces of a friendly foreign nation, who distinguished himself or herself by meritorious service or achievement of a lesser degree than required for award of the ARCOM.
- c. The AAM will not be awarded to general officers.
- d. Effective 11 September 2001 to a date to be determined, the DCS, G-1 granted an exception to policy to award the AAM in a combat theater for noncombat meritorious achievement and service for the Global War on Terrorism era.

Section III

Process DA Form 638

3-20. Rules for processing DA Form 638

- a. DA Form 638 will be used to initiate, process, and approve award recommendations of all U.S. Army individual decorations, to include valor and heroism decorations.
- b. Statutory and regulatory time limits for processing valorous awards are in paragraph 1-14.
- c. Criteria for the various valor awards are as shown in this chapter under the respective decoration.
- d. Approval authorities may make award decisions without referral to a local awards board. Awards boards are optional and are at the discretion of the approval authority.
- e. Permanent award orders are an authorized part of the DA Form 638. Permanent award orders authority may be delegated to award approval authorities who would not normally publish POs. This delegation should be in writing. POs filing will include a master set filed at the issuing headquarters; see AR 600-8-105, formats 320, 700, and 705. Approved awards of the MOH and DSC will be confirmed in DAGOs.
- f. Amendments, rescissions, or revocation of permanent award orders will be prepared on a separate order (see 600-8-105, formats 700 and 705 and paras 1-29 through 1-31, of this regulation). Award orders issued and/or announced on the DA Form 638 will be amended or revoked using a separate PO in accordance with AR 600-8-105 (format 700 or 705).
- g. Approval authorities for individual decorations are in tables 1-3, 3-2, 3-3 and 3-4.
- h. Commanders may disapprove (to include downgrade) the next higher award normally associated with their rank, provided such authority has been delegated to them. This delegation must be in writing (refer to para 3-5e).
- i. Orders publication authority for awards may be delegated by MSM approval authorities (BG/O-7 and above) to commanders exercising lower award approval authority. Such delegation will allow those commanders (COL/O-6 or LTC/O-5) with ARCOM or AAM approval authority to issue award orders once the award is approved. The documentation and control requirements in AR 600-8-105 must be established by the commander before publishing award orders.
- j. Each headquarters and organizations will establish internal procedures to ensure that every award recommendation is processed with a minimum of delay. Recommendations requiring action by HRC or higher authority should arrive no

later than 60 days prior to the desired presentation date. All other recommendations should be approved or disapproved within command channels within 60 days of initiation.

k. When an award recommendation contains classified information, no classified information will be entered on the DA Form 638. Supporting and allied documents will bear a security classification and/or protective markings. The packet will be prepared, processed, and protected according to AR 380–5. Proposed and approved citations will be prepared to contain no classified information. When documents containing classified information are transmitted electronically, they will only be transmitted using the Secret Internet Protocol Router Network.

l. A separate recommendation will be submitted for each proposed award of a decoration and only one proposed awardee will be named in a single recommendation.

m. The recommender will, to the extent possible, verify data on the DA Form 638 concerning the awardee from official Army personnel documents.

n. Recommendations submitted to HRC, ADB (AHRC–PDP–A) will be submitted with a copy of all supporting documents.

o. Premature disclosure of information to the public, or to the individual being recommended for an award is a potential source of embarrassment to recommending officials and should be strongly discouraged. Prior disclosure of approved awards should also be discouraged since it would diminish the impact of ceremonies when the award is ultimately presented.

p. All recommendations placed in official channels must be forwarded through command channels to the designated commander authorized to approve or disapprove the award. Where appropriate, intermediate endorsing officials or commanders may recommend disapproval or comment on the propriety of lesser or higher awards if they do not favor the requested decoration. Placement in official channels is defined as “signed by the initiating official and endorsed by a higher official in the chain of command.”

q. Typing the recommendation is not required. Recommendations may be handwritten or hand-printed, but must be clearly legible. Use only black ink for machine readability (copier, facsimile, or microfiche). If the form is typed, the limited resources of the human resources office should not be used for this purpose.

r. Narrative description of meritorious service or achievement for awards of the MSM, ARCOM, and AAM will be in bullet format in the space allowed on the DA Form 638. Narratives are required for all other awards and will be added as an addendum to the recommendation. Proposed narratives and citations should be completed on DA Form 638, which is located on the enclosure tab of the form. Narrative should be prepared on 8 1/2 by 11-inch bond paper and is limited to one typewritten page, except for recommendations of the DSM and above. Narratives for valor must contain a description of the following elements:

- (1) The terrain and weather of the area in which the action took place.
- (2) The enemy conditions, to include morale, proximity, firepower, casualties and situation prior to, during and after the act.
- (3) The effect of the act on the enemy.
- (4) The action of comrades in the immediate vicinity of the act and the degree of their participation in the act.
- (5) If the act occurred in aerial flight, the type and position of the aircraft, and the individual’s crew position.
- (6) The degree to which the act was voluntary.
- (7) The degree to which the act was outstanding and exceeded what was normally expected of the individual.
- (8) All unusual circumstances.
- (9) Overall effects or results of the act.

s. Heroism award recommendations will contain statements of eyewitnesses, preferably in the form of certificates, affidavits, or sworn statements; extracts from official records; sketches; maps; diagrams; photographs; and so forth, which support and amplify stated facts for the heroism award.

t. All MOH recommendations must be forwarded to HRC for action, regardless of the recommendations by field and intermediate level commanders. MOH recommendations will be processed on a priority basis and will not be interrupted before they are referred to HRC, ADB. All MOH recommendations will be processed and controlled as “For Official Use Only” material, and will be saved electronically onto an appropriate medium that will be forwarded along with the MOH recommendation. Classified portions of the recommendations will be provided in paper copy. Premature disclosure of MOH action is not authorized. The MOH recommendation will contain, when appropriate, the endorsement of the subordinate unified commander; commander, joint task force; and unified or specified commander involved. Additionally, pending MOH recommendations are pre-decisional and are exempt from release under Freedom of Information Act requests. In order to ensure uniformity in the processing of MOH recommendations and to ensure priority handling and visibility during every step of the process, the following requirements for tracking recommendations will be followed:

- (1) The first LTC/O–5-level commander in the recommendation process will submit a copy of the DA Form 638 to HRC, Awards and Decorations Branch for tracking purposes at usarmy.knox.hrc.mbx.tagd-awards@mail.mil.
- (2) Each subsequent commander in the recommendation process will submit a copy of the DA Form 638 to HRC, Awards and Decorations Branch when they take action on the request.

(3) The HRC, Awards and Decorations Branch will follow up with the recommending command every 30 days after receipt of the initial award recommendation until HRC receives the completed MOH recommendation.

u. Properly constituted award recommendations will include the following:

(1) DA Form 638.

(2) Narrative justification as explained above.

(3) Proposed citation.

(4) All supporting documents (optional for BSM and lesser awards).

(5) Eyewitness statements in the form of certificates, affidavits, or sworn statements (optional for BSM and lesser awards).

(6) Records, extracts, sketches, maps, diagrams, and photographs which support and amplify the award of heroism. Supporting documents that were originally in color will be provided in color, not as black and white photocopies. Documents that are difficult to read will be transcribed and the transcription will be included in the recommendation along with the original document (optional for BSM and lesser awards).

(7) Recommendations from all intermediate level commanders

v. Posthumous valor awards must always reflect accurately the actual events and circumstances for which the award is being presented. Effective 18 April 2006, prior to taking any action on a posthumous valor award recommendation, the award approval authority must review the completed AR 15–6 collateral investigation, to ensure the accuracy of the awards process. The approval authority must also indicate with comments in block 26i of DA Form 638 that the completed AR 15–6 investigation was reviewed.

w. For historical purposes, both the DA Form 638 indicating approval, disapproval and/or downgrading and the certificate for the award will be Web uploaded via the Integrated Personnel Electronic Records Management System for filing in the AMHRR.

x. See table 3–6 for preparing Army awards certificates.

The user cannot digitally sign this field until the first page is completed (includes blocks 20 and 21).
17	Recommender	For award of the MSM, ARCOM, and AAM uses bullet statements to list the individual's meritorious achievements or Service in block 20. Section IV

Prepare Award Certificates

3-22. Rules for preparing Army award certificates

a. Proposed certificate citations submitted to HRC, ADB for approval of heroism awards (SM and higher) and for the DSM will be typed double-spaced, no more than 12-inch font, on 8 1/2 by 11-inch paper, and may be continued on one double-spaced typewritten page. Do not submit actual certificates to HRC.

b. Certificate citations for the LM, BSM, AM with "V" device and ARCOM with "V" device are limited to a maximum of nine lines, 12-inch font.

c. Certificate citations for the MSM, ARCOM, and AAM are limited to six lines.

d. Army policy does not restrict the use of abbreviations and acronyms in award citations. However, due to the inherent historical value of the award certificate and the acts or service it represents, it is imperative that it be prepared with care so that its appearance is professional and dignified. It is also recommended that only the most commonly known abbreviations and acronyms be used in the citation. The abbreviation and/or acronym should be spelled out the first time and followed by the abbreviation and/or acronym in parenthesis. Certificates should include a brief descriptive narrative, but should not be so brief as to distract from its meaning, and should be prepared on a letter quality printer or equivalent.

e. Effective 4 March 1993, certificates for award of the MSM, ARCOM, and AAM will no longer require the overprinted signature of the SECARMY. Effective 5 May 2003, certificates for award of the LM will no longer require the overprinted signature of the SECARMY.

3-23. Preparing Army awards certificates

The steps for preparing Army award certificates are contained in table 3-6.

Table 3-6
Steps for preparing Army awards certificates

Certificates for the LM, MSM, ARCOM, and AAM without the overprinted signature of the SECARMY will be prepared as follows: -Type the approval authority signature block on the right lower side of the certificate. The approval authority will sign on the line above his or her signature block (for example: Dennis R. Jones, Colonel, USA, Commanding). -Type the PO number and date on the line on the left side of the certificate (for example, PO 1-99, 1 January 1993). -Type the approval authority's unit and location below the line on the left side of the certificate (for example, Headquarters, 9th Infantry Division, Fort Lewis, Washington).

Chapter 4

Good Conduct Medal and Army Reserve Components Achievement Medal

Section I

Army Good Conduct Medal

4-1. Intent

The AGCM was established by EO 8809, 28 June 1941 and was amended by EO 9323, 1943 and by EO 10444, 10 April 1953. It is awarded for exemplary behavior, efficiency, and fidelity in active Federal military service. It is awarded on a selective basis to each Soldier who distinguishes himself or herself from among his or her fellow Soldiers by exemplary conduct, efficiency, and fidelity throughout a specified period of continuous enlisted active Federal military service, as outlined in this chapter. There is no right or entitlement to the medal until the immediate commander has approved the award and the award has been announced in POs (see glossary for definition of "active Federal military service").

4-2. Personnel eligible

a. Active component enlisted Soldiers. Enlisted AGR personnel serving on extended periods of active duty (other than for training) 10 USC and 32 USC, are eligible for award of the AGCM for qualifying service beginning on or after 1 September 1982, provided no period of the service has been duplicated by the same period of service for which the Soldier has been awarded the ARCAM. The AGCM qualification period may commence anytime during the 3 years immediately preceding the 1 September 1982 effective date provided no portion of service for the AGCM is included in a period of service for which the ARCAM was awarded.

b. Retroactively, to eligible Army of the United States enlisted personnel.

c. Other Army enlisted personnel as directed by the SECARMY.

d. Ready Reserve enlisted personnel ordered to active duty under 10 USC.

4-3. Award approval authority

a. Unit commanders are authorized to award the AGCM to enlisted personnel serving under their command jurisdiction who meet the established criteria. Where necessary, to correct conflicting or duplicate awards, previously issued general or POs may be revoked and new orders published by the unit commanders, citing this paragraph as authority. Requests for award of the AGCM for veterans will be forwarded to National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002.

b. Requests for award of the AGCM for ARNG and USAR members for periods of active duty based on qualifying prior active Federal military service (regular Army and Army of the United States) will be forwarded through normal command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

c. The separation transfer points will review the records of enlisted personnel being separated to determine whether they qualify for the AGCM. Where possible, reasonable effort should be made to contact the unit commander before awarding the medal to qualified Servicemembers.

4-4. Basis for approval

The immediate unit commander's decision to award the AGCM will be based on his or her personal knowledge of, and the individual's official records for, periods of service under previous commanders during the period for which the award is to be made. The lack of official disqualifying comment by previous commanders does not disqualify use of award period by the current commander for awarding the AGCM.

4-5. Qualifying periods of service

Any one of the following periods of continuous enlisted active Federal military service qualifies for award of the AGCM or of an AGCM Clasp (see para 4-9) in conjunction with the criteria in paragraph 4-6:

a. Each 3 years completed on or after 27 August 1940.

b. For first award only, 1 year served entirely during the period 7 December 1941 to 2 March 1946.

c. For first award only, upon termination of service on or after 27 June 1950, of less than 3 years but more than 1 year.

d. For first award only, upon termination of service, on or after 27 June 1950, of less than 1 year when final separation was by reason of physical disability incurred in line of duty.

e. For first award only, for those individuals who died before completing 1 year of active Federal military service or if the death occurred in the line of duty.

4-6. Character of service

Throughout a qualifying period, each enlisted Soldier must meet all of the following criteria for an award:

- a. The immediate commander evaluates the Soldier's character as above reproach.
- b. The record of service indicates that the Soldier has—
 - (1) Willingly complied with the demands of the military environment.
 - (2) Been loyal and obedient to his or her superiors.
 - (3) Faithfully supported the goals of his or her organization and the Army.
 - (4) Conducted himself or herself in an exemplary manner as to distinguish him or her from fellow Soldiers.
- c. While any record of non-judicial punishment could be in conflict with recognizing the Soldier's service as exemplary, such record should not be viewed as automatically disqualifying. The commander will analyze the record, giving consideration to the nature of the infraction, the circumstances under which it occurred and when. Conviction by court-martial terminates a period of qualifying service; a new period begins following the completion of sentence imposed by court-martial.
- d. In terms of job performance, the Soldier's efficiency must be evaluated and must meet all requirements and expectations for that Soldier's grade, MOS, and experience.
- e. Individuals whose retention is not warranted under standards prescribed in AR 380–67, or for whom a bar to reenlistment has been approved under the provisions of AR 601–280 are not eligible for award of the AGCM.

