Congratulations on your orders to Yokosuka!

Fleet Activities Yokosuka is a strategically important base in the U.S. military. It's home to the only permanently forward-deployed Carrier Strike Group and the largest overseas U.S. Navy installation. Yokosuka is located 43 miles south of Tokyo at the entrance of Tokyo Bay and approximately 18 miles south of Yokohama, offering plenty of opportunities for exciting off-duty adventures.

As you prepare for your tour of duty in the fast-paced Seventh Fleet Area of Operations, this Welcome Aboard Package and the provided information will be relevant to any command here.

It is designed to supplement the information your command provides and is fully interactive, pairing alongside the official CFAY website and directly connecting you with our outstanding Fleet and Family Support Center (FFSC). The FFSC staff offers many helpful programs, including the Area Orientation Brief/Inter-Cultural Relations class (AOB/ICR), which all new Sailors and adult family members—regardless of command or citizenship—must take upon arrival. We also highly recommend reviewing both [MyNavy HR's PCS Guide](#) and the [MyNavy HR PCS Orders Overseas Checklist](#) for additional guidance.

It is essential that you reach out to your command's sponsorship team as soon as possible.

Additionally, you will find the [Yokosuka Ombudsman Assembly Roster](#) on page 37. This outstanding Ombudsman team is ready to help you connect with your command and base resources.

Again, congratulations on your orders to Yokosuka and welcome aboard, Shipmates!

Sincerely,

Dennis Hunt

CFAY FFSC: Your One-Stop Shop

While the idea of moving to a new location can be overwhelming, this Welcome Aboard Package contains information to help you in your relocation. This package is designed to answer many of your questions to help create a smooth transition to your new duty station. Browse the provided material and suggested websites to help familiarize yourself (and your family) with your new home. Using all of your resources can reduce culture shock, stress, and help to keep your morale high during the first few weeks of your arrival and throughout your time in Yokosuka.

If you have not already done so, please visit your local Fleet and Family Support Center (FFSC) and ask the Relocation Assistance team for a PCS Checklist. The Relocation Assistance team will be able to provide you with information on pay, entitlements, and allowances, as well as offering guidance and tips (like not forgetting to have Special Powers of Attorney especially if one spouse is expecting to be deployed!). We are all here to help with every aspect of your relocation, so please do not hesitate to contact us if you have additional questions regarding your new assignment to Yokosuka. We look forward to meeting you!

Those with families are encouraged to check with the Navy Lodge or Navy Gateway Inns & Suites prior to arrival to ensure room availability. **We highly encourage making reservations far in advance using the phrase, “PCS Move.”** On Day Two, it is important to check into your command and its respective Admin Department. Once there, your command can provide guidance and escort to the various locations on base that you must visit.

Below are items that each member should try to complete within the first 72 hours.

- Confirm seat reservation for Area Orientation Brief/Intercultural Relations Class (AOB/ICR), email FFSCinfo@us.navy.mil, call DSN 315 243 3372, or commercial 046-816-3372
- Confirm reservations for the CDC, FCC (formerly CDH), or SAC for children, if applicable
- AOB/ICR should be completed within 30 days of arrival
- Enroll in a CFA Yokosuka Housing Office brief (not to be attended during your AOB/ICR brief)
- Enroll in Tricare Prime Overseas

Congratulations and we will see you soon!

Stop by your local military medical facility

THE OVERSEAS SUITABILITY SCREENING, or OSS, is a critical process for Navy and Marine Corps service members and their families preparing for overseas assignments. The OSS aims to identify medical, dental, educational, and potential duty-limiting conditions to ensure the family's qualification for such assignments.

Per BUMED Instruction 1300-2A and MILPERSMAN 1300-306, **the service member's OSS must be completed within 30 days** of receiving orders. A thorough screening is essential for each accompanying family member, highlighting the significance of the Exceptional Family Member Program (EFMP) for those with special needs.

Inadequate screenings can lead to hardships, such as reduced quality of life, unplanned expenditures, and early return of dependents (ERD). To prevent these challenges, an Overseas Screening Deficiency Report is filed for improperly screened cases.

OVERSEAS SUITABILITY SCREENING

The OSS process includes filling out forms like NAVMED 1300/1 and DD 2807/1 and ensuring complete immunizations as per CDC guidelines. The process is designed to facilitate a productive and stress-free tour for both the service member and their family.

For more information and personalized guidance, service members are advised to contact their local military medical facility or visit Navy/USMC Suitability Screening Flowsheet/Overview found on the [U.S. Naval Hospital Yokosuka](https://yokosuka.tricare.mil/Patient-Resources/Readiness) website (URL below) and look under the Patient Readiness tab.

There's a lot of confusion around the No Fee Passport. Find out why this document is so important and why you need to have one.

NO FEE PASSPORT

ALL U.S. CIVILIAN employees, their U.S. citizen family members, and U.S. citizen military dependents, will require the No Fee Passport – also known as the Special Issuance Passport. No Fee Passports are not issued to active duty military personnel.

