State of AMC 2025

REDSTONE ARSENAL, Ala. – To commemorate Army Materiel Command's birthday amid the command's ongoing transformation to meet evolving Army and joint force requirements, AMC released the "State of AMC 2025," an interview with Lt. Gen. Chris Mohan, AMC deputy commanding general and acting commander, where he shares his assessment of the command, highlights key initiatives and discusses the evolving role of AMC in supporting the Army.

TYAD provides warfighters unmanned aircraft supremacy

TOBYHANNA, Pa. – Tobyhanna Army Depot proudly marked the successful launch of an unmanned aircraft system maintenance, repair and overhaul capability. The ribbon cutting July 29, formally commemorated the depot's full test, diagnose, repair and return capability for the MQ-9 Reaper Ground Control Station's Linux processors, file server and control consoles.

McAlester facility provides essential loading functions

McALESTER, Okla. – Thanks to cutting-edge technology, the multipurpose load facility at McAlester Army Ammunition Plant is revolutionizing the way large-caliber munitions are loaded. Developed by the Air Force and the Army, the \$58 million facility streamlines multiple loading operations into a single, centralized location. This integration significantly boosts both worker safety and production efficiency.

Army poised to expand medical maintenance support program

TOBYHANNA ARMY DEPOT, Pa. – The Army is continuing its transformation effort to bring medical maintenance support closer to operational units without organic maintainers within their ranks. Under an initiative called Medical Logistics in Campaigning, the Home-Station Medical Maintenance Support program was launched last year at Fort Bragg, North Carolina, to begin closing a crucial readiness gap for the warfighter.

MCAAP wraps up Operation Patriot Press 2025

McALESTER, Okla. – Beginning in May, Soldiers from across the U.S. reported to MCAAP to participate in Operation Patriot Press 2025. OPP is a vital logistics mission designed to enhance military readiness across the globe. Conducted annually, the operation synchronizes the movement, maintenance and modernization of military equipment in peacetime, ensuring units are fully equipped and combat-ready.

AMC reaffirms its commitment to antiterrorism awareness

Redstone Arsenal, Ala. – Army Materiel Command's security experts are reminding the workforce that if they see something, they should say something. August is Antiterrorism Awareness Month, a critical period dedicated to bolstering security and readiness. The month serves as a vital reminder of the ongoing threats we face and the importance of proactive measures to protect our personnel, assets and missions.
