Navy Celebrates 250 Years

America’s Navy has promoted prosperity and security, deterred aggression, and protected the American way of life for 250 years.

NSA Naples is proud to be a part of this journey since creation in 1951, providing a forward-deployed operational platform to the Fleet, enabling the warfighter, and supporting the family. We will continue to support U.S. Naval Forces Europe-Africa, U.S. SIXTH Fleet, NATO, and Combatant Commander's strategic priorities by providing air and port operations, force protection, emergency services, logistical and administrative capabilities, and essential quality of life products and services to the Fleet, joint and allied forces to ensure stability in the European, African, and Central Command areas of responsibility.

From seabed to space, the Navy delivers power for peace – always ready to fight and win alongside our Allies and partners.

Naples Area Security Working Group Convenes to Foster Local Law Enforcement Collaboration

By NSA Naples Public Affairs

The Naples Area Security Working Group (NASWG) recently gathered onboard U.S. Naval Support Activity (NSA) Naples to explore opportunities for strengthening partnerships with local law enforcement agencies and other security entities in the Naples area.

This quarterly meeting brought together a diverse group of security experts, including representatives from Navy Region Europe, Africa, Central (EURAFCENT), NSA Naples, the U.S. Consulate Naples, NCIS, and several Italian law enforcement agencies including the Carabinieri.

“NASWG is an enduring collaborative approach to reduce property crimes of opportunity for Naval Support Activity and supported commands, Joint Forces Command Naples, and U.S. Consulate community members,” said Lt. Cmdr. Dary Sampy, NASWG chair and NSA Naples security officer.

“The working group collects reported crime data and perform trend analysis to create products which will educate and inform the community on crime statistics and prevention techniques.”

The NASWG is a key component of the Naples Area Security Committee (NASC). The NASC plays a vital role in promoting a safer community through education, awareness, information sharing, and policy development. The NASC is comprised of two main bodies: the Naples Area Executive Steering Council (ESC) and the NASWG. The ESC, which includes senior leaders from the U.S. Consulate in Naples, NAVEURAF, Allied Joint Force Command, and NSA Naples, provides strategic guidance on policy development.

One of the NASWG's flagship initiatives is the quarterly Naples Area Crime Trend Report. This report provides valuable insights into crime trends and patterns in the Naples area, enabling community members to stay informed and aware of their surroundings. By regularly monitoring and analyzing crime data,

the NASWG helps to ensure that community members, prospective personnel and families can make informed decisions about their safety and security.

The group encourages community members to take safety precautions, such as not leaving valuables visible in homes or vehicles and always locking windows and doors, especially at night or when away.

NAVEUR-NAVAF/ JFC NAPLES Welcomes New Commander

By JFC Naples Public Affairs
Photos: MC1 Novalee Manzella & JFC Naples Public Affairs

Allied Joint Force Command Naples held its 33rd Change of Command Ceremony at our headquarters in Lago Patria, Italy.

U.S. Navy Admiral George M. Wikoff assumed command from Admiral Stuart B. Munsch, taking on one of the most critical U.S. and NATO military roles in Europe.

The ceremony was presided over by General Alexis G. Grynkeiwich, Commander Supreme Headquarters Allied Powers Europe (SHAPE), and General Dagvin R.M. Anderson, Commander of U.S. Africa Command.

General Grynkeiwich highlighted the importance of Admiral Wikoff's leadership at a pivotal time for the Alliance and honoured Admiral Munsch's exceptional leadership in transforming JFC Naples into a warfighting headquarters.

During his command, Admiral Munsch led historic advancements in readiness, strengthened partnerships across the South, and championed NATO's 75th anniversary celebrations, leaving a lasting legacy of trust, innovation, and Allied strength.

We thank Admiral Munsch for his outstanding service and welcome Admiral Wikoff as he leads us forward in defending our Alliance and advancing peace and stability.

News in Brief: Around the Installation

USO Firehouse Fun: The USO joined the Support Site Firehouse Open House, where students from the 1st and 2nd grades, as well as the 8th grade Advancement via Individual Determination (AVID) group from the Middle High School, learned about fire safety, explored fire trucks, and met firefighters, NCIS, Military Police, and the K-9 Unit. They brought along some fun, creative crafts for the kids to enjoy, and everyone had a fantastic time celebrating our local heroes. Thank you to NSA Naples Fire and Emergency Services for hosting!