A few examples of official travel would include Permanent Change of Station (PCS), Emergency Leave, Consecutive Overseas Tour Leave (COT), student/dependent travel, and Temporary Assigned Duty (TAD) including those for medical purposes. These passports are not for personal travel while on regular leave. For that, U.S. Civilian employees, family members, and military dependents will require standard tourist passports.

Upon arrival in Japan, present your No Fee Passport with

military orders and Dependent Entry Approval to the Japanese Immigration officer to receive your SOFA stamp. Re-entry Stamps are available through the [CFAY FAST Office](#).

Please see your local base or post passport office to begin the No Fee Passport application process as soon as you can as this may take time. The installation's passport office can also help provide guidance. They are located in the Yokosuka Transaction Support Center Building or email m-yo-psdpassport@us.navy.mil.

For more information, please visit the [MyNavy HR PCS Guide](#) or visit their Passports webpage: <https://www.mynavyhr.navy.mil/Support-Services/MyNavy-Career-Center/Pers-Pay-Support/Sailor-Self-Service/Passports/>.

Check Your Documents

ONCE YOU RECEIVE military PCS orders, stop by your base passport office to see if you need to either update your passport or are required to apply for a No Fee Passport. You will also need to visit Medical to begin the Overseas Suitability Screening for you and your family. This is also a

great time to ensure legal documents are readily available, dependents resumes are up-to-date, and see if you need to renew your driver's license. Civilian employees are asked to contact their Human Resources Office for guidance.

Dependent Entry Approval

Don't leave your family stranded at home

THE DEPENDENT ENTRY APPROVAL, or DEA, is a Navy process requesting permission from an area commander to bring dependents into a specific area. Approval and disapproval is based on Status of Forces Agreements (SOFA), family support capabilities and/or limited local support based on geographically isolated area.

Visit the CFAY Command Admin Dependent Entry Approval Office page on our official website for more resources including links to official MyNavy HR documentation and tables.

It's important to begin this process immediately. DEA requests must be submitted within 30 days of receipt of orders and no later than four months prior to arrival.

<https://cnrj.cnmc.navy.mil/Installations/CFA-Yokosuka/Operations-and-Management/Admin/Dependent-Entry-Approval/>

As of October 2023, the area's DEA request process was shifted from the Transaction Service Center Yokosuka to CFAY Command Admin. Our team here at CFAY processes DEA requests for all Navy personnel with families who have PCS orders to a command located at Fleet Activities Yokosuka, Yokohama, Tokyo, Yokota Air Base, and Naval Air Facility Misawa.

Command personnel representatives are welcome to reach out to the CFAY Command Admin Dependent Entry Approval Office regarding a Sailor's Dependent Entry Approval status.

How to Submit the DEA Request

Email requests to CFAY-DEA@us.navy.mil via the member's Personnel Office. Requests must contain all Key Supporting Documents (KSD). Ensure the sponsor's name is in the subject of the email. The main reason for DEA delays in approval is from a lack of key supporting documents.

The Gov't of Japan has strict pet entry laws that can take six months to complete

BRINGING YOUR PET TO JAPAN

PET OWNERS PLANNING to bring their pets to Japan must satisfy the Government of Japan's pet importation laws.

The Yokosuka Veterinary Treatment Facility ensures all pets brought into Japan are in compliance with local laws and base regulations. The VTF recommends personnel who have orders at least three to four months, but ideally six months, before their expected travel date to complete the process while outside of Japan. For those who do not have that time, it is possible to begin the process while outside of Japan and complete the process in Japan on installation.

USFJ has been able to champion "Home Quarantine" as a concession for all SOFA personnel. This quarantine allows service members to maintain their pets in their own custody within their assigned on-base quarters during the assessed quarantine period. Personnel who are most affected are SOFA members who are required to live in off-base housing. If a quarantine period is assessed, military members who live off base will be required to pay for quarantine boarding expenses for their pets in on-base kenneling facilities or incur the significant expense of quarantining their pet at the Airport Animal Quarantine Station facility.

All Pets Must Be Registered at VTF

Pet owners must register their animals at the Yokosuka VTF per CFAY instruction.

Personnel who add pets to their household after arriving in Japan are also required to visit the VTF to register their new family member. Whether the pet was purchased at a shop, through a licensed breeder, received as a gift, adopted, or rescued off of the street, all base community members must comply.

Instruction aside, unregistered pets living overseas and not properly registered at installation VTFs will not be evacuated in the event of an evacuation order due to natural disaster or in the case of a Non-Combatant Evacuation Order.

Navy Lodge, Gateway Inns & Suites, Transient Personnel Unit and GW's Patriot's Landing

YOKOSUKA HAS TWO lodging facilities available on base: the Navy Lodge and Navy Gateway Inns & Suites, both operated by Navy Exchange Yokosuka.

The Navy Lodge is the primary option for military families and many civilian employees. Located next to the Housing Welcome Center and near the Chili's, the pet-friendly Navy Lodge's location makes it simple for military families to quickly check in to and register for the Housing Brief all military families are required to attend within the first 72-hours of arrival.

The Navy Lodge is also served by the free Yoko-Pon Base Shuttle. The shuttle primarily serves active-duty personnel in uniform. However, families and civilian employees may use the shuttle on a Space Available basis to easily get to the Community Readiness Center for AOB/ICR, the NEX and Commissary Complex, base dining facilities, and CFAY's gates.