4–7. Additional implementing instructions

- a. Qualifying periods of service must be continuous enlisted active Federal military service. When an interval in excess of 24 hours occurs between enlistments, that portion of service before the interruption is not creditable toward an award.
- b. Release from enlisted status for entry into service as a cadet or midshipman at any U.S. Service academy, or discharge from enlisted status for immediate entry on active duty in an officer status is considered termination of service for awarding the AGCM. A minimum of 12 months enlisted service is required and must have been completed for first award of the AGCM (see para 4–5); otherwise, the full 3 years of qualifying enlisted service is required.
- c. A qualified person scheduled for separation from active Federal military service should receive the award at his or her last duty station, the award is authorized up to 30 days before the Soldier's departure en route to a separation processing installation in CONUS or overseas. Orders announcing such advance awards will indicate the closing date for the award prefixed with date of separation, on or about, as the response to the "dates or period of service" lead line (for example, from 31 October 1977 to date of separation on or about 30 October 1980). For Soldiers who are granted terminal leave prior to retirement or ETS, orders awarding second and subsequent awards of the AGCM may be issued up to 90 days before retirement or ETS date.
- d. An award made for any authorized period of less than 3 years must be for the total period of obligated active Federal military service. This applies to first award only; all other awards of the AGCM require 3 full years qualifying service.
- e. Discharge under provisions of AR 635–200 for immediate (re)enlistment is not termination of service.

4–8. Disqualification for the Army Good Conduct Medal

- a. Conviction by courts-martial terminates a period of qualifying service; a new period begins the following day after completion of the sentence imposed by the court-martial.
- b. Individuals whose retention is not warranted or for whom a bar to reenlistment has been approved under the provisions of AR 601–280 (specifically for the reasons enumerated in AR 601–280) are not eligible for award of the AGCM.
- c. In instances of disqualification as determined by the unit commander, the commander will prepare a memorandum stating the rationale for his or her decision. This memorandum will include the period of disqualification and will be referred to the individual according to AR 600–37. The unit commander will consider the affected individual's statement. If the commander's decision remains the same, the records manager will Web upload the memorandum and the individual statement for filing in the Soldier's AMHRR.
- d. Disqualification for an award of the AGCM can occur at any time during a qualifying period (for example, when manner of performance or efficiency declines). The personnel office will establish the new "beginning date" for the Soldier's eligibility for award of the AGCM, enter the new date and code on the Soldier's eMILPO record, and submit the eMILPO transaction. These procedures do not apply if Soldier is disqualified under the provisions of paragraph 4–8b.

4–9. Subsequent awards and clasps

A clasp is authorized for wear on the AGCM to denote second or subsequent awards. Clasps authorized for second and subsequent awards are in table 4–1.

4–10. Army Good Conduct Medal certificate policy

a. The DA Form 4950 (Good Conduct Medal Certificate) may be presented to enlisted Soldiers only on the following occasions:

- (1) Concurrent with the first award of the AGCM earned on or after 1 January 1981.
- (2) Concurrent with retirement on or after 1 January 1981.

b. When presented at retirement, the DA Form 4950 will reflect the last approved award of the AGCM earned by the Soldier before retirement. The number of the last earned will be centered immediately beneath the line "THE GOOD CONDUCT MEDAL;" for example, "Sixth Award." The period shown on the certificate will be the period cited in the last award earned by the Soldier. The words "UPON HIS OR HER RETIREMENT" may be typed below the Soldier's name.

c. DA Form 4950 will not be presented for second or subsequent awards of the AGCM except as provided in paragraph 4–10a(2).

4–11. Retroactive award

a. Retroactive award of the AGCM to enlisted personnel and to officer personnel, who qualified in an enlisted status, will be processed by the unit commander, provided evidence is available to establish qualification. If sufficient evidence is not available, and Soldier has not separated from the Army, check Soldier's AMHRR for supporting documents to confirm eligibility. Upon receipt of eligibility information the commander should take action to confirm retroactive award of the AGCM by publication of orders, or should inform the Soldier of findings of ineligibility, as appropriate.

b. Requests for retroactive awards of the AGCM for veterans and retirees will be submitted to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408.

Process Award of the Army Good Conduct Medal

4-12. Rules for processing the Army Good Conduct Medal

- a. Management of the AGCM is an automation-assisted program for the Active Army.
- b. The eMILPO generated AGCM Roster (AAA-199) provides commanders a tentative list of personnel eligible.
- c. Periodic record screens and personnel audits may also be used to identify Soldiers who are potentially eligible for award of the AGCM.
- d. Eligibility requirements for the AGCM are previously shown within this chapter.
- e. Disapproval and disqualification processing for the AGCM are shown in this chapter and must be strictly adhered to protect the best interests of the Soldier and the Army alike.

4-13. Steps for processing award of the Army Good Conduct Medal

The steps for processing award of the AGCM are in table 4-2.

Section III

Army Reserve Components Achievement Medal

4-14. Intent

The ARCAM was established by the SECARMY on 3 March 1971 (DAGO 1971-30), and amended by DAGO 1974-4. It is awarded for exemplary behavior, efficiency, and fidelity while serving as a member of an ARNG unit or USAR TPU or as an IMA. The first design bears the inscription "United States Army Reserve," the other design bears the inscription "Army National Guard."

4-15. Personnel eligible

The ARCAM is authorized for award to Army personnel in the rank of COL/O-6 and below. The individual must have been a member of an ARNG unit or USAR TPU. The medal is also awarded to USAR Soldiers serving as IMAs after completing qualifying service and on recommendation of the unit commander or HQDA official to which the IMA is assigned. AGR Soldiers and officers are not authorized award of the ARCAM. AGR Soldiers (enlisted) are eligible for the AGCM under the provisions of paragraph 4-2.

4-16. Award approval authority

a. Approval authority for award of the ARCAM for ARNG Man-Day (M-DAY) units and USAR TPU Soldiers is the Soldier's unit commander.

b. Approval authority for award of the ARCAM to USAR IMA Soldiers is Commander, U.S. Army Human Resources Command, 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5100.

c. Orders are not published for the award of this medal. ARCAM approval is announced using an official memorandum. The records custodian will annotate the Soldier's records and place the memorandum in the Soldier's AMHRR via the Integrated Personnel Electronic Records Management System.

4-17. Peacetime and wartime applicability

a. The ARCAM is applicable to Army RC Soldiers during peacetime and wartime. However, during periods of war, the length of qualifying service is subject to change at the discretion of the SECARMY.

b. The AGCM is applicable to RC enlisted Soldiers ordered to active duty under 10 USC, in support of peacetime and wartime contingency operations. Refer to paragraphs 4-2, 4-5, and 4-6. When qualifying periods of TPU service are broken by such mobilization, the periods of service prior to the mobilization will be added to the period following the mobilization for ARCAM eligibility. The qualifying time for awarding of the ARCAM served prior (refer to para 4-18c(3)) to activation and/or mobilization will not be lost and will continue to count toward award of the ARCAM once personnel are no longer activated and/or mobilized. The period of service used to award the AGCM cannot be used toward award of the ARCAM. This change is retroactive to 11 September 2001.

4-18. Basis or criteria for approval

a. Between 3 March 1972 and 28 March 1995, the ARCAM was authorized on completion of 4 years of service with a RC unit. A qualifying year of service is one in which a Reserve Soldier earns a minimum of 50 retirement points during his or her retirement year. Qualifying service for computation purposes is based only by retirement ending year dates.

b. Effective 28 March 1995, the period of qualifying service for award of the ARCAM was reduced from 4 years to 3 years. That is, Soldiers completing 3 years of qualified service on or after 28 March 1995 are eligible for ARCAM consideration. This change is not retroactive.

c. All awards of the ARCAM must be made under the following conditions:

(1) Such years of qualifying service must have been consecutive except for the wartime provisions noted in paragraph 4-17. A period of more than 24 hours between Reserve enlistments or an officer's service will be considered a break in service. Credit toward earning the ARCAM must begin anew after a break in service. Service while attending Officer Candidate School or Warrant Officer Candidate School will be considered enlisted service and termination will occur when the Soldier is commissioned or appointed a warrant officer.

(2) Although only unit service may be credited for award of the ARCAM, consecutive Ready Reserve service between periods of unit service will not be considered as a break in service. Ready Reserve consists of units or reserves, or both, liable for active duty as prescribed by law (10 USC 12301 and 12302). Creditable service in the first unit may be added to a subsequent unit to determine total qualifying service.

(3) Enlisted Soldiers who are ordered to active duty or mobilized in support of ongoing operations from the ARNG, USAR TPU, or as a USAR IMA for 365 days or more (not for training) will be awarded the ARCAM if they have completed 2 of the 3 years of qualifying service. Eligibility for the AGCM starts on the effective date of the active duty order. Note: Soldiers with less than 2 years of qualifying service will not be awarded the ARCAM. Service lost may be recovered if the Soldier is separated honorably from the active duty or mobilization tour and reverts back to TPU service. For example, a Soldier serves 1 year and 6 months of qualifying service and is ordered to active duty. This qualifying service is not sufficient for award of the ARCAM. When the Soldier completes the active duty tour,

that 1 year and 6 months is applied towards the next award of the ARCAM. Enlisted Soldiers (except AGR) whose periods of active duty do not meet the criteria outlined in paragraphs 4-2, 4-5, and 4-6 (AGCM), will continue to receive credit of qualified time toward the award of the ARCAM.

(4) All officers (COL/O-6 and below) who are ordered to active duty (not for training) from the ARNG, USAR TPU, or IMA will continue to receive credit of qualified time towards the award of ARCAM.

(5) The member must have exhibited honest and faithful service as is in accordance with the standards of conduct, courage, and duty required by law and customs of the service of a member of the same grade as the individual to whom the standard is being applied.

(6) A member must be recommended for the award by his or her unit commander whose recommendation is based on personal knowledge of the individual and the individual's official records of periods of service under prior commanders during the period for which the award is made. A commander may not delay award or extend the qualifying period for misconduct. A determination that service is not honorable as prescribed negates the entire period of the award.

4-19. Unqualified service

a. Service performed in the RC of the USAF, USN, USMC, or USCG may not be credited for award of the ARCAM.

b. Release from Army RC status for entry into service as a cadet or midshipman at any U.S. Service academy or discharge from Army RC for immediate entry in the Active Army, in an officer or enlisted status, is considered termination of service for the purpose of qualifying for the ARCAM.

c. Service while in an enlisted AGR status may not be credited toward award of the ARCAM. RC Soldiers whose service qualifies them for award of the AGCM are not eligible for award of the ARCAM.

4-20. Subsequent awards and oak leaf clusters

Second and succeeding awards of the ARCAM are denoted by oak leaf clusters.

Section IV

Process Award of the Army Reserve Components Achievement Medal

4-21. Rules for processing the Army Reserve Components Achievement Medal

a. Management of the ARCAM is a partially automation-assisted program.

b. Each unit is responsible to generate a monthly suspense roster of potential USAR Soldiers who are eligible for award of the ARCAM based on the anniversary date of qualifying years of service.

c. Periodic record screens and personnel audits may also be used to identify Soldiers who are potentially eligible for award of the ARCAM.

d. Eligibility criteria for the ARCAM are previously shown within this chapter.

e. Commanders will consider all Soldiers eligible for the ARCAM and approve the ARCAM when appropriate.

f. The Soldier's unit will publish the memorandum awarding the ARCAM and make the following distribution:

(1) One copy to Servicemember.

(2) One copy to AMHRR.

g. The Soldier will ensure his or her DA Form 2-1 (Personnel Qualification Record) reflects the award of the ARCAM.

h. Soldiers will be promptly notified, with reasons therefore, whenever they are disapproved for award of an ARCAM.

i. New beginning dates for qualifying service will be expeditiously put into the Total Army Personnel Database-Reserve whenever there are changes, that is, recent award, disqualification, and break in qualifying service.

j. Award of the ARCAM to ARNG Soldiers will be governed by the criteria established for the decoration, and the processing will follow the general rules listed above.

k. Specific detailed step-by-step procedures for award of the ARCAM to ARNG Soldiers will be governed and established by the separate State and Territorial adjutants general and the CG, District of Columbia ARNG.

4-22. Steps for processing award of the Army Reserve Components Achievement Medal for troop program unit Soldiers

The steps for processing award of the ARCAM for TPU Soldiers are in table 4-3.

1	Soldier	Becomes eligible for consideration for the ARCAM.
2	Unit personnel office	Generates a monthly AAA–199 roster of Soldiers by unit.
3	Unit personnel office	Ensures each unit that has Soldiers on the AAA–199 roster receives a copy of the roster.
4	Unit personnel office	Receives the AAA–199 roster with names of the eligible Soldiers.
5	Unit personnel office	Verifies that all Soldiers on the AAA–199 roster are currently in the unit. Advises BN personnel office of any problems with the AAA–199 roster.

Section V

Award of the Army Reserve Components Achievement Medal to Individual Mobilization Augmentation Soldiers

4–23. Guidance

Award of the ARCAM to IMA Soldiers will be governed by the criteria established for the decoration, and processing will follow the rules in paragraph 4–21 and steps in table 4–3.

4–24. Procedures

Award of the ARCAM to IMA Soldiers will be performed by the personnel office for the unit where the IMA Soldier is assigned. The unit personnel office will ensure the ARCAM is awarded to all IMA Soldiers assigned, which will include the verification of creditable qualifying service as noted in paragraph 4–18. If the IMA Soldier is eligible for award of the ARCAM, the unit personnel office will prepare and complete the award documentation for the ARCAM (memorandum format) and provide a completed copy of the order to the Soldier for his or her records.

Chapter 5

Service Medals and Service Ribbons

Section I

Overview

5–1. Intent

Service (campaign) medals and service ribbons denote honorable performance of military duty within specified limited dates in specified geographical areas. With the exception of the Medal of Humane Action, the AFRM, the NCOPDR, the Army Service Ribbon, and the ARCOTR are awarded only for active Federal military service. Orders are not published for service medals, but they are annotated in personnel records. Award of U.S. service medals (sec II, of this chapter) does not preclude award of foreign and international service medals (chap 9, sec II). Refer to chapter 2 for DOD service medals and service ribbons.

5–2. Service medals and ribbons awarded by other U.S. Services

Service medals and ribbons awarded by other U.S. Services may be worn on the Army uniform except the Air Force Longevity Service Award Ribbon and Air Force and Navy Marksmanship ribbons. Service and training ribbons awarded by other U.S. Services will be worn after U.S. Army service and training ribbons and before foreign awards. Refer to AR 670–1 for additional guidance.

Section II

U.S. Service Medals and Ribbons Available for Issue

5–3. Army Reserve Components Overseas Training Ribbon

a. The ARCOTR was established by the SECARMY on 11 July 1984 as announced in DAGO 1990–15. It is awarded to members of the RC of the Army (ARNG and USAR), for successful completion of annual training or ADT for a period not less than 10 consecutive duty days on foreign soil. All ARNG and USAR Soldiers who accompany the RC unit (including unit cells) to which they are assigned or attached as active duty for operational support during overseas training are also eligible for the award. Effective 11 July 1984, all members of the ARNG and USAR are eligible for this award if they were active Reserve status members of the ARNG, USAR (not on active duty in the Active Army), or AGR Soldiers at the time their unit underwent annual training or ADT on foreign soil.

b. All AGR personnel, not assigned to a TPU, are also eligible for award of the ARCOTR provided they are ordered overseas specifically as advance party to, simultaneously with, or in support of operations of RC units training overseas. Ten consecutive days overseas must be met. Other AGR members overseas for any other reason are not eligible for the ARCOTR.

c. The ARCOTR may be awarded retroactively to those personnel who successfully completed annual training or ADT on foreign soil in a Reserve status prior to 11 July 1984 provided they have an active status as defined above on or after 11 July 1984.

d. Soldiers must be credited with completion of at least 10 consecutive duty days outside the 50 States, the District of Columbia, and U.S. possessions and territories in the performance of duties in conjunction with Active Army, Joint services, or Allied Forces. The day of departure counts; the day of return does not.

e. The ARCOTR is a training ribbon, which does not conflict with service medals or decorations.

f. Numerals will be used to denote second and subsequent awards of the ARCOTR (see para 6-4).