Paws-itively Impactful. Sancho Brings Comfort to Flu Clinic: The Pets and Warriors (PAWs) pup, Sancho, provided comfort to anxious patients during yesterday's flu shot clinic. Multiple children expressed their gratitude to Sancho, sharing that he made the experience easier and less painful.

Intercultural Relations (ICR): It was a great day of learning, discovering and fun with the ICR Naples Team at the “Città della Scienza” museum. The participants enjoyed the interactive experiences while learning more about this incredible machine that is the human body.

Command Kudos with NSA Naples Security: USO Naples was honored to be invited by NSA Security to help celebrate their outstanding team with our Command Kudos! Thank you for your dedication and hard work in keeping our community safe and mission-ready. It was a pleasure supporting you in recognizing your team! If you are interested in requesting a Command Kudos for your unit/command, please contact the USO at usonaples@uso.org

Off-Base Housing: Security Deposits Transitioning to Electronic Payments

This higher headquarter directed security deposit policy change aligns NSA Naples with all other DoD bases across the world and will enable personnel to experience the convenience of electronic payments.

By NSA Naples Public Affairs

At the direction of higher headquarters, Commander, Navy Region Europe, Africa, Central (CNREURAFCENT), NSA Naples is transitioning to electronic fund transfer (EFT) for off-base housing security deposit to ensure that our personnel living off-base can expect the same processes and standards they would experience at all other DoD bases across the world.

If you're stationed in the Naples area, residing off-base, and paid your security deposit in cash, it will be returned to you electronically and you will pay it back to your landlord electronically. The housing office will contact you to sign two acknowledgement forms and a lease amendment to complete the process and go electronic.

This higher headquarter directed security deposit policy change aligns NSA Naples with all other DoD bases across the world and will enable our personnel to experience the convenience of electronic payments.

Electronic payment removes a layer of bureaucracy allowing tenants to receive their security deposit directly from the landlord instead of going through NSA Naples housing office. Quick and easy.

Furthermore, electronic payment is more convenient than taking a trip to the ATM to get cash and more secure than carrying cash around. Going electronic will also reduce and/or eliminate the potential for cash drain at installation ATMs.

In the modern era, electronic payments are the preferred method of monetary transactions for every other overseas station and keeps an electronic transaction history, vice dependence on paper payment receipts.

[CLICK HERE](#) for the new Off-base Housing Security Deposit Process Fact Sheet and Issue Resolution Fact Sheet.

For questions regarding the new security deposit process, contact the housing office at:
Naples_Housing@us.navy.mil
DSN: 629-4466
Commercial: +39-081-629-4466

This change **ONLY** affects tenant personnel residing off-base that have executed private lease agreements through the NSA Naples Housing Service Center (HSC) prior to 10 June 2024.

Personnel PCSing out of Italy by December 2025 will be grandfathered in and not be affected by this new policy.

The housing office will contact all concerned to sign two acknowledgement forms and a lease amendment to complete the process and go electronic.

Your Questions Answered

What if the landlord refuses to return the deposit?

A landlord who fails to return the deposit to a tenant would be subject to immediate removal from the NSA Naples housing program. It is an extremely rare occurrence to see a landlord who fails to return a security deposit back to tenant here in Naples. Per the lease agreement, and in rare instances where security deposit dispute between tenant and landlord cannot be resolved through informal meeting with the housing office, either party will have all remedies available to them under the law. As a DoD personnel, if you are not getting the legal help you need, you should always engage your chain of command to escalate the issue through appropriate channels.

Will the security deposit be returned in Euros?

Deposits are electronically returned in Euros if you provide account information that includes an IBAN number linked to a Euro bank account. If a tenant has a U.S. bank account, they will receive the money in dollars. Most personnel that own a community bank account have reported that it makes security deposit, rent, and bill payments to Italian landlords much easier. Other personnel are known to use the wire transfer service known as Wise. As for the exchange rate, this fluctuates on a daily basis and each tenant may realize a positive or negative difference between transactions depending on when the transaction occurs.

Is it my responsibility to inform my landlord about this policy change?

No. The housing service center will explain the policy change to each landlord.

Radon Awareness: How Radon Enters Homes

On-base residential and non-residential units, including off-base Government leased units are in compliance with the Navy Radon Management Program.

