### Unit History

The 7th Signal Command (Theater) was activated on July 1, 1975 on Fort Ritchie, Maryland, tasked to oversee and support all CONUS Signal operations, complementing the 5th Signal Command in Europe and the 6th Signal Command in the Pacific. The Command provided communications, automation, visual information, printing/publications, and records management services to CONUS Army units.

The 7th Signal Command was deactivated on October 1, 1993 and its functional support components were redistributed to Fort Detrick, Maryland and several other posts. On July 22, 2008, the 7th Signal Command was reactivated at Fort Gordon, Georgia as part of the "Grow the Army" initiative. On September 1, 2021, the Command relocated half its headquarters to Fort George G. Meade, Maryland.

The Army's premier communications provider with global reach, the 7th Signal Command (Theater) enables the Army's ability to build, train, compete, fight, and win across complex Joint & Coalition Multi- and All-domain environments. We execute theater-level DODIN operations; and we plan and deliver continual improvements to the Unified Network to provide the CONUS digital infrastructure required by National Leaders, the Joint Force and the Army for data-driven operations and decision making.

## THE ARMY SONG

March along, sing our song,  
with the Army of the free.  
Count the brave, count the true,  
who have fought to victory.  
We're the Army and proud of our name!  
We're the Army and proudly proclaim:  
First to fight for the right,  
and to build the Nation's might,  
And the Army goes rolling along.  
Proud of all we have done,  
fighting till the battle's won,  
And the Army goes rolling along.  
Then it's Hi! Hi! Hey! The Army's on its way.  
Count off the cadence loud and strong  
For where'er we go, you will always know, That  
the Army goes rolling along.

## SIGNAL CORPS MARCH

From flag and torch in the Civil War,  
to Signal satellites afar.  
We give our Army  
the Voice to give Command.  
On battlefield or global span,  
In combat we're always in the fight.  
We speed the message day or night.  
Technicians too, ever skillful,  
Ever watchful,  
We're the Army Signal Corps!