5-4. Overseas Service Ribbon

a. The OSR was established by the SECARMY on 10 April 1981 as announced in DAGO 1990-15. It is awarded to Servicemembers of the U.S. Army for successful completion of overseas tours.

b. Effective 1 August 1981, all Servicemembers of the Active Army, ARNG, and USAR in an active Reserve status are eligible for this award. The ribbon may be awarded retroactively to those personnel who were credited with a normal overseas tour completion before 1 August 1981 provided they had an Active Army status as defined above on or after 1 August 1981.

c. Soldiers must be credited with a normal overseas tour completion in accordance with AR 614-30. Servicemembers who have overseas service with another branch of the U.S. Armed Forces must be credited with a normal overseas tour completion by that Service to qualify for award of the Army OSR.

d. As an exception to paragraph 5-4c, RC Soldiers who were mobilized and dispatched overseas to locations outside the theater of operations during Operations DESERT SHIELD and DESERT STORM (2 August 1990 to 11 April 1991) are eligible for award of the OSR without regard to the time served overseas as long as the overseas service is not recognized with another U.S. service medal.

e. Numerals will be used to denote second and subsequent awards of the OSR (see para 6-4).

f. For first award of the OSR only, an individual may be posthumously awarded (on or after 1 August 1981) the OSR before completion of the overseas tour, provided the Soldier's death is ruled "Line of duty-Yes."

5-5. Army Service Ribbon

a. The Army Service Ribbon was established by the SECARMY on 10 April 1981 as announced in DAGO 1990-15. It is awarded to Servicemembers of the U.S. Army for successful completion of initial entry training.

b. Effective 1 August 1981, all members of the Active Army, ARNG, and USAR in an active Reserve status are eligible for this award. The ribbon may be awarded retroactively to those personnel who completed the required training before 1 August 1981 provided they had an Active Army status as defined above on or after 1 August 1981.

c. Officers will be awarded this ribbon upon successful completion of their basic and/or orientation or higher level course. For those officer personnel assigned a specialty, specialty skill identifier (SSI), or MOS based on civilian or other service acquired skills, this ribbon will be awarded upon honorable completion of 4 months active service.

d. Enlisted Soldiers will be awarded this ribbon upon successful completion of their initial MOS producing course. For those enlisted Soldiers assigned a MOS based on civilian or other service- acquired skills, this ribbon will be awarded on honorable completion of 4 months active service.

e. Only one award of the Army Service Ribbon is authorized, regardless of whether a Soldier completes both officer and enlisted initial entry training.

f. An individual may be posthumously awarded (on or after 1 August 1981) the Army Service Ribbon prior to completion of the requisite training or time in service, provided the Soldier's death is ruled "Line of duty-Yes."

5-6. Noncommissioned Officer Professional Development Ribbon

a. The NCOPDR was established by the SECARMY on 10 April 1981 as announced in DAGO 1990-15. It is awarded to members of Active Army, ARNG, and USAR Soldiers for successful completion of designated NCO professional development courses.

b. Soldiers must successfully complete one or more of the courses listed in AR 350-1, chapter 3, which are further described on the Army Training Requirements and Resources System Web site (<https://www.atrrs.army.mil/>).

c. Acceptable evidence of graduation is a diploma, certificate, or a letter signed by an appropriate Service school official. Graduates of NCO Academy courses conducted prior to 1976 for the Active Army, and 1980 for RCs, will be given credit for the primary level only.

d. Effective 1 August 1981, all Active Army, ARNG, and USAR Soldiers in an active status are eligible for this award for satisfactory completion of the respective NCO Education System or RC-NCO Education System courses.

The NCOPDR consists of the basic ribbon with numeral devices of 2, 3, or 4, which signify satisfactory completion of the respective levels of NCO professional development courses as outlined in table 5–1.

e. Soldiers who have been authorized by their local commanders to attend local NCO courses or training conducted by the other Services, except the Sergeants Major Course and who qualify for or are awarded another Service’s training ribbon will not wear the other Service’s ribbons on the Army uniform nor will they be granted Army course equivalency recognition.

f. A change approved in February 1989 completely revised the wear policy of numerals on ribbons and award suspension elements. Simultaneously, U.S. Army Training and Doctrine Command (TRADOC) announced that the First Sergeant Course was not a recognized element of the NCO Professional Development Training System. Because of the impact of these two far-reaching policy changes, no grandfathering is allowed for Active Army or RC Soldiers concerning the wear of numerals on the NCOPDR. Only the numerals 2, 3, and 4 are authorized for wear on the ribbon.

¹ Once a Servicemember has been awarded the NCOPDR upon graduation from the Warrior Leaders Course, subsequent appropriate numerals will be awarded to identify completion of higher level NCO Education System.

² Senior NCOs selected by the U.S. Army Sergeants Major Academy who complete equivalent resident courses conducted by the other Services will wear the NCOPDR with numeral 4.

5–7. Army Sea Duty Ribbon

On 17 April 2006, the Principal Deputy ASA (M&RA) approved the establishment of the ASDR. It is awarded to Servicemembers of the Active Army, and members of the ARNG and USAR for completion of designated periods of sea duty aboard Class A and Class B U.S. Army Vessels, as defined in AR 56–9. The ASDR is also authorized to be awarded for duty aboard other qualifying vessels when the vessels meet the requirements of AR 600–88 (see other qualifying vessels).

a. *Description.* The ASDR consists of the basic ribbon with service star appurtenances, which signify the completion of respective periods of qualifying sea duty.

b. *Requirements for award.*

(1) *For active duty Servicemembers.* Active duty Servicemembers must complete 2 years of qualified sea duty on a Class A or B U.S. Army Vessel or duty aboard other qualifying vessels when such vessels meet the requirements of AR 600–88, to be awarded the ASDR. Subsequent awards are authorized upon completion of each additional 2 years of qualified sea duty up to 20 years of sea duty, as outlined in table 5–2.

(2) *For Army National Guard and U.S. Army Reserve members.* Members of the ARNG and USAR must have 2 creditable years in a U.S. Army watercraft unit, which must include a minimum of 25 days underway during each year and two annual training exercises underway on a Class A or B U.S. Army Vessel or a 90-day deployment aboard a U.S. Army Vessel, underway. Subsequent awards are authorized upon completion of additional qualifying periods of sea duty as outlined above.

(3) *For mobilized Soldiers.* One year of sea duty as a mobilized Soldier will be credited toward 1 creditable year as long as the minimum underway requirement is met.

(4) *For Servicemembers of other Services.* Servicemembers of other Services are authorized to be awarded the ASDR as outlined in paragraphs 5–7b(1) and (2), consistent with their respective Service policies and concurrence, in accordance with paragraph 1–36.

c. *Posthumous award.* For first award only, an individual may be posthumously awarded the ASDR prior to completion of service criteria as defined above, provided the individual’s death is ruled in the line of duty.

d. *Award approval authority.* The Chief, Maritime Qualification Division, is the approval authority for award of the

ASDR to eligible Servicemembers. Eligible Servicemembers or their next of kin may submit requests for the ASDR to Chief, Maritime Qualification Division, Career Sea Pay Office, 461 Kerr Road, Fort Eustis, VA 23604–5403.

5–8. Armed Forces Reserve Medal

a. The AFRM was established by EO 10163, as announced in DA Bulletin 15, 1950, and was amended by EO 10439, announced in DA Bulletin 3, 1953 and EO 13013, dated 6 August 1996. The reverse of this medal is struck in two designs for award to personnel whose RC service has been primarily in the organized Reserve or primarily in the National Guard. The first design portrays the Minute Man from the Organized Reserve Crest; the other design portrays the National Guard insignia.

b. The AFRM is awarded for honorable and satisfactory Service as a member or former member of one or more of the RCs of the Armed Forces of the United States, including the USCG Reserve and the USMC Reserve, for a period of 10 years under the following conditions:

(1) Such years of service must have been performed within a period of 12 consecutive years.

(2) Each year of active or inactive status honorable service prior to 1 July 1949 in any RC listed in AR 135–180, will be credited toward award. For service performed on or after 1 July 1949, a member must accumulate, during each anniversary year, a minimum of 50 retirement points as prescribed in AR 135–180.

(3) Service in a Regular Component of the Armed Forces, including the USCG, is excluded except that service in a RC which is concurrent in whole or in part with service in a Regular Component will be included. (Officers holding Reserve commissions serving on the active duty list are, by statute, members of the RC. Time served as a Reserve officer on the active duty list counts toward eligibility for the AFRM. For example, if a Reserve officer on active duty list serves 10 active years prior to going Active Army, or also received retirement points for other RC service, which, when added together with their active duty list service adds up to 10 years, then that officer is eligible for the AFRM.)

(4) Any period during which Reserve service is interrupted by one or more of the following will be excluded in computing, but will not be considered as a break in the period of 12 years:

(a) Service in a Regular Component of the Armed Forces.

(b) During tenure of office by a State official chosen by the voters of the entire State, territory, or possession.

(c) During tenure of office of member of the legislative body of the United States or of any State, territory, or possession.

(d) While serving as judge of a court of record of the United States, or of any State, territory, possession, or the District of Columbia.

(5) On or after 1 August 1990, the member was called to active duty and served under 10 USC 12301(a), 12302, 12304, 12406, or, in the case of the USCG Reserve, 14 USC 712. The member volunteered and served on active duty in support of specific U.S. military operations or contingencies designated by the Secretary of Defense, as defined in 10 USC 101(a)(13). An AGR member who receives orders changing his or her current duty status (legal authority under which he or she performs duty), duty location, or assignment to support a contingency operation is eligible for the award of the “M” device.

c. The 10-year-device is authorized for wear on the AFRM to denote each 10-year-period as follows:

- (1) A bronze hourglass will be awarded upon completion of the first 10-year-period award.
- (2) A silver hourglass will be awarded upon completion of the second 10-year-period award.
- (3) A gold hourglass will be awarded upon completion of the third 10-year-period award.
- (4) A gold hourglass, followed by a bronze hourglass will be awarded upon completion of the fourth 10-year-award.

d. The “M” device is authorized for wear on the AFRM by members of the RCs who are called to or who volunteer and serve on active duty in support of specific U.S. military operations or contingencies designated by the Secretary of Defense, as defined in 10 USC 101(a)(13).

(1) When a member qualifies for the “M” device, the Bronze “M” will be awarded, positioned on the ribbon and medal, and a number will be included on the ribbon and medal. No more than one AFRM may be awarded to any one person. Multiple periods of service during one designated contingency (under provisions of paragraph 5–8b(4)(a) and (b)) will count as one “M” device award. Designated contingency operations are outlined in table 6–1.

(2) If no “M” device is authorized, the appropriate hourglass will be positioned in the center of the ribbon. If no hourglass is authorized, the “M” device will be positioned in the center of the ribbon, followed by Arabic numerals indicating the number of times the device has been awarded, starting with the second award, no number is worn for the first award.

(3) If both the hourglass and the “M” device are awarded, the hourglass will be positioned in first position on the ribbon (at the wearer’s right), the “M” device in the middle position, and the number of times the “M” device has been awarded in the remaining position (at the wearer’s left).

(4) For additional information on the “M” device, refer to paragraph 6–6.

e. The steps for processing award of the AFRM are outlined in paragraph 5–35 and table 5–2.

Process Award of Army Service Medals and Service Ribbons

5-33. Rules for processing Army service medals and service ribbons

a. There are no statutory or regulatory time limits pertaining to award of service medals and ribbons. However, issue or replacement of service medals or ribbons before the World War I Victory Medal is no longer accomplished. These award elements are no longer available from the Federal supply system.

b. Criteria for service medals and ribbons are shown in the previous sections of this chapter.

c. These awards may be granted posthumously to the primary next of kin, at no expense, for the initial award only (see para 1-47 for reissue and replacement instructions).

d. Service medals and ribbons do not require the publication of orders to announce their approval.

e. Approval of service medals and ribbons are based on administrative determinations rendered by the commander or servicing personnel officer. These decisions should, however, be reflected in an appropriate memorandum, letter, or form addressed to the affected Soldiers.

f. A single service medal or ribbon request from an Active Army Soldier or USAR and/or ARNG Soldier should be submitted through channels to the servicing personnel officer. Supporting source documents (that is, assignment orders, TDY orders, pay documents, travel documents, affidavits, and so forth) should accompany the request. The burden of proof rests with the Soldier to provide adequate information on which to base a decision.

g. Campaigns or expeditions which are recognized by approval of service medals or ribbons that affect large numbers of Soldiers may be processed and approved by computer-generated lists and unit rosters. However, each Soldier must meet the announced criteria.

h. Approval authority for retroactive service medals and ribbons for Army retirees, former Army Soldiers, other personnel granted creditable U.S. Army service, and posthumous awards to the primary next of kin of the above personnel, is National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002. Approval authority for Soldiers who retired or were discharged after 1 October 2002 is Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

i. Formal awards ceremonies are not mandatory for presentation of service medals and ribbons. Ceremonies may be conducted at the discretion of the commander.

j. Individually submitted requests for approval of a service medal or ribbon will be processed under the rules and guidance prescribed above.

5-34. Steps for processing award of Army service medals and service ribbons

The steps for processing award of Army service medals and service ribbons are in table 5-3.

Chapter 6

Appurtenances, Lapel Buttons, and Miniature Decorations

Section I

Overview

6–1. Intent

a. Appurtenances are devices affixed to service or suspension ribbons or worn instead of medals or ribbons. They are worn to denote additional awards, participation in a specific event, or other distinguished characteristics of the award. The MOH flag is categorized as an appurtenance of the MOH.

b. Commanders authorized to approve the various decorations, service medals, service ribbons, and lapel buttons

will likewise requisition (see para 1–45) and provide the applicable accoutrements described in this chapter to personnel who are so recognized.

c. The issue, reissue, and replacement of these devices will be governed by the same provisions that apply to the issue, reissue, and replacement of the basic decoration (see para 1–47).

6–2. Service ribbons

a. Service ribbons are identical to the suspension ribbon of the medals they represent, mounted on bars equipped with attaching devices, and are issued for wear in place of medals.

b. The MOH is the only decoration authorized a neck ribbon. The service ribbon for the MOH is the same color as the neckband, showing five stars in the form of an "M". (See AR 670–1 for wear of service ribbons.)