Yokosuka's Navy Gateway Inns & Suites is located right next to

Womble Gate providing easy access to downtown Yokosuka and is within a short walk to Club Alliance for on base dining.

Additionally, given CFAY's proximity to downtown Yokosuka and the city's tourist districts, there are several commercial hotels within walking distance to the gates. It should be noted that many local hotels may not offer amenities such as kitchenettes, laundromats, or pet-friendly rooms. Always check with local hotel staff to verify what services are and are not provided.

Verify with your travel clerk or HR office on what lodging facilities are authorized for reimbursement through Temporary Lodging Allowance, or TLA, and/or if you're eligible to obtain a Certificate of Nonavailability, or CNA, from the Navy Lodge.

For more information about Temporary Lodging Allowance, please ask your Personnel Office or visit the Defense Travel Management Office webpage: <https://www.travel.dod.mil/Allowances/Temporary-Lodging-Allowance/>.

<https://ffr.cnmc.navy.mil/Navy-Housing/Housing-By-Region/Japan/CFA-Yokosuka/>

This brief is held Monday through Friday. Space is limited for the brief, therefore sign-up in advance is highly recommended.

The CFA Yokosuka Housing brief begins at 8:30 a.m. daily and check in is at 8:15 a.m.

Note: Once you check-in to your command, please be sure to make copies of your PCS orders with command check-in stamp and Dependent Entry Approval for submission.

Military Family Housing (MFH) in Yokosuka and Ikego consists of 2,420 housing units. MFH includes town houses and high rise apartments. There are no basements or attics in MFH. All command-sponsored family members are eligible for MFH.

MFH units are furnished with household appliances (e.g. refrigerator, electric cooking stove, microwave oven, washer, dryer and dishwasher, etc.). Accordingly, it is suggested that you do not bring your own appliances with your household goods.

Dogs are only permitted in single-family/townhouses, and on the first and second floor of all housing towers. They are NOT permitted in tower elevators for any reason or on any other floor above the second. Members are permitted to have no more than two pets in their assigned unit (e.g., two cats; one cat and one dog). Cats are permitted in all housing units.

All pets shall be registered with the Yokosuka Veterinary Treatment Facility, have up-to-date vaccinations, and be micro-chipped for identification at all times. Pet cats must be spayed or neutered. Documentation certifying registration, vaccinations, spaying or neutering shall be submitted to the CFA Yokosuka Housing Office (HO) upon assignment, upon request or when there is a change. Failure to submit the required documents may result in loss of pet privileges in MFH.

CFA Yokosuka Ikego Heights Housing Area

Ikego Heights is set in a forested area in the seaside resort town of Zushi. Ikego has the all hands Club Takemiya, West Valley Campgrounds, a paintball course, mini Navy Exchange, pool, Child Development Center, Ikego Elementary School, and other recreational areas are available. The Ikego Home-to-Work shuttle bus runs from Ikego to Yokosuka in the morning and returns in the evening, and following extra-curricular events at the high school. Ikego can be reached in 30 minutes in moderate traffic by surface roads. There is a designated pedestrian gate connected from the base to local train station, Jimmuji Station, which gives you convenient access to Yokosuka. This train ride is approximately 20 minutes.

Off-Base Housing

As discussed in the Financial Assistance section, moving into off-base housing can be costly; planning and budgeting ahead of time is key when moving into the Japanese community. Initial housing expenses may range from \$5,000 to \$10,000. Military personnel may request Advanced Housing Allowance through their command. Advanced Housing Allowance is authorized to cover the entire move-in cost, which may include:

- First month's rent
- Security deposit
- Agent fee
- Owner fee

Electrical power in Northern Japan off-base housing is 30-50 amps at 100 volts/50 cycles. On-base housing is also 100-volt/50-cycle power. On-base quarters have 220-volt outlets to accommodate American-style clothes dryers and electric stoves. Most off-base Japanese houses do not have the space and or power requirements for American dryers. Space restrictions preclude the installation of an American-style washer/dryer and a large refrigerator or freezer. Because of the difference in the power provided, many American products will run slower due to low power supplied. Timers/clocks will lose about 10 seconds every minute.

Most American electrical products are equipped with a standard three-prong plug, however most Japanese homes only provide two prong plugs and will require adapters. CFA Yokosuka Housing can provide appliances for off-base rental quarters, if not already installed.

The Rental Partnership Program (RPP)

RPP is designed to assist military and civilians personnel in finding affordable, secure, quality off-base housing. This program is available to anyone eligible for OHA or Living Quarters Allowance (LQA).

Single Service Member Housing

Unaccompanied Housing is located in Bldg. 3333 across the street from the Transaction Service Center (TSC). The UH Front Desk can be contacted at DSN 315-243-5569 or internationally at 011-81-46-816-5569.

Single Service Member Housing (Sea Duty personnel/Homeport Ashore program)

CFA Yokosuka is committed to providing Unaccompanied Housing to Sailors in paygrades E1-E4 with less than four years of service on Sea Duty.