By NSA Naples Public Affairs

Radon is a naturally occurring, radioactive gas that is odorless, colorless, and tasteless. Radon gas is released from rocks and soil and can move to air, groundwater, and surface water. It is normally found at very low levels in outdoor air and can be found in water used for cooking and drinking.

Radon can build up in the air in any home or building, whether it has a basement, is sealed or drafty, or is new or old. Take action this month to reduce the risks of radon in your home by opening windows and using fans to circulate air. This increases airflow and mitigates the buildup of radon.

In compliance with the Navy Radon Assessment and Mitigation Program (NAVRAMP), NSA Naples on-base residential and non-residential units, including off-base Government leased units are either tested or mitigated or currently being tested.

Personnel that live off-base have entered into a private contract with their landlord, therefore limiting the scope with which the U.S. government may intervene or have control over said contract. However, DoD personnel living off-base can work with their landlord to test for and mitigate radon, if desired, at their own expense.

The lessee may work with the lessor to address any identified issues, as outlined in Section 19 of the NSA Naples housing lease.

Information about finding an at-home radon test kit is available through the Environmental Protection Agency: [Link Here](#)

If you have specific questions about your home or your options, please contact our housing office for assistance at:
DSN: 629-4466
Commercial: +39-081-629-4466
Email: Naples_Housing@us.navy.mil

While NSA Naples has a known overall potential for elevated radon levels, classifying the installation as a Radon Potential Category (RPC) 1 according to the NAVRAMP, the installation is complying with NAVRAMP testing and mitigation policies at government owned/controlled units.

RPC1 is simply the level assigned when even one unit or building is found on the installation with a radon level over the minimum threshold of 4.0 picocuries per liter (pCi/L).

Demolition of B443 at Capodichino: What You Need to Know

The demolition of Building B443 began May 2025. B443 is the former barracks; the long structure located behind the Mobile Bar. This demo project will necessitate some changes that all tenants should be aware of and plan for accordingly.

Mobile Bar

To ensure continued service during the B443 demolition, the Mobile Bar is temporarily relocated to a new spot near B447. For reference, B447 is located opposite the C4I entrance area. Don't worry, the Mobile Bar will remain open until the new location is ready!

BBQ Pit is In-Service

The BBQ pit near Building B447 is in-service and no further impacts to this location are anticipated.

Pedestrian Traffic Detour

For your safety during the B443 demolition project, a pedestrian detour will remain in place until project completion, anticipated summer 2026. Please follow posted detour signs and exercise caution while navigating the area.

Naples Public Health Evaluation

In-Focus: Air Quality in Naples

By Todd Folts and Josephine Schneider

Checking Air Quality Outdoor

The website hyperlink below provides real-time data on Naples’ Air Quality Index (AQI) to help residents understand pollution levels and potential health implications. AQI is a measure of air pollution on a scale where higher numbers indicate poorer air quality. The AQI levels are divided into categories: Good (0-50), Moderate (51-100), Poor (101-200), Unhealthy (201-300), Severe (301-400), and Hazardous (401-500).

[Naples Air Quality Index \(AQI\) and Italy Air Pollution | IQAir](#)

The dashboard displays AQI readings across various locations in Naples, showing areas with higher pollution. Additional insights like health recommendations (e.g., wearing masks, using air purifiers) and historical AQI trends are also included, helping residents make informed decisions about outdoor activities. This is not an endorsement of this website, but an effort to keep our community here in Naples informed on the environmental conditions where we live.

Air Quality in Naples – Sources

Vehicle emissions are among the primary contributors to Naples’ air pollution. The city’s dense traffic and reliance on cars and motorbikes result in high levels of NO₂ and other harmful pollutants that affect air quality, especially during peak travel times.

In addition, less frequent, natural events, like wildfires in Naples, contribute to air pollution and environmental damage.

Addressing these issues requires coordinated efforts between local authorities, industries, and the community to reduce pollution and to mitigate its long-term environmental impacts. It is also important to note the U.S. Naval Hospital Naples does not test or monitor the outdoor air quality across the region.

If at any point you feel your health is being or may be impacted by the environment, please contact your primary care physician. If you have questions about any of NPHE enduring processes, or any other environmental life, health or safety issue, send an email to Naples_LHS_questions@us.navy.mil

What Is Naples Public Health Evaluation (NPHE)?