Section II

Service Ribbon Accouterments

6–3. Oak leaf clusters

A bronze or silver twig of four oak leaves with three acorns on the stem, 13/32-inch long for the suspension ribbon, and 5/16-inch long for the service ribbon bar and the unit award emblem is issued to denote award of second and succeeding awards of decorations (other than the AM), the ARCAM, and unit awards. A silver oak leaf cluster is worn instead of five bronze oak leaf clusters. If the number of authorized oak leaf clusters exceeds four, a second ribbon is authorized for wear. When wearing the second ribbon, place it after the first ribbon; the second ribbon counts as one award. Wear no more than four oak leaf clusters on each ribbon. If the receipt of future awards reduces the number of oak leaf clusters sufficiently (that is, a silver oak leaf clusters for five awards), remove the second ribbon and place the appropriate number of devices on a single ribbon. Oak leaf clusters are not issued for the LM awarded in degrees to foreign nationals. Five-sixteenths inch oak leaf clusters joined together in series of 2, 3, and 4 clusters are authorized for optional purchase and wear on service ribbons, and unit award emblems.

6–4. Numerals

a. Arabic numerals 3/16 inch in height are issued instead of a medal or ribbon for second and succeeding awards of the AM, Multinational Force and Observers Medal, OSR, the NCOPDR, AFRM, and the ARCOTR. The ribbon denotes the first award and numerals starting with the numeral 2 denote the number of subsequent awards. The numeral worn on the NCOPDR will denote the highest completed level of NCO development (see para 5–6). The numerals are to be centered on the suspension ribbon of the medal or the ribbon bar.

b. See AR 670–1 for proper placement of numerals on service ribbons.

6–5. "V" device

The "V" device is a bronze block letter, V, 1/4-inch high with serifs at the top of either side of the V. It is worn to denote participation in acts of heroism involving conflict with an armed enemy. It was originally worn only on the suspension and service ribbons of the BSM to denote an award made for heroism (valor). Effective 29 February 1964, the "V" device was also authorized for wear on the AM and ARCOM for heroic acts or valorous deeds not warranting awards of the DFC or the BSM with "V" device. Effective 25 June 1963, the "V" device was authorized additionally for wear on the Joint Service Commendation Medal when the award is for acts of valor (heroism) during participation in combat operations. In the case of multiple "V" devices for the same award, only one "V" device is worn on the service ribbon.

6–6. "M" device

a. The "M" device is a bronze letter, M, 1/4-inch high with serifs at the bottom of either side of the M. It is authorized for wear on the AFRM by members of the RCs who are called to or who volunteer and serve on active duty in support of specific U.S. military operations or contingencies designated by the Secretary of Defense, as defined in 10 USC 101(a)(13). An AGR member who receives orders changing his or her current duty status (legal authority under which they perform duty), duty location, or assignment to support a contingency operation is also eligible for award of the "M" device (see para 5–8d).

b. On or after 1 August 1990, Servicemembers who volunteered and served on active duty in support of specific U.S. military operations or contingencies as designated by the Under Secretary of Defense (Personnel and Readiness) are authorized the "M" device. Operations are listed in table 6–1.

Notes:

If an operation is not officially named but it results in an involuntary call to active duty, the AFRM with "M" device is authorized.

c. When a Soldier qualifies for the "M" device, the bronze "M" will be awarded, positioned on the ribbon and medal, and a number will be included on the ribbon and medal.

d. Multiple periods of service during one designated contingency (for example, multiple deployments in support of any Global War on Terrorism operation(s) are only eligible for one "M" device) will count as one "M" device award.

6–7. Clasps

It denotes participation in a combat parachute jump, helicopter assault landing, combat glider landing, or amphibious assault landing, while assigned or attached as a member of an organized force carrying out an assigned tactical mission. A Soldier must actually exit the aircraft or watercraft, as appropriate, to receive assault-landing credit. Individual assault-landing credit is tied directly to the combat assault-landing credit decision (see para 7-24) for the unit to which the Soldier is attached or assigned at the time of the assault. If a unit is denied assault-landing credit, no assault-landing credit will accrue for the individual Soldiers of that unit. It is worn on the service and suspension ribbons of the Asiatic-Pacific Campaign Medal, European-African-Middle Eastern Campaign Medal, KSM, VSM, AFEM, GTOWEM, ACM, and the ICM. Only one arrowhead will be worn on any ribbon.

6-10. Ten-Year device

7–6. Restrictions

Not more than one unit decoration will be awarded for the same act of heroism or the same period of meritorious service, and recognized periods of valorous and meritorious service must not overlap. 7–7. Unit award emblems

a. An individual unit award emblem is authorized for wear on the uniform for the PUC, Joint Meritorious Unit Award, VUA, MUC (Army), Air Force Outstanding Unit Award, Air Force Organizational Excellence Award and ASUA. All verified entitlements will be entered into the AMHRR of individuals concerned per AR 600–8–104.

7–9. Unit decorations for U.S. Army advisory personnel

A U.S. Army advisor to a foreign unit is authorized to wear U.S. decorations awarded to the foreign unit, as long as the advisor was present and assigned to that unit during the cited action or service.

7-10. Supply of unit award emblems, streamers, and other devices

a. Streamers will be supplied upon approval of requisitions submitted to Commander, U.S. Army Tank-Automotive and Armaments Command, Clothing and Heraldry Product Support Integration Directorate, Post Office Box 57997, Philadelphia, PA 19111-7997. Unit decorations, campaign streamers, and war Service streamers will be issued by the Commander, U.S. Army Tank-Automotive and Armaments Command, Product Support Integration Directorate, Philadelphia, upon verification of entitlement by the Force Structure and Unit History Branch (AAMH-FPO), U.S. Army Center of Military History (CMH). To obtain verification of entitlement, requisitions submitted for these items must show the specific designation of the requiring unit and the appropriate inscription (that is, name of the campaign, war) if applicable.

b. See AR 725-50 and AR 840-10 for additional information on supply and requisition of streamers.

7-11. Issue to primary next of kin

When it is determined by HRC, ADB (AHRC-PDP-A) or the NPRC, an issue of unit decoration emblems may be made posthumously to the primary next of kin as indicated by official military records. The following order of precedence will govern: surviving spouse; eldest surviving child (natural or adoptive); father or mother, unless legal exclusive (sole) custody was granted to a person by reason of a court decree or statutory provision; blood or adoptive relative who was granted legal custody of the person by a court decree or statutory provision; eldest surviving brother or sister; eldest surviving grandparent; or eldest surviving grandchild. Duplicate issue will not be made to a primary next of kin when the records indicate previous issue was made to the living Servicemember or previous primary next of kin.

7-13. Presidential Unit Citation (Army)

a. The Distinguished Unit Citation is the predecessor of the PUC (Army). On 3 November 1966, the Distinguished Unit Citation was redesignated the PUC (Army). The PUC is awarded to units of the Armed Forces of the United States and cobelligerent nations for extraordinary heroism in action against an armed enemy occurring on or after 7 December 1941. The unit must display such gallantry, determination, and esprit de corps in accomplishing its mission under extremely difficult and hazardous conditions as to set it apart from and above other units participating in the same campaign. The degree of heroism required is the same as that which would warrant award of a DSC to an individual. Extended periods of combat duty or participation in a large number of operational missions, either ground

or air, is not sufficient. This award will normally be earned by units that have participated in single or successive actions covering relatively brief time spans. It is not reasonable to presume that entire units can sustain DSC performance for extended periods except under the most unusual circumstances and a written justification for an exception must be provided for recognition of any length over 30 days. Only on a rare occasions will a unit larger than a BN qualify for award of this decoration. Units larger than a BN must submit a memorandum of justification for the recommendation through the HRC, ADB (AHRC-PDP-A) to the SECARMY.

b. Recommendations for award of the PUC to Army units will be submitted on a DA Form 7594 (Unit Award Recommendation) and processed through normal military command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Recommendations will be initiated by a senior headquarters for the unit recommended for the award. Each recommendation will be submitted as promptly as practicable, supported by the following data:

- (1) Operational orders and reports.
- (2) Maps showing the terrain and the dispositions and actions of the opposing forces.
- (3) Casualties sustained on both sides.
- (4) A list of all units assigned and attached, actually present and participating in the action, and the inclusive dates of the period of service for each unit.
- (5) The complete official unit designation and unit identification code (UIC) must be included for each unit. Include designations and derivative UICs for subordinate elements of parent units and for all elements comprising the task force organization. When less than the entire unit is involved, but more than 65 percent of the modified table of organization and equipment (MTOE) strength, it should be indicated by a minus sign (-) next to the unit designation. When the percentage involved is less than 65 percent of a unit's MTOE strength, the unit should be listed as a detachment of the parent unit.
- (6) A statement from the commander certifying that more than 65 percent of each unit's MTOE strength participated in the action. If less than 65 percent participated, a detachment of the unit may be cited.
- (7) Any other pertinent material.
- (8) A proposed citation, naming all participating units, and the specific date and geographic location (map feature, town, province name, and so forth) of the action.

c. Each recommendation for the PUC unit award must be formally entered into official channels within 2 years from the date of the heroism or services performed. Recommendations made after the 3-year window will be submitted in accordance with the 10 USC 1130 process. Refer to paragraph 1-14 and appendix F.

(1) Recommendations for award of a unit decoration to a unit of the Armed Forces of the United States or a cobelligerent nation serving in a joint command will be submitted through command channels to the commander or military department having authority to make the award. When a recommendation covers more than one military Service, all or a portion of which were performed while the unit was operating under a joint commander; comments or a recommendation concerning the valorous actions of that unit will be obtained from the joint commander concerned.

(2) Intermediate level commanders will recommend approval or disapproval for each recommendation and forward it to the next higher headquarters. If disapproval is recommended, the reasons for disapproval will be cited.

d. The SECARMY, on behalf of the President of the United States, is the final approval authority for the PUC.

e. Recommendations for award of the PUC to a unit of another military Service permanently or temporarily assigned to the Army may be approved with written concurrence of that Service. The award must be approved prior to obtaining concurrence.

f. The award elements for the PUC (Army) are as follows: PUC Streamer (Army); Presidential Unit Emblem (Army); certificate and citation; and DAGO.

7-14. Valorous Unit Award

a. The VUA may be awarded to units of the Armed Forces of the United States and cobelligerent nations for extraordinary heroism in action against an armed enemy of the United States while engaged in military operations involving conflict with an opposing foreign force or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party for actions occurring on or after 3 August 1963.

b. The VUA requires a lesser degree of gallantry, determination, and esprit de corps than that required for the PUC. Nevertheless, the unit must have performed with marked distinction under difficult and hazardous conditions in accomplishing its mission to set it apart from and above other units participating in the same conflict. The degree of heroism required is the same as that which would warrant award of the SS to an individual. Extended periods of combat duty or participation in a large number of operational missions, either ground or air, is not sufficient.

c. This award will normally be earned by units that have participated in single or successive actions covering relatively brief time spans, not to exceed 6 months (a month is considered 30 calendar days). It is not reasonable to presume that entire units can sustain SS performance for extended periods except under the most unusual circumstances. Only on a rare occasion will a unit larger than a BN qualify for award of this decoration. Units larger than a

BN must attach a memorandum of justification for the recommendation through the HRC, ADB (AHRC-PDP-A) to the DCS, G-1.

d. Recommendations for award of the VUA to Army units will be submitted on a DA Form 7594 and processed through normal military command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Recommendations will be initiated by a senior parent headquarters to the unit recommended for the award. Each recommendation will be submitted as promptly as practicable, supported by the following data:

- (1) Operational orders and reports.
- (2) Maps showing the terrain and the dispositions and actions of the opposing forces.
- (3) Casualties sustained on both sides.
- (4) A list of all units assigned and attached, actually present and participating in the action, and the inclusive dates of the period of service for each unit.
- (5) A statement from the commander certifying that more than 65 percent of each unit's MTOE strength participated in the action. If less than 65 percent participated, a detachment of the unit may be cited.
- (6) The complete official unit designation and UIC must be included for each unit. Include designations and derivative UICs for subordinate elements of parent units and for all elements comprising the task force organization. When less than the entire unit is involved, but more than 65 percent of the MTOE strength, it should be indicated by a minus sign (-) next to the unit designation. When the percentage involved is less than 65 percent of a unit's MTOE strength, the unit should be listed as a detachment of the parent unit.
- (7) Any other pertinent material.
- (8) A proposed citation, naming all participating units, and the specific date and geographic location (map feature, town, province name) of the action.

e. Each recommendation for the VUA must be formally entered into official channels within 2 years from the date of the heroism or services performed. Recommendations made after the 3-year window will be submitted in accordance with the 10 USC 1130 process. (Refer to para 1-14 and app F.)

f. Recommendations for award of a unit decoration to a unit of the Armed Forces of the United States or a cobelligerent nation serving in a joint command will be submitted through command channels to the commander or military department having authority to make the award. When a recommendation covers more than one military Service, all or a portion of which were performed while the unit was operating under a joint commander; comments or a recommendation concerning the valorous actions of that unit will be obtained from the joint commander concerned.

g. Intermediate level commanders will recommend approval or disapproval for each recommendation and forward it to the next higher headquarters. If disapproval is recommended, the reasons for disapproval will be cited.

h. Recommendations for award of the VUA to a unit of another military Service permanently or temporarily assigned to the Army may be approved with written concurrence of that Service. The award must be approved prior to obtaining concurrence.

i. The DCS, G-1 is approval authority for the VUA. The exception to this is commanders that are delegated wartime awards approval authority by the SECARMY or his or her designee in writing. For all VUAs approved in theater, authorized commanders will provide a copy of the approved POs to HRC, ADB (AHRC-PDP-A). Refer to table 7-1 on initial coordinating and processing of the VUA.

j. Recommendations to downgrade the VUA to a MUC will not be approved.

k. The award elements for the VUA are as follows: VUA Streamer; VUA Emblem; certificate and citation; and DAGO.

