# NETCOM *Buzz*

July 29, 2025

## **NETCOM Holds a Significant Change of Responsibility**

We honored CW5 Paul Sankey for his exceptional leadership and technical expertise as he transitions to his new role as the Signal School Technical Director. We also welcomed CW5 Shawn Petermann as NETCOM's new Command Chief Warrant Officer, bringing with him a wealth of operational experience and technical credentials. His leadership will be key as NETCOM advances Army Transformation Initiatives and strengthens network readiness.

## **Signal Strong: 7th SIG CMD Builds Team Spirit with Friendly Frisbee Face-Off**

7th SIG CMD HQ team joined forces with our partners from the 21st SIG BDE and the 55th COMCAM for some friendly competition and team building! Events like this friendly frisbee game are more than just fun—they're essential for building trust, communication, and cohesion among teams. By connecting outside of the daily mission, Soldiers strengthen relationships, boost morale, and reinforce a positive command climate.

## **44th SIG BN Conducts CBRN Training**

As the doors slammed shut, a hushed anticipation filled the air. Our brave Soldiers, steeling themselves, donned their protective masks — each movement a testament to their unwavering discipline and remarkable professionalism. This isn't just another day of training; it's a high-stakes test of resilience!

## **Teamwork in Action: 41st SIG BN MST Trains with US-ANEC-Humphreys at Operation Madison**

Maintenance team training is critical to ensuring the safety, reliability, and performance of communication infrastructure. These teams perform complex tasks in challenging environments, making hands-on training essential for building technical proficiency and readiness. Regular training enhances mission support capabilities, minimizes downtime, and ensures secure, uninterrupted communications vital to operational success.

## ***Soldiers Receive German Schützenschnur***

The Schützenschnur has origins dating back to the 18th century and was awarded to enlisted Soldiers for marksmanship. Soldiers from all military occupational specialties can wear the award as long as they qualify on the required weapons systems. This recognition is not just an award; it symbolizes the strong and lasting partnership between our U.S. and German forces.

## ***7th SIG CMD G-1 Staff Ride Inspires, Educates, and Honors the Legacy of Army HR***

In a powerful blend of mentorship, modernization, and appreciation for the Adjutant General (AG) Corps' legacy, the 7th SIG CMD G-1 team conducted a full-day staff ride to Fort Jackson, South Carolina. The visit served as both a professional development opportunity and a message of inspiration to over 200 Advanced Individual Training (AIT) Soldiers preparing to become the Army's next generation of Human Resources (HR) professionals.

## ***Signal Strength Down Under: 307th SIG BN Powers Allied Communications During Talisman Sabre 25***

Talisman Sabre is the largest bilateral military exercise between Australia and the United States, advancing a free and open Indo-Pacific by strengthening relationships and interoperability among key allies and partners, while enhancing our collective capabilities to respond to a wide array of potential security concerns.

## ***CPB Continues Focus on Purposeful Onboarding to Strengthen Mission Readiness***

For our Cyber Protection Teams, whose role in safeguarding Army and national networks is indispensable, unity and preparedness are non-negotiable. A streamlined and intentional onboarding process enhances mission capability and directly contributes to the increased lethality and effectiveness of our cyber formations.

## ***304th SIG BN Sharpens Lethality and Readiness with High-Intensity Field Training and Night Ops***

Training in realistic environments is essential to building lethal, adaptable, and mission-ready Soldiers. By simulating real-world conditions—including stress, uncertainty, and limited visibility—units develop the skills and mind-set needed to operate effectively under pressure. These hands-on experiences enhance decision-making, resilience, and combat effectiveness, ensuring Soldiers are fully prepared to meet any challenge on the battlefield.

## ***Building Strength from Within: H2F Resiliency Class Boosts Mental Readiness for Soldiers and Civilian***

Soldiers and Civilians from the 21st SIG BDE recently participated in a resiliency and mental readiness class. As part of the Army's Holistic Health and Fitness (H2F) Program, the session focused on strengthening mental resilience—one of the five key domains that support overall readiness. The class encouraged open discussion and reinforced the importance of mental well-being in driving performance across the Brigade.