The Naples Public Health Evaluation is a comprehensive study of the health risks associated with potential exposure to chemicals in the environment resulting from the area's waste disposal practices. The Campania region of Italy has experienced numerous challenges associated with trash collection, open burning of uncollected trash and illegal waste disposal practices. In response to health concerns expressed by U.S. Navy personnel in 2007, the Commander, Navy Region Europe, Africa, Central (CNREURAFCENT) contacted the Navy and Marine Corps Force Health Protection Command (NMCFHPC) to conduct a comprehensive public health evaluation to assess the potential health risks for U.S. personnel living in the Naples area. The NPHE was conducted from January 2008 to June 2011.

What did the Navy learn from NPHE?

Through the Public Health Evaluation, the Navy has been able to identify and address public health risks for U.S. personnel living in the Campania region. The Navy established new health-protective policies and took immediate action to protect the health of U.S. personnel and their families. **Many of these health-protective policies remain in place, as enduring processes, to ensure continued health protection beyond the life of the study.**

Where are the results of NPHE and where can I read more about this evaluation?

The NPHE results are located on the Health Awareness section at NSA Naples website: [Read More About NPHE](#)

Your Health: Facts for Families in Naples

About: Navigating the Italian Ambient Air Quality Website

The U.S. Navy conducted a Public Health Evaluation from 2008–2011 to assess potential health risks for Navy personnel and their families while living in Naples, Italy. In line with our commitment to continually share important health information, we are providing the following information related to the Public Health Evaluation. We encourage you to review this information and other fact sheets which can be found at the Naples Health Awareness website.

Introduction

ARPAC, or Agenzia Regionale per la Protezione Ambientale della Campania, is the environmental protection agency for the Campania region. The U.S. Navy worked with ARPAC throughout the Naples Public Health Evaluation (Naples PHE) to share information and testing results. This fact sheet provides information on how to navigate ARPAC’s website to access the ambient air quality data the Italian agency has collected.

Step 1: Access the Website

Type “arpacampania.it” (<https://www.arpacampania.it>) into your internet browser address bar or into your preferred search engine.

Happy Holidays: Travel, Enjoy, but Safely

By NSA Naples Safety Office

From late November to mid-January, when families gather, parties are scheduled and travel spikes, safety should be top of mind. Following this tried-and-true advice will ensure your family remains safe and injury-free throughout the season.

Decorate Safely

Decorating is one of the best ways to get in a holiday mood, but emergency departments see thousands of injuries involving holiday decorating every season. When decorating follow these tips from the U.S. Consumer Product Safety Commission:

- Keep potentially poisonous plants like mistletoe, holly berries, Jerusalem cherry and amaryllis away from children.
- If using an artificial tree, check that it is labeled “fire resistant”
- If using a live tree, cut off about 2 inches of the trunk to expose fresh wood for better water absorption, remember to water it, and remove it from your home when it is dry.
- Place your tree at least 3 feet away from fireplaces, radiators and other heat sources, making certain not to block doorways.
- Avoid placing breakable ornaments or ones with small, detachable parts on lower tree branches where small children can reach.
- Only use indoor lights indoors and outdoor lights outdoors, and choose the right ladder for the task when hanging lights.
- Replace light sets that have broken or cracked sockets, frayed or bare wires, or loose connections.
- Follow the package directions on the number of light sets that can be plugged into one socket.
- Never nail, tack or stress wiring when hanging lights, and keep plugs off the ground away from puddles and snow.
- Turn off all lights and decorations when you go to bed or leave the house.

Turkey Fryers

Be alert to the dangers if you're thinking of celebrating the holidays by frying a turkey. The Consumer Product Safety Commission reports there have been hundreds turkey-fryer related fires, burns or other injuries, and millions of dollars in property loss from these incidents.

The Naples Security Office discourages the use of turkey fryers at home and urges those who prefer fried turkey to seek out professional establishments or consider using an oil-less turkey fryer. If you must fry your own turkey, follow all U.S. Fire Administration turkey fryer guideline.

Food Poisoning Is “No Joke”

Keep your holidays happy by handling food safely. The foodsafety.gov website from the U.S. Department of Health and Human Services provides some valuable holiday food safety tips:

- Wash your hands frequently when handling food.
- Keep raw meat away from fresh produce.
- Use separate cutting boards, plates and utensils for uncooked and cooked meats to avoid cross-contamination.
- Use a food thermometer to make sure meat is cooked to a safe temperature.
- Refrigerate hot or cold leftover food within two hours of being served.
- When storing turkey, cut the leftovers in small pieces so they will chill quickly.
- Thanksgiving leftovers are safe for three to four days when properly refrigerated.