7-15. Meritorious Unit Commendation (Army)

a. The MUC (Army) (previously called the Meritorious Service Unit Plaque) is awarded to units for exceptionally meritorious conduct in the performance of outstanding services for at least 6 continuous months during the period of military operations against an armed enemy occurring on or after 1 January 1944. Service in a combat zone is not required, but must be directly related to the combat effort. Units based in CONUS are excluded from this award, as are other units outside the area of operation. The unit must display such outstanding devotion and superior performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The degree of achievement required is the same as that which would warrant award of the LM to an individual. Recommendations for units larger than a brigade will not be submitted. For services performed during World War II, awards will be made only to service units and only for services performed between 1 January 1944 and 15 September 1946.

b. Effective 1 March 1961, the MUC was authorized for units and/or detachments of the Armed Forces of the United States for exceptionally meritorious conduct in performance of outstanding services for at least 6 continuous months in support of military operations. Service(s), as used in this paragraph, is interpreted to relate to combat service support type activities and not to the type of activities performed by senior headquarters, combat, or combat support units.

c. Effective 11 September 2001, the MUC is authorized for units and/or detachments of the Armed Forces of the United States for exceptionally meritorious performance for at least 6 continuous months (a month is considered 30

calendar days) during military operations against an armed enemy without regard to type of duties performed or the type of unit performing the duties.

d. Recommendations for award of the MUC to Army units will be submitted on a DA Form 7594 and processed through normal military command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Recommendations will be initiated by a senior parent headquarters to the unit recommended for the award. Each recommendation will be submitted as promptly as practicable, supported by the following data:

- (1) List of tasks performed during the period.
- (2) Record of absence without leave.
- (3) Convictions by court-martial.
- (4) Punishments under Article 15, UCMJ.
- (5) A statement from the commander certifying that more than 65 percent of each unit's MTOE strength participated. If less than 65 percent participated, a detachment of the unit may be cited.
- (6) A list of all units assigned and attached actually present and the inclusive dates of the period of service for each unit. Inclusive dates do not need to cover the entire deployment period.
- (7) The complete official unit designation and UIC must be included for each unit. Include designations and derivative UICs for subordinate elements of parent units and for all elements comprising the task force organization. When less than the entire unit is involved, but more than 65 percent of the MTOE strength, it should be indicated by a minus sign (-) next to the unit designation. When the percentage involved is less than 65 percent of a unit's MTOE strength, the unit should be listed as a detachment of the parent unit.
- (8) Any other pertinent information.
- (9) A proposed citation, naming all participating units, and the specific date and geographic location (map feature, town, province name, and so forth) of the service being recognized.

e. Each recommendation for the MUC (Army) must be formally entered into official channels within 2 years from the date of the services performed. Recommendations made after the 3-year window will be submitted in accordance with the 10 USC 1130 process. Refer to paragraph 1-14 and appendix F.

f. Recommendations for award of the MUC (Army) to a unit of the Armed Forces of the United States or a cobelligerent nation serving in a joint command will be submitted through command channels to the commander or military department having authority to make the award. When a recommendation covers actions, all or a portion of which were performed while the unit was operating under a joint commander; comments or recommendation concerning the meritorious performance of that unit will be obtained from the joint commander concerned.

g. Intermediate level commanders will recommend approval or disapproval for each recommendation and forward it to the next higher headquarters. If disapproval is recommended, the reasons for disapproval will be cited.

h. Recommendations for award of the MUC (Army) to a unit of another military Service permanently or temporarily assigned to the Army may be approved with written concurrence of that Service. The award must be approved prior to obtaining concurrence.

i. The DCS, G-1 is approval authority for the MUC. The exception to this is commanders that are delegated wartime awards approval authority by the SECARMY or his or her designee, in writing. For all MUCs approved in theater, authorized commanders will provide a copy of the approved POs to HRC, ADB (AHRC-PDP-A). Refer to table 7-1 on initial coordinating and processing of the MUC.

j. The award elements for the MUC are as follows: MUC Streamer; MUC Emblem; certificate and citation; and DAGOs.

Table 7-1**Steps for processing the Valorous Unit Award and Meritorious Unit Commendation for Secretary of the Army delegated commanders**

Step	Who	Required action
1	Commander (SECARMY delegated)	Coordinates proposed POs with HRC prior to approval.
2	HRC (AHRC-PDP-A)	Verifies and coordinates with the CMH (AAMH-FPO).
3	CMH	Validates proposed POs based on information provided from the recommender (official designation, honors, and so forth). Replies to HRC with approval or necessary changes.
4	HRC (AHRC-PDP-A)	Notifies SECARMY delegated commanders on CMH's decision or necessary changes for proposed theater POs.
5	Commander (SECARMY delegated)	Approves PO for VUA and/or MUC and furnishes copy to HRC for the publication of DAGO.
6	HRC (AHRC-PDP-A)	Processes DAGOs.

7-16. Army Superior Unit Award

a. The ASUA was established by the SECARMY on 8 April 1985 (DAGO 1990-15) to recognize outstanding meritorious performance by a unit during peacetime of a difficult and challenging mission under extraordinary circumstances. Circumstances may be deemed to be extraordinary when they do not represent the typical day-to-day circumstances under which the unit normally performs, or may reasonably be expected to perform, its peacetime mission. The following additional criteria also applies:

(1) The unit must display such outstanding devotion and superior performance of exceptionally difficult tasks as to set the unit apart from and above other units with similar missions. For the purpose of this award, peacetime is defined as any period during which wartime or combat awards are not authorized in the geographical area in which the mission was executed. The ASUA may be awarded to units that distinguish themselves while conducting humanitarian missions for a minimum of 30 days and a maximum of 2 years; however, the ASUA will not be awarded if the same act or period of service has already been recognized by another unit award.

(2) The award applies to both TOE units and table of distribution and allowances (TDA) organizations of BN size or equivalent. All TDA organizations may be considered for this award, even if comprised mostly of civilians. As an exception to policy, organizations larger than BN size or equivalent may also be submitted, but the submitting headquarters must take care to highlight the logic associated with the request to justify an exception to policy.

b. Recommendations for award of the ASUA to Army units will be submitted on a DA Form 7594 and processed through normal military command channels to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, unless it was disapproved earlier by a general officer in the chain of command. Recommendations will be initiated by a senior parent headquarters to the unit recommended for the award. Each recommendation will be submitted as promptly as practicable, supported by the following data:

- (1) Detailed unit mission statement.
- (2) Narrative outlining the period and basis for the award.
- (3) Record of absence without leave.
- (4) Convictions by courts-martial.
- (5) Punishments under Article 15, UCMJ.
- (6) A statement from the commander certifying that more than 65 percent of each unit's MTOE strength participated in the effort being recognized. If less than 65 percent participated, a detachment of the unit may be cited.
- (7) A list of all units assigned and attached and the inclusive dates of the period of service for each unit.
- (8) The complete official unit designation and UIC must be included for each unit. Include designations and derivative UICs for subordinate elements of parent units and for all elements comprising task force organizations. When less than the entire unit is involved, but more than 65 percent of the MTOE strength, it should be indicated by a minus sign (-) next to the unit designation. When the percentage involved is less than 65 percent of a unit's MTOE strength, the unit should be listed as a detachment of the parent unit.
- (9) A proposed citation, naming all participating units, and the specific date and location of the service being recognized.

c. Each recommendation must be formally entered into military channels within 2 years from the completion of the mission or services. Achievements or service for which this award is intended to recognize will not normally exceed 12 months in duration. Recommendations made after the 3-year window will be submitted in accordance with the 10 USC 1130 process. (Refer to para 1-14 and app F).

- d. Only BN and smaller or comparable units organized under TOE and similar type units organized under TDA are recommended for and are eligible to receive the ASUA. Under most circumstances, headquarters type units would not be eligible for the award. Award to units larger than BN size would be infrequent.
- e. Any general officer in the chain of command may disapprove an ASUA recommendation.
- f. The DCS, G-1 is the approval authority for the ASUA.
- g. The award elements for the ASUA are as follows: ASUA Emblem; certificate and citation; streamer; and DAGO.
- h. The ASUA Lapel Pin is authorized for issue and wear by DA civilians in the employ of the decorated unit. Those individuals employed with the unit during the cited period may wear the lapel pin permanently. Those currently employed with a decorated unit, but who were not employed during the cited period, may wear the lapel pin on a temporary basis as long as they remain employed by the unit. The lapel pin is also authorized for optional purchase and wear on civilian clothing by qualified military personnel. Permanent and temporary wear is governed by the provisions of AR 670-1.

7-17. Rules for processing DA Form 7594

- a. DA Form 7594 will be used to initiate, process, and approve unit award recommendations.
- b. HRC, ADB is the only authorized issuer of permanent unit award orders as part of DA Form 7594, unless this authority has been delegated by the SECARMY or his or her designee, in writing. Approved unit awards will also be confirmed in DAGOs at a later date. Records custodians may use the POs as authorization to update individual records.
- c. Each headquarters will have procedures established to ensure that every recommendation is processed with minimum delay. Recommendations for unit awards should be sent to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, and arrive no later than 120 to 180 days prior to the desired presentation date. Processing times may vary depending on current operations. Recommendation packets, to include DA Form 7594, may not be more than 25 pages.
- d. Classified unit award recommendation packets will be prepared, processed, and protected according to AR 380-5. The fourth and fifth page of the DA Form 7594 must be unclassified. Proposed and approved citations will be prepared to contain no classified information.
- e. Recommendations submitted to HRC, ADB will be submitted with the original and a copy of all supporting documents.
- f. Premature disclosure of information to the public, or to the unit being recommended for an award, is a potential source of embarrassment to recommending officials and should be strongly discouraged. Prior disclosure of approved unit awards should also be discouraged since it would diminish the impact of ceremonies when the award is ultimately presented. Once unit award recommendation is received, HRC, ADB will acknowledge receipt of the recommendation only.
- g. Recommendations will be forwarded through command channels to HRC, ADB unless otherwise delegated in accordance with table 3-4 (except for the ASUA). Each intermediate commander will recommend approval or disapproval, and cite specific reasons whenever disapproval is recommended. In accordance with paragraph 7-16, any general officer in the chain of command may disapprove an ASUA recommendation.
- h. Narrative description for unit awards will be submitted in accordance with applicable recommended unit award paragraphs. The narrative may be submitted in 10, 11, or 12 pitch font on space provided on DA Form 7594. If additional pages are required, continuation pages may be submitted on an 8 1/2 by 11-inch bond paper enclosed as an addendum to the form. Citations for unit awards must be meaningful, specific, and limited to 25 lines.
- i. Steps for preparing and processing unit awards using the DA Form 7594 are outlined in table 7-2.

Section IV

Campaign Credit, Streamers, and Other Unit Award Devices

7–18. Establishing campaign participation credit

a. Army units will be deemed to have participated in combat if they actually engaged the enemy in combat, if they were deployed in a designated combat zone, or if they performed duties either in the air or on the ground in any part of the combat zone at any time during the designated period of the respective battle, campaign, or expedition.

b. During the period of military operations against an armed enemy and for 1 year thereafter, the theater commander (Army), upon approval of SECARMY delegation, is authorized to grant campaign participation credit for named, closed campaigns to units under their command. This authority may not be further delegated. The theater commander will coordinate with HRC, ADB in regards to processing procedures on proposed campaign participation credit POs to be issued in theater. After HRC, ADB review of proposed POs, final coordination will be completed and POs may be issued by the theater commander.

c. In the absence of an order by the senior Army theater commander, units may submit requests for campaign credit for named campaigns to the Commander, U.S. Army Human Resources Command (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408.

d. For designated named operations for which the Joint Chiefs of Staff has approved award of the AFEM, the SECARMY may authorize campaign participation credit. The SAC in a theater of operations may recommend units that participated in a named operation to be authorized campaign participation credit by submitting a request to the Commander, U.S. Army Human Resources Command (AHRC–PDP–A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122–5408. The recommendation will include a list of all participating Army organizations (including designations, UICs, and deployed periods of service). The following criteria will be used in determining whether an operation qualifies for a campaign participation credit:

(1) The Joint Chiefs of Staff must have authorized award of the AFEM for the operation in accordance with paragraph 2–12.

(2) The operation cannot have been included in or covered by any other named campaign.

(3) The scope and mission of the operation must have constituted a significant combat operation that involved an issue of strategic international policy or represented a particular action or series of actions of historical significance to

the Army and the Nation. Training, presence, or security assistance deployments, even if to potentially hostile areas, do not normally meet this intent.

(4) The operation required deployment of substantial Army forces (typically defined as consisting of at least a brigade or equivalent of combat forces, provided they did not consist solely of provisional organizations) for at least 30 consecutive days.

(5) Army forces must have been involved in substantial combat or operations against a hostile force involving a combination of combat and the imminent threat of hostile action. Although not all forces deployed may have been directly engaged in combat operations, the operation as a whole must have presented a situation and threat that placed all deployed Army forces on a combat footing.

e. The U.S. Army CMH will review all requests submitted to the Commander, HRC using the following criteria to determine credit:

(1) In instances where units do not appear on the senior Army theater commander's list, an organization will be granted campaign participation credit if unit movement orders are provided as evidence of its participation in the campaign.

(2) An organization will be granted campaign participation credit if evidence is provided that 65 percent or more of its MTOE strength participated in the campaign.

(3) In the absence of unit movement orders or evidence that 65 percent of its MTOE strength participated, an organization will not be granted campaign participation credit. However, those unit members who did participate in a campaign will be entitled to wear bronze service stars on their campaign medal to denote participation in a campaign.

f. Commanders who are not delegated wartime awards approval authority will initiate requests for campaign participation credit that includes all wartime subordinate units (assigned or attached) to HRC, ADB. HRC will issue the PO announcing the campaign participation credit and it will be confirmed in a DAGO. The PO and DAGO will not be issued by HRC, ADB until the closing of the named campaigns with the exception to the Global War on Terrorism and Kosovo campaigns. Refer to table 7-3 on campaign participation credit processing.

g. In the absence of an order by the senior Army theater commander, the following rules apply:

(1) In instances where units do not appear on the senior Army theater commander's list, a unit will be granted campaign participation credit if unit/individual movement orders are furnished as evidence of its participation in the campaign.

(2) A unit will be granted campaign participation credit if evidence is furnished that 65 percent or more of its MTOE strength participated in the campaign.

(3) In the absence of unit/individual movement orders, and/or evidence of 65 percent of its MTOE strength having participated, an organization will not be granted campaign participation credit.

(4) Recommendation(s) will be submitted in accordance with table 7-3.

h. The boundaries of the combat zone and time limitations of each campaign in World Wars I and II, the Korean War, and the operations in Grenada, Panama, SWA, and Dominican Republic have been announced in DAGOs. The Chief of the CMH determines the campaign participation credit for all wars prior to World War I and for the Vietnam Conflict.

i. See AR 840-10 (campaign streamers) for Civil War service.

j. Units that are or will be deactivated are recommended to submit a request for campaign participation credit as soon as possible upon the closing of the campaign. Requests for Global War on Terrorism and Kosovo may be submitted directly to HRC, ADB.

k. All requests for campaign participation credit for National Guard units must be submitted by email through the National Guard Bureau combat awards branch to ngbcombatawards@ng.army.mil. Upon National Guard Bureau approval, campaign participation credit request will be forwarded to the HRC, ADB.

l. For additional information on campaign participation credit see the HRC, ADB Web site at <https://www.hrc.army.mil/TAGD/Campaign%20Participation%20Credit%20CPC>.

a. Assault-landing credit (award of the bronze arrowhead) may be made to units of the Army who, in the combat zone of a battle, campaign, or expedition as established by Joint Chiefs of Staff or DA, accomplish one of the following types of assault operations:

(1) Make a parachute jump into enemy-held territory as a part of an organized force carrying out an assigned tactical mission.

