RED/DA UPDATES

We've made some helpful changes.

Here's what's new:

- ✓ Friendly reminder to update F/SGLI in **Online Enrollment System**
- ✓ No more downloads/re-uploads – **Page 2/DD-93 are 100% electronic**
- ✓ No more confusing "Save for Later" button – **just finish and submit!**

SRB'S ARE BACK

The Navy has released the first FY-26 SRB Update.

- More than 83,000 Sailors in 271 skillsets are now eligible
- 40 new skillsets
- 79 skillsets removed

RETIREE ID CARDS

Retirees are encouraged to upgrade to the Next Generation Uniformed Services ID (USID).

DOD has not yet announced when legacy (Teslin) USIDs will no longer be accepted.

Stay tuned for updates from MNCC's Navy Project Office.

TOP NEWS AROUND SAILOR PAY

WHAT IS MYPAY?

Sailor Life Skills – Brilliant on the Basics

MILLINGTON, Tennessee (Nov. 19, 2025) – Staying mission-ready starts with the basics, and one of the most important tools every Sailor should know inside and out is myPay.

MyPay – the Defense Finance and Accounting Service's online pay system – gives Sailors direct control over their pay and entitlements. Whether you are double-checking your Leave and Earnings Statement (LES) or updating tax information, myPay is where it all happens.

Through myPay, Sailors can view, download, or print their LES, tax documents, and travel voucher pay statements. The system also lets you update electronic funds transfer details, change state or federal tax withholdings, set up or modify allotments, and start or adjust your Thrift Savings Plan (TSP) contributions. Managing these tools early in your career can help you catch pay issues quickly, build long-term savings, and make smart financial decisions.

Rear Adm. Kertreck V. Brooks, Commander, MyNavy Career Center (MNCC), said understanding pay isn't just helpful – it's essential.

"We are always here to help – to ensure every Sailor is empowered to master their pay and financial well-being," Brooks said. "That means knowing your entitlements, checking your LES for anything that doesn't look right, and knowing

who to contact when something needs to be fixed."

The LES remains the most-used feature in myPay. It breaks down monthly pay, allowances, and deductions, and benefits – information often needed for securing service-related benefits, including no-downpayment VA home-loan options.

Sailors can access myPay at mypay.dfas.mil from any browser-supported device.

Once logged in, users can create or update their profile, set up a login ID and password, enable two-factor authentication for added security, or authorize trusted individuals with limited access to view pay documents.

For help with myPay system features, Sailors can use Ask myPay or call (888) 332-7411.

For pay-related issues, Sailors should contact their Command Pay and Personnel Administer, or MNCC at (833) 330-6622 or AskMNCC@navy.mil.

MNCC delivers 24/7 customer service and handles personnel and pay transactions for Sailors, veterans, and their families. For additional self-service tools, visit MyNavy Portal.