Watch Out for Fire-Starters!

Candles and Fireplaces Use of candles and fireplaces, combined with an increase in the amount of combustible, seasonal decorations in many homes during the holidays, means more risk for fire. The National Fire Protection Association reports on average candles cause 46% of fires annually in December.

- Place candles where they cannot be knocked down or blown over, and out of reach of children.
- Keep matches and lighters up high and out of reach of children in a locked cabinet.
- Use flameless rather than lighted candles near flammable objects.
- Don't burn trees, wreaths or wrapping paper in the fireplace.
- Use a screen on the fireplace at all times when a fire is burning.
- Never leave candles or fireplaces burning unattended or when you are asleep.
- Check and clean the chimney and fireplace area at least once a year.

Traveling for the Holidays? Be Prepared!

If you're traveling this year, be sure your vehicle is in good running condition, get plenty of rest and be prepared for any emergency. Traveling by car during the holidays has the highest fatality rate of any major form of transportation based on fatalities per passenger mile. Hundreds of people die every year in crashes on New Year's Day, Thanksgiving Day and Christmas Day, according to Injury Facts. Alcohol impairment is involved in about a third of these fatalities.

TWELVE HOLIDAY SAFETY TIPS

1

Keep decorations at least three feet away from heat sources – especially those with an open flame, like fireplaces and candles.

2

The best decorations are safe decorations, so when you're decorating, make sure not to run cords under rugs or furniture.

3

If you have a natural Christmas tree water it to keep it fresh and safe.

4

Always turn off your decorations when you leave your home and when you're sleeping.

5

If you're using extension cords or adapters that add receptacles, consider having a qualified electrician add more outlets to your home

6

Only use electronics in dry areas. As tempting as it is, you just can't decorate your aquarium with icicle lights.

7

Remember that phones and tablets should stay on your nightstand.

8

Every home needs a working smoke alarm in each bedroom, outside sleeping areas and on every level, including the basement.

9

If you're using a space heater, switch it off before leaving the room.

10

Inspect your decorations and discard any that are damaged or worn out.

11

Keep batteries stored safely in their packaging and out of reach from small children and pets.

12

The best gift for your family is an Arc-Fault Circuit Interrupter breakers or outlets. Many electrical fires that occur every year could be prevented by AFCIs.

It's Better to Give Safely

Gifts and toys should inspire joy, not cause injuries. Thousands of children are seriously injured in toy-related incidents every year. Avoid safety hazards while gifting with these tips from the U.S. Consumer Product Safety Commission:

- Toys are age-rated for safety, not for children’s intellect and physical ability, so be sure to choose toys in the correct age range.
- Choose toys for children under 3 that do not have small parts which could be choking hazards.
- For children under 10, avoid toys that must be plugged into an electrical outlet.
- Be cautious about toys that have button batteries or magnets, which can be harmful or fatal if swallowed.
- When giving scooters and other riding toys, give the gift of appropriate safety gear, too; helmets should be worn at all times and they should be sized to fit.

Renters Insurance

For your protection, it is highly recommended that you obtain private personal property insurance, especially for high-valued items, even if you live in government quarters. Recently, we have seen an increase in questions regarding this topic. Personal property insurance ensures that your possessions are protected against loss or damage. Depending on the policy, some may even cover your household goods while they are in transit. Additionally, some may cover spoiled food during loss of power. Having the coverage can provide peace of mind and financial security, safeguarding your belongings.

Holiday Decorations

For Christmas Trees, put live trees in a safe area of the room, away from any source of heat. Keep the tree in a container of water with sand, or moist earth. Live trees should be watered daily. Do not place trees near an entrance/exit, doors, or stairwells. Decorations must be removed by 10 January. Trees should be removed soon after the holidays. Use only approved electrical not worn or frayed lighting. Dispose of live trees at trash pads.

Ongoing Maintenance on Support Site

Fall Preventative Maintenance Schedule

We want to remind you of the importance of being home or ensuring your furry friends are safely tucked away in kennels on the scheduled PMI day. Our maintenance team will be conducting a PMI on the listed dates. They must enter all the homes listed. Scheduled maintenance helps keep our community in top-notch condition, ensuring your homes are comfortable and running smoothly. By completing these routine checks, we can address any potential issues before they become major headaches. Remember, your cooperation is invaluable in maintaining the quality of life we all enjoy here. It is a collective effort that keeps our community thriving. So, let's work together to keep our homes happy and healthy!