(2) Participate in the assault waves of an amphibious landing on enemy-held territory.

b. The assault operation will be of such scope as to warrant DA designation as a battle or campaign and be of such magnitude as to include tactical elements of at least one other Service. The forces committed should be spearheading a major assault into enemy-controlled territory. The operation will be such that the committed forces will ultimately control the area in which they have landed and not rely on immediate link-up with other forces or extrication after a hit-and-run type of mission. Day-to-day combat assault type missions in an already established combat zone do not qualify for award of the arrowhead device. For the individual Soldier to receive award of the arrowhead, the Soldier must physically exit the aircraft or watercraft during the assault landing.

 - (6) Enemy situation and reaction.
 - (7) Specific location where the assault landing occurred.
 - (8) A statement certifying that more than 65 percent of each unit's MTOE strength participated in the assault landing. If less than 65 percent participated, a detachment of the unit may be cited.
 - (9) Complete official unit designation and UIC must be included for each unit. Include designations and derivative UICs for subordinate elements of parent units, and for all elements comprising task force organizations. When less than the entire unit is involved, but more than 65 percent of the MTOE strength, it should be indicated by a minus sign (-) next to the unit designation. When the percentage involved is less than 65 percent of the MTOE strength, the unit should be listed as a detachment of the parent unit.
- d. The HRC, ADB will forward the information to Office of the DCS, G-3/5/7 and CMH for confirmation. HRC will then publish a DAGO announcing assault-landing credit.

- f. Individual Soldier's recognition of an arrowhead does not require publication of orders. Soldier qualification records will be annotated for arrowhead credit per AR 600-8-104. Once assault-landing credit is announced in a DAGO, POs may be published awarding individual Soldier's the Parachutist Badge and or the Military Free Fall Parachutist Badge with bronze star. d. The processing of orders for award, rescission, revocation, and reinstatement of Army badges and tabs can be found in paragraphs 1-30 and 1-31.

Section II

Combat and Special Skill Badges

8-6. Combat Infantryman Badge

a. For award of the CIB a Soldier must meet the following three requirements:

- (1) Be an infantryman satisfactorily performing infantry duties.
- (2) Assigned to an infantry unit during such time as the unit is engaged in active ground combat.
- (3) Actively participate in such ground combat. Campaign or battle credit alone is not sufficient for award of the CIB.

b. The specific eligibility criteria for the CIB require that:

(1) A Soldier must be an Army infantry or SF officer (SSI 11 or 18) in the grade of COL/O-6 or below, or an Army enlisted Soldier or warrant officer with an infantry or SF MOS who, subsequent to 6 December 1941, has satisfactorily performed duty while assigned or attached as a member of an infantry, ranger, or SF unit of either a brigade, regimental, or smaller size during any period such unit was engaged in active ground combat. Eligibility for SF personnel in MOSs 18B, 18C, 18E, 18F, and 18Z (less 18D-SF medical sergeant) accrues from 20 December 1989. Retroactive awards of the CIB to SF personnel are not authorized prior to 20 December 1989.

(2) A recipient must be personally present and under hostile fire while serving in an assigned infantry or SF primary duty, in a unit actively engaged in ground combat with the enemy. The unit in question must be a brigade, regiment, or smaller size. For example, personnel possessing an infantry MOS in a rifle squad of a cavalry platoon in a cavalry troop would be eligible for award of the CIB. Battle or campaign participation credit alone is not sufficient; the unit must have been in active ground combat with the enemy during the period.

(3) Personnel with other than an infantry or SF MOS are not eligible, regardless of the circumstances. The infantry or SF SSI or MOS does not necessarily have to be the Soldier's primary specialty, as long as the Soldier has been properly trained in infantry or SF tactics, possesses the appropriate skill code, and is serving in that specialty when engaged in active ground combat as described above. Commanders are not authorized to make any exceptions to this policy.

(4) Awards will not be made to general officers or to members of headquarters companies of units larger in size than brigade.

(5) On or after 18 September 2001—

(a) A Soldier must be an Army infantry or SF officer (SSI 11 or 18) in the grade of COL/O-6 or below, or an Army enlisted Soldier or warrant officer with an infantry or SF MOS, who has satisfactorily performed duty while assigned or attached as a member of an infantry, ranger, or SF unit of brigade, regimental, or smaller size during any period such unit was engaged in active ground combat, to close with and destroy the enemy with direct fires.

(b) A Soldier must be personally present and under fire while serving in an assigned infantry or SF primary duty, in a unit engaged in active ground combat to close with and destroy the enemy with direct fires. Improvised explosive devices vehicle-borne improvised explosive devices, and the like are direct fire weapons. While no fixed, qualifying distance from an explosion of these devices can be established, commanders should consider the entirety of the combat situation when considering award of the CIB.

(c) Soldiers possessing MOS of 18D (SF medical sergeant) who satisfactorily perform SF duties while assigned or attached to a SF unit of brigade, regimental, or smaller size during any period such unit was engaged in active ground combat may be awarded the CIB. These Soldiers must have been personally present and engaged in active ground combat, to close with and destroy the enemy with direct fires. Retroactive awards under these criteria are not authorized for service prior to 18 September 2001.

(d) Those Soldiers possessing MOS of 18D who qualify for award of the CMB from 18 September 2001 to 3 June 2005 will remain qualified for the badge. Upon request, any such Soldier may be awarded the CIB instead of the CMB. In such instances, the Soldier must submit a request through the chain of command to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408 for conversion of the CMB to the CIB.

(e) Servicemembers from the other U.S. Armed Forces and foreign military (infantry and SF equivalents) assigned or attached as a member of a U.S. Army infantry or SF unit of brigade, regimental, or smaller size may be considered for award of the CIB. All basic requirements as listed above must be met. Retroactive awards under these criteria are not authorized for service prior to 18 September 2001.

c. The CIB is authorized for award for the following qualifying wars, conflicts, and operations (see para 8-6g on subsequent award of the CIB):

- (1) World War II (7 December 1941 to 3 September 1945).
- (2) Korean War (27 June 1950 to 27 July 1953).
- (3) Republic of Vietnam Conflict (2 March 1961 to 28 March 1973) combined with qualifying service in Laos (19 April 1961 to 6 October 1962).
- (4) Dominican Republic (28 April 1965 to 1 September 1966).
- (5) Korea on the demilitarized zone (DMZ) (4 January 1969 to 31 March 1994).

d. The special provision authorized for the Global War on Terrorism is listed in this paragraph. The CIB may be awarded to recognize those U.S. Army infantry and SF Soldiers embedded in formed Afghan National Army or Iraqi Infantry and/or SF units, or Iraqi specialized infantry-type units, of brigade, regimental, or smaller size, or assigned as advisors to a foreign infantry and/or SF comparable to the above infantry units, as tactical advisors, trainers, or liaisons, during the time that the supported infantry and/or SF unit engages in active ground combat, to close with and destroy the enemy with direct fires. Qualified Soldiers must have been personally present and participated in the combat operations.

e. The special provisions authorized for the Vietnam Conflict, Laos, and Korea on the DMZ are outlined below.

(1) During the Vietnam Conflict, any officer whose basic branch is other than infantry who, under appropriate orders, commanded a line infantry (other than a headquarters) unit of brigade, regimental, or smaller size for at least 30 consecutive days is deemed to have been detailed in infantry and is eligible for award of the CIB notwithstanding absence of a written directive detailing that Soldier in the infantry, provided all other requirements for the award have been met. Orders directing the officer to assume command will be confirmed, in writing, at the earliest practicable date.

(a) In addition, any officer, warrant officer, or enlisted Soldier whose branch is other than infantry who, under appropriate orders was assigned to advise a unit listed in paragraphs 8-6e(1)(c) and (d) or was assigned as a member of a White Star Mobile Training Team or a member of Military Advisory and Assistance Group-Laos as indicated in paragraphs 8-6e(2)(a) and (b), will be eligible for award of the CIB provided all other requirements have been met.

(b) After 1 December 1967 for service in the Republic of Vietnam, NCOs serving as command sergeants major of infantry BNs and brigades for periods of at least 30 consecutive days in a combat zone are eligible for award of the CIB provided all other requirements have been met.

(c) Subsequent to 1 March 1961, a Soldier must have been—

1. Assigned as advisor to an infantry unit, ranger unit, infantry-type unit of the civil guard of regimental or smaller size, and/or infantry-type unit of the self-defense corps unit of regimental or smaller size of the Vietnamese government during any period such unit was engaged in actual ground combat.

2. Assigned as advisor of an irregular force comparable to the above infantry units under similar conditions.

3. Personally present and under fire while serving in an assigned primary duty as a member of a tactical advisory team while the unit participated in ground combat.

(d) Subsequent to 24 May 1965, to qualify for the CIB, personnel serving in U.S. units must meet the requirements

of paragraph 8-6b(1). Individuals who performed liaison duties with the Royal Thai Army or the Army of the Republic of Korea combat units in Vietnam are eligible for award of the badge provided they meet all other requirements.

(2) In Laos from 19 April 1961 to 6 October 1962, a Soldier must have been—

(a) Assigned as member of a White Star Mobile Training Team while the team was attached to or working with a unit of regimental (groupment mobile) or smaller size of Forces Armee du Royaume, or with irregular-type forces of regimental or smaller size.

(b) A member of the Military Advisory and Assistance Group-Laos assigned as an advisor to a region or zone of Forces Armee du Royaume, or while serving with irregular-type forces of regimental or smaller size.

(c) Personally under hostile fire while assigned as specified in paragraphs 8-6e(2)(a) or (b).

(3) In Korea on the DMZ. The special requirements for award of the CIB for service in the Republic of Korea are rescinded. Army veterans and Servicemembers who served in Korea on or after 28 July 1953 and meet the criteria for award of the CIB outlined in paragraph 8-6c may submit an application (to include supporting documentation) for award of the CIB to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Retroactive awards under these criteria are not authorized for service prior to 29 July 1953.

f. Second and third awards of the CIB are indicated by superimposing one and two stars respectively, centered at the top of the badge between the points of the oak wreath. To date, a separate award of the CIB has been authorized for qualified Soldiers in the following qualifying periods:

(1) World War II (7 December 1941 to 3 September 1945).

(2) Korean War (27 June 1950 to 27 July 1953).

(3) Republic of Vietnam Conflict. Service in the Republic of Vietnam Conflict (2 March 1961 to 28 March 1973) combined with qualifying service in Laos; Dominican Republic; Korea on the DMZ; El Salvador; Grenada; Joint Security Area, Panmunjom, Korea; Panama; SWA Conflict; and Somalia; regardless of whether a Soldier has served one or multiple tours in any or all of these areas. The Republic of Vietnam Conflict Era officially terminated on 10 March 1995.

(4) Global War on Terrorism (18 September 2001 to a date to be determined) (Afghanistan, OEF and OFS; Iraq, OIF and OND; OIR).

g. Subsequent awards of the CIB are not authorized for the same qualifying period, as outlined above. The CIB may be awarded as follows:

(1) *Current awards.* These may be awarded by HRC, ADB and any commander in the rank of COL/O-6 and above when delegated wartime award approval authority by the SECARMY (or his or her designee). When this authority has not been delegated, recommendations will be submitted through command channels to HRC, ADB for processing.

(2) *Retroactive award of the Combat Infantryman Badge.* Retroactive award of the CIB is authorized for time periods specified above for fully qualified individuals. The awards may be awarded by Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Applications for retroactive award to active duty Soldiers and RC Soldiers will be forwarded through command channels to the first general officer (for endorsement) to HRC for processing. Retirees and veterans should address their applications to National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002. All ARNG requests, once endorsed, will be submitted to the Director, (ARNG-HRH-A), 111 S. George Mason Drive, Arlington, VA 22204-1373 prior to being submitted to HRC. Such awards will not be made except where evidence of injustice is presented.

h. The CIB was established by the War Department on 27 October 1943. LTG Lesley J. McNair, then the Army Ground Forces CG, was instrumental in its creation. He originally recommended that it be called the "fighter badge." Then Secretary of War Henry Stimson said, "It is high time we recognize in a personal way the skill and heroism of the American infantry." The CIB was designed to enhance morale and the prestige of the "Queen of Battle." The badge was intended as an inducement for individuals to join the infantry while serving as a morale booster for infantrymen serving in every theater.

(1) Originally, the regimental commander was the lowest level at which the CIB could be approved and its award was retroactive to 7 December 1941. There was a separate provision for badge holders to receive a \$10 per month pay stipend, which was rescinded in 1948. Several factors led to the creation of the CIB, an award that would provide special recognition of the unique role of the Army infantryman, the only Soldier whose daily mission is to close with and destroy the enemy and to seize and hold terrain. Some of the most prominent factors are as follows:

(a) The need for large numbers of well-trained infantry to bring about a successful conclusion to the war and the already critical shortage of infantrymen.

(b) Of all Soldiers, it was recognized that the infantryman continuously operated under the worst conditions and performed a mission that was not assigned to any other Soldier or unit.

(c) The infantry, a small portion of the total Armed Forces, was suffering the most casualties while receiving the least public recognition.

(d) General Marshall's well known affinity for the ground forces Soldier and, in particular, the infantryman.

(2) In developing the CIB, the War Department did not dismiss out of hand or ignore the contributions of other

branches. Their vital contributions to the overall war effort were certainly noted, but it was decided that other awards and decorations were sufficient to recognize their contributions. From the beginning, Army leaders have taken care to retain the badge for the unique purpose for which it was established and to prevent the adoption of any other badge, which would lower its prestige. At the close of World War II, the largest war in which the armor and artillery played key roles in the ground campaigns, a review was conducted of the CIB criteria with consideration being given to creating either additional badges or authorizing the badge to cavalry and armor units. The review noted that any change in policy would detract from the prestige of the badge.

(3) The definition of requirement to be "engaged in active ground combat" has generated much dialogue over the years as to the original intent of the CIB. The 1943 War Department Circular required infantrymen to demonstrate "satisfactory performance of duty in action against the enemy." The operative words "in action" connoted actual combat. A War Department determination in October 1944 specified that "action against the enemy" for purposes of award of the CIB was to be interpreted as "ground combat against enemy ground forces."

(4) In 1948, the regulation governing badges stipulated that "battle participation credit is not sufficient; the unit must have been in contact with the enemy." This clearly indicated that an exchange of hostile fire or equivalent personal exposure was the intent of the Army leadership.

(5) In 1963 and 1965, HQDA messages to the SAC in the Southeast Asia theater of operations authorized award of the CIB to otherwise qualified personnel "provided they are personally present and under fire." U.S. Army Vietnam regulations went so far as to require documentation of the type and intensity of enemy fire encountered by the Soldier. The intended requirement to be "personally present and under fire" has not changed.