Resident Responsibility: Home Care and Mold Prevention

As outlined in your occupancy agreement, it is the responsibility of each resident to maintain the general cleanliness and care of your home. Proper upkeep not only ensures a comfortable living environment but also helps prevent issues that can affect health and safety.

Residents are expected to use preventive measures to reduce the risk of mold growth. This includes routine light cleaning and dusting of your air vents. Mold can develop quickly in areas with excess moisture or poor ventilation, so consistent care is essential.

Tips for Preventing Mold in Your Home

- **Ventilation:** Keep windows open when weather permits to allow fresh air circulation. Use exhaust fans in kitchens and bathrooms.
- **Moisture Control:** Please use the issued dehumidifiers.
- **Air Vents:** Dust and lightly clean vents regularly to maintain airflow and reduce buildup.
- **Humidity Levels:** If possible, keep indoor humidity below 60%. Dehumidifiers can help in damp areas.
- **Cleaning Practices:** Regularly clean surfaces with mild household cleaners, especially in kitchens and bathrooms.
- **Appliances:** Ensure washing machines and dishwashers are properly vented and maintained to prevent leaks.
- **Storage:** Avoid storing items directly against walls in closets or basements, as this can trap moisture.

By following these practices, residents can help maintain a safe and healthy home environment while fulfilling their responsibilities under the occupancy agreement.

NSA Naples: Interactive Customer Evaluation (ICE) System

Every feedback is welcomed, good or bad, that's the surest way to help the installation improve services and quality of life in the community

By NSA Naples Public Affairs

The Interactive Customer Evaluation (ICE) system is a web-based tool that collects feedback on services provided by various organizations throughout the Department of Defense (DoD) including here at NSA Naples. Feedback can be positive (give a shout-out) or negative (report an issue). A combination of both is what helps us improve our services to better serve you.

Benefits of ICE:

- Allows community members to quickly and easily provide feedback to service provider managers on the installation.
- Gives NSA Naples leadership timely data on service quality.
- Allows service provider managers to benchmark their performance against like services in other DoD organizations.
- Saves money by providing an enterprise-wide capability to manage the resources necessary to collect and report on customer feedback and satisfaction ratings.

Do I get a response after submission?

Generally, if you provided contact information at the time of submitting an ICE Comment, it will be responded to within two weeks.

Response to your ICE Comment

COMMENT:

The center toilet Seat in the women's restroom in Bella Napoli has been broken. When will this be repaired so that all stalls may be used?

RESPONSE:

The Public Works Department (PWD) has implemented an online system to expedite the resolution of facility issues. For faster resolution, report future issues using the following link, also available on the Navy Life Naples App under the PWD tab: [PWD Online Service Request System](#)

Best way to submit an ICE comment?

- Visit the [ICE](#) website
- Navigate to the appropriate service provider managers link
- Input your comments and be specific
- Recommendations are welcomed
- Provide contact info if you require a response

Your ICE Comment Shout-outs!

MWR/ CYP

This is regards to the Harvest Fest this year. This is our third time attending the zombie run/trick or treating at carney and by far our favorite year! Combing the zombie run with the harvest fest on the same day was a great idea! We enjoyed it on the golf course this year versus previous years. The volunteers did an amazing job! We enjoyed the music/selection of food available and the variety of inflatables provided this year! Our son enjoyed all the decorations at the cabins! It felt like a true Halloween back home. Our family had an amazing time! Thank you to all of the volunteers and MWR staff that facilitated this event!

SUPPORT SITE GYM

The fitness staff are so awesome! Every time that I come in, I'm greeted with a smile. They're always very helpful and keep everything organized and clean. They don't get enough praise for what they do.

MILITARY FAMILY HOUSING

This is an unsolicited ICE comment on an outstanding housing manager on NSA Naples Support Site. Mr. Ben Cioffi is a very caring, responsive, thorough and communicative manager who has made our experience living here on base a great one. Things break but Ben is always there to help and his calm demeanor while mastering multiple clients makes him truly unique and a valuable asset to the housing team at support site. Grazie!

SECURITY

I visited NSA Naples Security on 03NOV25 to file a statement for a motor vehicle accident, and MA2 Bryson Obert provided outstanding customer service. He greeted me professionally, explained the process clearly, and walked me step-by-step through the paperwork to ensure everything was complete and accurate. His patience, attention to detail, and courteous demeanor made a stressful situation much easier. MA2 Obert represented the Security Department and the Navy exceptionally well.

ECONOMY HOUSING

Pietro Sanna did an amazing job, he had to pick up my lease signing due to a coworker not being able to attend due to a personal issue. He was very helpful and clear in his explanation, I felt like he was there to support me. He was helpful to both myself and the landlady and answered all questions from both of us. Additionally, he was helpful in deciding what loaner furniture and permanent loaner equipment I needed. Overall, great experience and he did an amazing job!

Emergency Preparedness Awareness

Emergency preparedness helps you prepare your household for any situation.
Have a Plan, Build a Kit, and Stay Informed.

Always stay ready in the case of an emergency by checking out the resources on our Emergency Management website at: [Emergency Management Webpage](#)

These resources exist to help your households construct an emergency kit and plan and learn how to respond and react to earthquakes (Drop, Cover, and Hold).

Additionally, you can stay informed about local earthquakes through the Italian Istituto Nazionale di Geofisica e Vulcanologia (Italian National Institute of Geophysics & Volcanology) link here: [Italian National Institute of Geophysics and Volcanology Website](#)

For more resources on staying informed as a household, see Federal Emergency Management Agency (FEMA) link here: [FEMA Website](#)

Local Lens: A Christmas stroll through Campania

By Paolo Cutillo, Contributing Writer

Christmas in Campania doesn’t just mean staying with families indoors. It means discovering a different kind of beauty — quieter streets, glowing lights, mountain air, and small towns dressed for the season. While summer here is loud and sunlit, December belongs to those who know how to slow down.

Locals trade beach walks for evening strolls under fairy lights, steaming cups of chocolate in hand. In Caserta, Via Mazzini shines softly, while the royal palace becomes a silent backdrop to the city’s winter rhythm. Drive a little further, and you’ll find yourself in Limatola, where the medieval castle turns into one of the most charming Christmas villages in Italy — part market, part fairytale, filled with music and handmade crafts.

Head inland toward the Matese mountains, and winter changes mood again. The air is sharper, the streets quieter, and the smell of fireplaces lingers as you cross the tiny villages of Guardiaregia, Cusano Mutri, or Letino. Locals come here not for the snow (though you might find some), but for the sense of stillness — a small escape from the city’s rush before the new year begins.

In Naples, San Gregorio Armeno remains a world of its own: artisans carve, paint, and laugh among the smell of wax and wood. Even if you’ve seen it before, December brings something new every time — a reminder that tradition here is alive, not nostalgic.

So, if you’re in Campania this month, let December surprise you. Wander through glowing alleys, warm up in an ancient café, or get lost in a castle-turned-winter market.

Because in the South, winter isn’t a pause — it’s another way to fall in love with the place.

Base Information

Important Notice: Off-Base Traffic Accident Reporting Procedures

Attention NSA Naples personnel and families: if you're involved in an off-base traffic accident and local police did not respond, you are strongly encouraged to complete a Voluntary Statement at the Capodichino or Support Site security precincts as soon as possible.

This may be needed for insurance claims, as Italian authorities cannot issue retroactive reports. Timely documentation is essential.

NSA Naples Security Precincts are open 24/7.

Capodichino (+39) 081-568-2207

Support Site (+39) 081-811-4269.

Thank you for your cooperation.

Reserved Parking Requirement

When parking in designated parking spaces onboard NSA Naples Support Site and Capodichino, personnel must display their associated parking placard.

Failure to display the placard may result in ticketing and/or booting of your vehicle

OCONUS Emergency Travel Assistance Grant

Grant Program for Military Members

Aligning with the American Red Cross mission of helping military members prepare for, cope with, and respond to the challenges of military service, Service to the Armed Forces (SAF) is implementing the OCONUS Emergency Travel Assistance Grant.

This program will provide financial assistance to military members, including National Guard and Reserve, actively serving Foreign Outside the Continental United States (F-OCOUS) who are currently on or about to begin emergency leave.

All categories of emergency leave are eligible for this grant. Service members must provide a copy of their emergency leave orders. Eligible service members will be awarded a \$500 grant.