8-7. Combat Medical Badge

a. Eligibility requirements for the CMB are as follows:

(1) The CMB may be awarded to members of the Army Medical Department (AMEDD) (COL/O-6 and below), the Naval Medical Department (Captains and below), the USAF Medical Service (COL/O-6 and below), assigned or attached by appropriate orders to an infantry unit of either a brigade, regiment, or smaller size, or to a medical unit of company or smaller size, organic to an infantry unit of brigade or smaller size, during any period the infantry unit is engaged in actual ground combat on or after 6 December 1941. Battle participation credit alone is not sufficient; the infantry unit must have been in contact with the enemy.

(2) Award of the CMB will not be made to general or flag officers.

b. The following individuals are also eligible for the CMB:

(1) Effective 19 December 1989, SF personnel possessing MOS 18D (SF medical sergeant) who satisfactorily perform medical duties while assigned or attached to a SF unit during any period the unit is engaged in active ground combat, provided they are personally present and under fire. Retroactive awards under these criteria are not authorized prior to 19 December 1989.

(2) Effective 16 January 1991, medical personnel outlined in paragraph 8-7a(1) assigned or attached to armor and ground cavalry units of brigade or smaller size, who satisfactorily perform medical duties while the unit is engaged in actual ground combat, provided they are personally present and under fire. Retroactive awards under these criteria are not authorized prior to 16 January 1991.

(3) Effective 11 September 2001, medical personnel outlined in paragraphs 8-7a(1) and b(2) assigned or attached to, or under operational control of any ground combat arms and combat aviation units of brigade or smaller size, who satisfactorily perform medical duties while the unit is engaged in actual ground combat, provided they are personally present and under fire. Retroactive awards under these criteria are not authorized prior to 11 September 2001.

(4) On or after 18 September 2001:

(a) Medical personnel assigned or attached to, or under operational control of any ground combat arms or combat aviation units of brigade or smaller size, who satisfactorily perform medical duties while the unit is engaged in active ground combat, provided they are personally present and under fire. Retroactive awards under these criteria are not authorized for service prior to 18 September 2001.

(b) Effective 3 June 2005, Soldiers possessing a MOS of 18D are no longer eligible for award of the CMB (see paras 8-6b(5)(c) and (d)).

c. The CMB is authorized for award for the following qualifying wars, conflicts, and operations (see para 8-7e on subsequent award of the CMB):

(1) World War II (7 December 1941 to 3 September 1945).

(2) Korean War (27 June 1950 to 27 July 1953).

(3) Republic of Vietnam Conflict (2 March 1961 to 28 March 1973), combined with qualifying service in Laos (19 April 1961 to 6 October 1962).

(4) Dominican Republic (28 April 1965 to 1 September 1966).

(5) Korea on the DMZ (4 January 1969 to 31 March 1994).

(6) El Salvador (1 January 1981 to 1 February 1992).

(7) Grenada (23 October to 21 November 1983).

- (8) Joint Security Area, Panmunjom, Korea (23 November 1984).
- (9) Panama (20 December 1989 to 31 January 1990).
- (10) SWA Conflict (17 January to 11 April 1991).
- (11) Somalia (5 June 1993 to 31 March 1994).
- (12) Afghanistan (OEF, 18 September 2001 to 31 December 2014; OFS, 1 January 2015 to a date to be determined).
- (13) Iraq (OIF, 19 March 2003 to 31 August 2010; OND, 1 September 2010 to 31 December 2011).
- (14) OIR, 15 June 2014 to a date to be determined).

d. The special provisions for Vietnam Conflict, Laos and Korea on the DMZ are as follows:

(1) *For service in the Republic of Vietnam.*

(a) Subsequent to 1 March 1961, a Soldier must have been assigned to a Vietnamese unit engaged in actual ground combat or as a member of a U.S. Army infantry unit of brigade or smaller size, including SF detachments, serving with a Republic of Vietnam unit engaged in actual ground combat. The Republic of Vietnam unit must have been of regimental size or smaller and either an infantry, ranger, infantry-type unit of the civil guard, infantry-type unit of the self-defense corps, or of the irregular forces. The Soldier must have been personally present and under hostile fire while assigned as specified.

(b) Subsequent to 24 May 1965, Soldiers serving in U.S. units must meet the requirements of paragraph 8-7d(1)(a). Soldiers who performed liaison duties with the Royal Thai Army or Army of the Republic of Korea combat units in Vietnam are eligible for award of the badge provided they meet all other requirements.

(2) *For service in Laos.* From 19 April 1961 to 6 October 1962, the Soldier must have been—

(a) Assigned as member of a White Star Mobile Training Team while the team was attached to or working with a unit of regimental (groupment mobile) or smaller size of Forces Armee du Royaume, or with irregular-type forces of regimental or smaller size.

(b) A member of Military Advisory and Assistance Group-Laos assigned as an advisor to a region or zone of Forces Armee du Royaume, or while serving with irregular-type forces of regimental or smaller size.

(c) Personally under hostile fire while assigned as specified in paragraphs 8-7d(2)(a) or (b).

(3) *For service in Korea on the demilitarized zone.* The special requirements for award of the CMB for service in the Republic of Korea are rescinded. Army veterans and Servicemembers who served in Korea on or after 28 July 1953 and meet the criteria for award of the CMB (see para 8-7c) may submit an application (to include supporting documentation) for award of the CMB to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. All ARNG requests, once endorsed, will be submitted to the Director, ARNG-HRH-A, 111 S. George Mason Drive, Arlington, VA 22204-1373 prior to being submitted to HRC. Retroactive award under these criteria is not authorized for service prior to 29 July 1953.

e. Second and subsequent awards of the CMB are indicated by superimposing one and two stars respectively, centered at the top of the badge between the points of the oak wreath. To date, a separate award of the CMB has been authorized for qualified Soldiers in the following four conflicts:

(1) World War II.

(2) Korean War.

(3) Republic of Vietnam Conflict. Service in the Republic of Vietnam Conflict combined with qualifying service in Laos; Dominican Republic; Korea on the DMZ; El Salvador; Grenada; Joint Security Area, Panmunjom, Korea; Panama; SWA Conflict; and Somalia, regardless of whether a Soldier has served one or multiple tours in any or all of these areas. The Republic of Vietnam Conflict Era officially terminated on 10 March 1995.

(4) Global War on Terrorism (18 September 2001 to a date to be determined) (Afghanistan, OEF and OFS; Iraq, OIR and OND; OIR).

f. Subsequent award of the CMB is not authorized for the same qualifying period, as outlined above. The CMB may be awarded as follows:

(1) *Current awards.* These may be awarded by HRC, ADB and any commander in the rank of COL/O-6 and above when delegated wartime award approval authority by the SECARMY (or his or her designee). When this authority has not been delegated, recommendations will be submitted through command channels to HRC, ADB for processing.

(2) *Retroactive award of the Combat Medical Badge.* Retroactive award of the CMB is authorized for time periods specified above for fully qualified individuals. The awards may be awarded by Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Applications for retroactive award to active duty Soldiers and RC Soldiers will be forwarded through command channels to the first general officer (for endorsement) to HRC for processing. Retirees and veterans should address their applications to National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002. All ARNG requests, once endorsed, will be submitted to the Director, (ARNG-HRH-A), 111 S. George Mason Drive, Arlington, VA 22204-1373 prior to being submitted to HRC. Such awards will not be made except where evidence of injustice is presented.

g. The award approval authority for the CMB (see para 8-7f).

h. Originally established as the Medical Badge, the CMB was created by the War Department on 1 March 1945. It could be awarded to officers, warrant officers, and enlisted Soldier of the AMEDD assigned or attached to the medical detachment of infantry regiments, infantry BNs, and elements thereof designated as infantry in tables of organization or TOEs. Its evolution stemmed from a requirement to recognize medical aid-men who shared the same hazards and hardships of ground combat on a daily basis with the infantry Soldier. Though established almost a year and a half after the CIB, it could be awarded retroactive to 7 December 1941 to fully qualified personnel.

(1) Similar to the CIB, the regimental commander was the lowest level at which the CMB could be approved, and it also initially carried with it a separate provision for enlisted badge holders to receive a \$10 per month pay stipend.

(2) The CMB was created as a "companion" badge to the CIB with criteria for its award intended to parallel that of the CIB. It was designed to provide recognition to the field medic who accompanies the infantryman into battle and shares experiences unique to the infantry in combat. There was never any intention to award the CMB to all medical personnel who serve in a combat zone or imminent danger area, that is, a division-level medical company supporting a maneuver brigade.

(3) As with the CIB, the infantry unit to which the medical personnel are assigned or attached must engage the enemy in active ground combat. Since inception, DA's intent regarding this requirement has been that medical personnel must be personally present and under fire in order to be eligible for the award of the badge. So stringent was this requirement during the Vietnam era that recommending officials were required to document the place (in six digit coordinates), time, type, and intensity of fire to which the proposed recipient was exposed. This fact naturally precludes the awarding of the badge to those medical personnel who accompany infantry units into a potential engagement area but do not come under enemy fire.

(4) Over the years, there has been some confusion concerning the phrase "in direct support of an infantry unit." The CMB is intended for, and awarded to, those medical personnel who accompany the infantryman into combat. The Army has never approved of deviations from this purpose and its restrictive criteria. During the World War II era, medical support for infantry units in combat was provided by the medical detachments and companies of BNs and regiments. These medical personnel and units were termed direct support. This concept lasted until Vietnam.

(5) Today, medical personnel are assigned as organic personnel to infantry, combat arms, and combat aviation companies and are regarded as participants as opposed to being categorized as those providing direct medical support. For example, medical personnel serving in division-level medical companies, ground ambulance and medical clearing companies, mobile Army surgical hospitals, combat support hospitals, field hospitals, and aeromedical evacuation units are not eligible for the CMB.

(6) The sole criterion that qualifies medical personnel for award of the CMB is to be assigned or attached to an infantry, combat arms, or combat aviation unit engaged in active ground combat.

(7) Medical personnel, other than those medics organic to infantry units, may qualify only if they serve as medical personnel accompanying infantry, combat arms, or combat aviation units during combat operations. Conceivably, this could occur if a unit lost all its medics and, as a temporary or permanent measure, medical personnel were attached to an infantry, combat arms, or combat aviation unit but remained assigned to a hospital or other noninfantry unit.

8-8. Combat Action Badge

a. On 2 May 2005, the CSA approved the creation of the CAB to provide special recognition to Soldiers who personally engaged, or are engaged by, the enemy.

b. The requirements for award of the CAB are branch and MOS immaterial. Assignment to a combat arms unit or a unit organized to conduct close or offensive combat operations, or performing offensive combat operations, is not required to qualify for the CAB. However, it is not intended to award the CAB to all Soldiers who serve in a combat zone or imminent danger area.

c. Specific eligibility requirements include:

(1) May be awarded to any Soldier.

(2) Soldier must be performing assigned duties in an area where hostile fire pay or imminent danger pay is authorized.

(3) Soldier must be personally present and actively engaging or being engaged by the enemy, and performing satisfactorily in accordance with the prescribed rules of engagement.

(4) Soldier must not be assigned or attached to a unit that would qualify the Soldier for the CIB and/or CMB. For example, an infantryman (MOS 11B) assigned to Corps staff is eligible for award of the CAB. However, an infantryman assigned to an infantry BN is not eligible for award of the CAB.

d. In addition to Army Soldiers, the CAB may also be awarded to Servicemembers of other U.S. Armed Forces and foreign military personnel assigned to a U.S. Army unit, provided they meet the above criteria (for example, KATUSA in the 2d Infantry Division).

e. Award of the CAB is authorized for the following operations (award for qualifying service in any previous conflict is not authorized):

(1) Afghanistan (OEF, 18 September 2001 to 31 December 2014; OFS, 1 January 2015 to a date to be determined).

(2) Iraq (OIF, 19 March 2003 to 31 August 2010; OND, 1 September 2010 to 31 December 2011).

(3) OIR, 15 June 2014 to a date to be determined.

f. Subsequent award of the CAB is not authorized for the same qualifying period, as outlined above. The CMB may be awarded as follows:

(1) *Current awards.* These may be awarded by HRC, ADB and any commander in the rank of COL/O-6 and above when delegated wartime award approval authority by the SECARMY (or his or her designee). When this authority has not been delegated, recommendations will be submitted through command channels to HRC, ADB for processing.

(2) *Retroactive award of the Combat Action Badge.* Retroactive award of the CAB is authorized for time periods specified above for fully qualified individuals. The awards may be awarded by Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408. Applications for retroactive award to active duty Soldiers and RC Soldiers will be forwarded through command channels to the first general officer (for endorsement) to HRC for processing. Retirees and veterans should address their applications to National Personnel Records Center (NPRC), 1 Archives Drive, St. Louis, MO 63138-1002. All ARNG requests, once endorsed, will be submitted to the Director, (ARNG-HRH-A), 111 S. George Mason Drive, Arlington, VA 22204-1373 prior to being submitted to HRC. Such awards will not be made except where evidence of injustice is presented.

g. Retroactive awards of the CAB are not authorized prior to 18 September 2001. For service on or after 18 September 2001, applications (with supporting documentation) for retroactive awards of the CAB will be forwarded through the first general officer in the chain of command to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

h. The CAB is categorized as a Group 1 badge (see AR 670-1 for specific wear instructions).

i. Soldier may be awarded the CIB, CMB, and CAB for the same qualifying period, provided the criteria for each badge are met. However, subsequent awards of the same badge within the same qualifying period are not authorized.

j. Second and subsequent awards of the CAB are as follows:

(1) Only one CAB may be awarded during a qualifying period.

(2) Second and subsequent award of the CAB will be indicated by superimposing one and two stars respectively, centered at the top of the badge between the points of the oak wreath.

k. Authority to award the CAB is also delegated to regional medical center commanders receiving casualties directly from the wartime theater. The CAB will be announced in POs. Award of the CAB is not automatic and will not be awarded solely based on award of the PH.

8-9. Expert Infantryman Badge

a. The basic eligibility criteria for the EIB is as follows:

(1) *Specialty skill identifier and military occupational specialty requirement for the Expert Infantryman Badge.* Candidates must be in an Active Army status and must possess a primary MOS in CMF 11 or CMF 18; be warrant officers identified as 180A; or be infantry or special operations branch officers serving in infantry positions.

(2) *Duty requirement for the Expert Infantryman Badge.* All personnel having a CMF 11 or specialty code 11 code, regardless of their present assignment, are eligible to participate in the EIB program. They must meet the prerequisites and take the test with an infantry unit of at least BN size.

(3) *Test requirement.* Personnel must meet all prerequisites and proficiency tests prescribed by U.S. Army Infantry Center.

b. The authority to test and award the badge is as follows:

(1) The following commanders are authorized to give EIB tests and award the badge to qualified Soldiers in their commands:

(a) Division commanders.

(b) Commanders of separate infantry brigades and regiments.

(c) Commanders of divisional brigades when authority is delegated to them by their division commanders.

(d) Separate infantry BN commanders when authority is delegated to them by the commander exercising general court-martial authority over the BN.

(e) Commanders of U.S. Army training centers.

(f) Commandant, U.S. Army Infantry School.