The OCONUS Emergency Travel Assistance Grant will be available for a limited time based on the availability of funds.

To apply, please contact the Hero Care Center at 1-877-272-7337.

American Red Cross

Service to the Armed Forces

This limited-time program provides \$500 grants to active-duty military members (including activated National Guard/Reserve members) who are:

- Stationed Foreign OCONUS (F-OCOUS)
- Currently on or about to begin emergency leave or ordinary leave under emergency conditions. (Service member must be able to provide a copy of their emergency leave orders.)

We're sorry you're going through a difficult time and we're here for you. Call the American Red Cross Hero Care Center at (+1) 877-272-7337 to speak to a specialist who'll help you apply.

For additional information, please contact us at naples@redcross.org or stop by your local Red Cross office in Building 450 on Capodichino.

HOV/Ride-Share Program

Help reduce traffic and parking issues at Capodichino by joining the new HOV/Ride-Share Program!

Who Can Apply?

A carpool group with at least two other people (three people minimum) who regularly commute to and from work at Capodichino.

How to Apply:

1. Fill out the registration form ([Enclosure 6](#)) found in the NSA Naples Parking Policy or scan the QR code below.

2. Email the completed form to the NSA Naples Pass and ID Office: nsanaplessecpassid@us.navy.mil

How Selection Works:

1. The NSA Naples Pass and ID Office, in coordination with the NSA Naples XO, will review all applications.

2. If selected, you will receive carpool parking privileges for SIX months.

3. After six months, your privileges will end.

4. You can re-apply six months later allowing others a chance to participate.

SPACE IS LIMITED

Only 12 parking spots are available, program rules will be strictly enforced. Only park in the space when ride-sharing.

CENTRAL MEAT PROCESSING PLANT

SERVING COMMISSARY CUSTOMERS IN *10 Countries* SINCE 1998

The Central Meat Processing Plant’s state-of-the-art facility features highly efficient meat processing and vacuum machines, metal detectors and X-ray machines, a flash freezer, and high-tech cleaning systems. USDA Beef is cut, ground, packaged, vacuum sealed, and shipped from Kaiserslautern Cold Storage to our overseas locations. Fresh pork is sourced locally from German locations and processed under the same strict guidelines. Commissaries receive shipments an average of every two to three days, depending on the size and sales volume of the location.

Special Orders

FOR YOUR SINGLE-SERVING OR PARTY-PLANNING MENUS

Just as you can go to a stateside commissary and place a special order for pork or beef, you can do the same here in Europe. You can simply request a special order from the commissary at the meat department or front-end department by filling out a special-order form if you are looking for a large quantity or a special cut.

Special order lead times vary depending on the request but a majority can be filled within days. Large quantity requests may take up to eight weeks. Whole pigs require a 10-day lead time. Check with your commissary for details.

#DYK: Careers with DeCA

The Defense Commissary Agency (DeCA) employs more than 12,000 civilians throughout 13 countries as it delivers a premier commissary benefit to the U.S. armed services community. Working at DeCA is exciting, meaningful, and rewarding! As a part of the DeCA team, you will have an opportunity to work in a motivating environment that is focused on taking care of its employees, their families, and most importantly, commissary patrons. DeCA is a great place to build your federal career and includes a very comprehensive benefits package. To learn more, [CLICK HERE](#).

Store Director’s Scoop:

Store Director | Dennis.D.Holm.civ@mail.mil | +39-081-811-4871

Here at the Commissary, we are working on being the grocery provider of choice for our eligible patrons. You will see daily savings throughout the store to reach our goal of saving you the patron on average 25% from your shopping experience. We understand how important this benefit is to you overseas. Getting the items, you know, is import to us. Our procurement team is working non-stop to get us all the products we can to keep our shelves full for you. When the supply chain issues come around, they find alternatives to help us get what we need.

Beef gets its red color from exposure to oxygen. In our vacuum packing process, we remove over 99% of the oxygen from the package. The lack of oxygen turns the meat a darker color but the meat will return back to the usual red-color once the package is opened and is, once again, exposed to oxygen.

The vacuum package does not allow for any air in or out. This can cause naturally occurring lactic acid to build up inside the package. Shortly after opening the package, the initial off-odor will dissipate. This process does not affect the quality of the meat or taste and acts as a natural meat tenderizer.