(g) Commanders of SF groups.

(h) Commanders of separate SF BNs when authority is delegated to them by the commander exercising general court-martial authority over their units.

(2) Commanders of RC combat and training divisions and brigade size units are authorized to administer EIB tests and award the badge to qualified personnel in the command.

8-10. Expert Field Medical Badge

a. The basic eligibility criteria are as follows:

(1) Specialty skill identifier and military occupational specialty requirement.

(a) Officers must be assigned or detailed to an AMEDD corps. This includes Army officers in training at the Uniformed Services University of Health Sciences. It also includes Army officers enrolled in the Health Professions Scholarship Program.

(b) Warrant officers must have an AMEDD primary MOS controlled by The Surgeon General. Warrant officer pilots are also eligible if they have a "D" skill qualification identifier (SQI) (Aero-medical Evacuation Pilot) and are assigned to an air ambulance unit.

(c) Enlisted personnel must have a primary MOS in the medical CMF.

(d) Other U.S. Armed Services and foreign military must either be medical personnel or serving in comparable medical positions. The approval for wear of the badge by other U.S. Armed Services and foreign military is governed according to their respective Services guidance.

(2) *Duty requirement.* Eligible personnel must be on active duty or assigned to a TPU in a RC unit or an AMEDD mobilization augmentation agency.

b. The authority to test and award the EFMB is as follows: The following commanders in the grade of LTC/O-5 or above are authorized to conduct the test and award the badge. Commanders must have the resources and facilities to conduct the test as prescribed by the U.S. Army Medical Department Center and School.

(1) Active Army TOE and TDA medical units.

(2) Division headquarters medical elements.

(3) Separate regiments and brigades.

(4) Commanders of USAR and ARNG units. Reserve and National Guard units must conduct the test during their annual active duty training.

8-11. Parachutist Badges

a. Three degrees of badges are authorized for award: Parachutist Badge-Basic, Senior Parachutist Badge, and Master Parachutist Badge.

b. An eligibility criterion for each badge is set forth in paragraphs 8-12, 8-13, and 8-14.

c. Special eligibility for awards will be determined from the DA Form 1307 (Individual Jump Record). Each entry on this form will include pay period covered and initials of the personnel officer, and an entry will be made only from a DA Form 1306 (Statement of Jump and Loading Manifest).

(1) The DA Form 1306 is maintained in the current file area and will be completed by an officer or jumpmaster. It will be maintained by the unit for at least 2 years then destroyed.

(2) The DA Form 1307 is a permanent document and the original form will be maintained by the unit's officer or jumpmaster and remain in the current file area. When Soldiers depart from an airborne unit, a copy of the original DA Form 1307 will be made and will be placed into the unit's archived records for 2 years and then destroyed. The original DA Form 1307 will be given to the Soldier to hand carry to the next airborne assignment or transition point for separation.

Chapter 9

Foreign and International Decorations and Awards to U.S. Army Personnel

Section I

General Provisions

9–1. Introduction

a. Intent. This chapter outlines the policies pertaining to the eligibility of individuals to accept or wear foreign decorations and badges tendered by foreign governments.

b. Law. 5 USC 7342 provides for employees of the U.S. Government, including Servicemembers of the Armed Forces of the United States, to accept gifts or decorations from a foreign government under certain conditions. No DOD employee may accept, request, or otherwise encourage the offer of a decoration from a foreign government. When possible, employees will refuse to accept such decorations or awards unless refusal would likely cause offense or embarrassment or otherwise adversely affect the foreign relations of the United States. Subject to restriction, an individual may participate in a ceremony and receive the tender of a foreign decoration. The receipt of the decoration will not constitute acceptance of the award by the recipient. The wearing of unauthorized awards, decorations, or other devices is a violation of UCMJ and may subject a Soldier to appropriate disciplinary action.

c. *Policy.* Conforming to the consent of Congress, it is DOD policy that awards from foreign governments may be accepted only in recognition of active combat service or for outstanding or unusually meritorious performance. Activities normally undertaken by the Armed Forces of the United States in support of an ally during peacetime are not considered sufficient to merit foreign individual or unit decorations.

d. *Constitutional restriction.* No person holding any office of profit or trust under the United States will, without the consent of the Congress, accept any present, compensation, office, or title of any kind whatsoever from any king, prince, or foreign states (Constitution, Article I, Section 9). This includes decorations and awards tendered by any official of a foreign government.

e. *Foreign gifts.* The approval and reporting of receipt of foreign gifts, to include travel and travel expenses, will be forwarded to Commander, U.S. Army Human Resources Command (AHRC-PDP), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408.

9-2. Guidelines

a. *Terms.* As used in this chapter, the following terms apply:

(1) *Decorations.* Any order, device, medal, badge, insignia, emblem, or award tendered by or received from a foreign government. Although a foreign government may label or consider an item to be a decoration that designation in itself does not mean the U.S. Government will consider the item a decoration. The key factor is whether the item is similar in nature to individual decorations awarded by the U.S. Government.

(2) *Employee.* Every Servicemember of the Armed Forces of the United States, or a member of the Family and household of any such person. For that explanation, “member of the Family and household” means a relative by blood, marriage, or adoption that is a resident of the household.

(3) *Employing component.* The DOD component in which the recipient is appointed, employed, or enlisted. If a recipient is not so serving, but is a spouse or Family member of a serving individual, then the employing DOD component is that in which the serving individual is appointed, employed, or enlisted.

(4) *Foreign government.* Includes any unit of foreign governmental authority (including any foreign national, State, local, and municipal government) or any international or multinational organization whose membership is composed of the agents or representatives of any of these foreign governments.

(5) *Outstanding or unusually meritorious performance.* Performance of duty determined by the employing DOD component to have contributed to an unusually significant degree toward the furtherance of good relations between the United States and the foreign government tendering the decoration. That requires that the service be of national significance to the foreign government and that it be performed under exceptionally difficult, extraordinary, or hazardous conditions.

b. *Procedures.* See DODM 1348.33, Volume 3, Enclosure 3 for the procedures on accepting foreign awards proffered by a foreign government.

c. *Special provisions.*

(1) The provisions for receipt and acceptance, or prohibition thereof, of foreign decorations and badges outlined in this chapter apply to the following:

(a) All personnel in the Armed Forces of the United States, whether or not on active duty.

(b) All members of the RCs of the Armed Forces of the United States, whether or not on active duty.

(c) All DA civilian employees, including experts and consultants under contract to DA.

(d) All retired members of the active Armed Forces of the United States who are entitled to pay.

(e) A member of the Family and household of military and civilian personnel designated in paragraphs 9-2c(1)(a) through (c) and all spouses (unless legally separated) and their dependents, as defined in 26 USC 152.

(2) The provisions for receipt and acceptance, or prohibition thereof, of foreign decorations and badges outlined in this chapter do not apply to the following:

(a) If the recipient of a decoration dies before approval of acceptance can be obtained. Such decorations and accompanying documents will be forwarded to Commander, U.S. Army Human Resources Command, Awards and Decorations Branch (AHRC-PDP-A), 1600 Spearhead Division Avenue, Fort Knox, KY 40122-5408, for delivery to the primary next of kin.

(b) A foreign decoration awarded for service while the recipient was a bona fide member of the armed forces of a friendly foreign nation provided the decoration was made prior to employment of the recipient by the U.S. Government.

(c) A decoration for service in the Republic of Vietnam accepted on or after 1 March 1961, but no later than 28 March 1974.

Section II

d. Display.

(1) Awards of foreign unit decorations are evidenced by streamers, fourrageres, or lanyards attached to the pike or lance as a component part of organizational colors, distinguishing flags, or guidons.

(2) The streamer will be of colors corresponding to the ribbon of the unit decoration with the name of the action or the area of operations embroidered thereon. A separate streamer will be furnished for each award. The medal will be attached only on ceremonial occasions.

Unless specifically authorized by orders of the foreign government and approved by the CG, HRC no emblem is issued, but one may be purchased for wear on the uniform. See AR 670-1 for information on wear of foreign unit awards.

(2) *Wear.* The only emblems currently authorized for wear on the uniform to indicate a foreign decoration received by a unit are the French and Belgian Fourrageres, the Netherlands Orange Lanyard, the Philippine Republic Presidential Unit Citation Badge, the Republic of Korea Presidential Unit Citation Badge, the Vietnam Presidential Unit Citation Badge, the Republic of Vietnam Gallantry Cross Unit Citation Badge, and the Republic of Vietnam Civil Actions Medal Unit Citation Badges. Only the French Fourragere and the Republic of Korea Presidential Unit Citation are authorized for temporary wear; temporary wear of the Republic of Korea Presidential Unit Citation is limited to wear while assigned to units in Korea.

Approval authority to accept and wear the UNM for Servicemembers of the Armed Forces of the United States is the Secretary of Defense. (3) Where personnel, by the nature of their duties or location, are eligible for the award of more than one NATO Medal during the same period, such personnel will only be awarded the medal for one campaign or operation. The medal selection will be decided by the NATO chain of command according to the most appropriate qualifying conditions.

(4) Subject to meeting the specific eligibility criteria, military or civilian personnel who have completed a period of qualifying service during the designated campaign and/or operation will be eligible to receive the medal and appropriate ribbon and clasp, provided they have not been convicted of serious misconduct or crimes during the period of their assignment under NATO command or control.

c. Acceptance. Acceptance of the NATO Medal has been approved for U.S. military personnel who serve under NATO command or operational control in direct support of the above NATO operations.

d. Presentation. The NATO Medal will normally be presented by the Allied Command Europe headquarters exercising operational command or control over U.S. military units or individuals prior to their departure from service with NATO.

e. Medal set. The medal set includes a ribbon clasp denoting the specific operation for which the award was made. U.S. Servicemembers are authorized to retain the ribbon clasp presented but may not wear the clasp. Only the basic medal and service ribbon are authorized for wear on the uniform. The basic medal and service ribbon is further defined as the first NATO Medal awarded/presented to a Soldier for that contingency operation.

f. Subsequent awards. For subsequent awards (if approved by the Secretary of Defense) for service in a different NATO operation, U.S. military personnel will affix a bronze service star to the NATO Medal suspension ribbon and service ribbon.

g. Change in North Atlantic Treaty Organization policy. Request for medals for operations that ended 2 years or more prior to the date of request will not be processed.

h. Inquiries. All inquiries will be sent via the Service component to Supreme Headquarters Allied Powers Europe Joint Personnel Office and the U.S. National Military Representative by email to js.shape.us-mil-el.mbx.usnmr@mail.mil.

10-14. Accolade (obsolete)

a. As a token of appreciation and in recognition of service rendered by those who died in the service of their country, an accolade signed by the President was issued by The Adjutant General to the primary next of kin of record of all military personnel whose death occurred in line of duty during World War II, 7 December 1941 to 25 July 1947, both dates inclusive, and in Korea during military operations from 27 June 1950 to 27 July 1954, inclusive. The accolade was also issued to the next of kin of civilians who died overseas or as a result of injury or disease contracted while serving in a civilian capacity with the Armed Forces of the United States during the dates and/or in the areas prescribed above in connection with military personnel.

b. The Accolade, issued during World War II and the Korean War, is no longer issued. The primary next of kin may request a Presidential Memorial Certificate from the Veterans Administration at <http://www.cem.va.gov/pmc.asp>.

10-15. Letters of commendation and appreciation

Acts or services which do not meet the criteria for decorations or the various authorized certificates may be recognized by written or oral expressions of commendation or appreciation. A written expression of commendation or appreciation will be typed on letterhead stationery and will not contain formalized printing, seals, or other distinguishing features which depart from normal letter form. Such letters may be issued to military personnel. Copies of each letter of commendation or appreciation will be distributed to the individual's AMHRR per AR 600-8-104.

Chapter 11

Trophies and Similar Devices Awarded in Recognition of Accomplishments

11-1. Intent

a. Trophies and similar devices may be presented to military Servicemembers, units, or DA agencies for excellence in accomplishments or competitions which clearly contribute to the increased effectiveness or efficiency of the military unit, for example, tank gunnery, weapons competition, and military aerial competition.

b. Intramural and athletic competitions may also be recognized. Implementing instructions for these programs are contained in AR 215-1.

11-2. Award guidelines

a. Contests and events for which trophies are to be presented will be announced officially. They will be conducted within a stated period. All eligible Servicemembers, units, and agencies will be given an equal chance to compete.

b. Contests and events will be of a continuing nature. However, awards may be made on a one-time basis where the achievement is unique and clearly contributes to increased effectiveness.

c. Trophies and similar devices should be properly displayed.

d. Coordination will be accomplished to prevent one Servicemember, unit, or agency from receiving two awards for an achievement when other candidates are equally qualified.

11-3. Items to be awarded

Trophies include, but will not be limited to, loving cups, plaques, badges, buttons, and similar objects that represent the type of achievement or contest. Cash prizes or savings bonds are not authorized. Authorities who approve the purchase of the award will set the monetary limits. However, such awards will not exceed the value of \$75 for an individual award or \$250 for a team award. The appropriate ACOM, ASCC, and DRU commanders, or principal HQDA official

will specifically approve exceptions. Cash prizes awarded under the provisions of AR 672–20 are excluded from the provisions of this regulation.

11–4. Use of appropriated funds

Appropriated funds will be used to purchase the items to be awarded. ACOM, ASCC, and DRU commanders, State Adjutants General, and principal officials of HQDA agencies may authorize their subordinate award authorities to use appropriated funds as required. To avoid waste of Army resources, award items procured in bulk will not include the presenting official's name unless the official is the SECARMY, the CSA, or the Sergeant Major of the Army. Items may be procured in bulk and may contain the official's title and/or the organization's name. This limitation does not prohibit the specific inscribing or engraving of an award individually selected for presentation.

Appendix F

Initial Consideration/Reconsideration of an Award Through a Member of Congress

F-1. 10 USC 1130 process

a. Members of Congress may request consideration and/or reconsideration of a proposal for an award or presentation of decoration (or the upgrading of a decoration), either for an individual or unit, that is not otherwise authorized to be presented or awarded due to limitations established by law or policy for timely submission of a recommendation. Based upon such review, the SECARMY will make a determination as to the merits of approving the award or presentation of the decoration and other determinations necessary to comply with congressional reporting under 10 USC 1130.

b. All requests that are not processed within time limitations and/or theater are considered retroactive, and must be processed through the former peacetime and/or wartime chain of command. Chain of command is defined as the sequence of commanders in an organization who have direct authority and primary responsibility for accomplishing the assigned unit mission while caring for personnel and property in their charge. Commanders in the former chain of command (for example, BN, brigade, division, Corps, and so forth), to include the awards approval authority for the request, must endorse the recommendation for approval, downgrade, or disapproval as appropriate in the intermediate authority blocks on the award form. Every attempt will be made by the recommender to obtain the original chain of command's endorsement for all award recommendations. In the event that an individual is not available, a memorandum for record will address the reason as to why, and what steps were taken to locate the individual.
