

RED HILL HIGHLIGHTS

22nd Edition; Aug. 19, 2025

The mission of Navy Closure Task Force-Red Hill (NCTF-RH) is to execute the permanent decommissioning of the Red Hill Bulk Fuel Storage Facility (RHBFSF) safely and expeditiously, and continue long-term environmental remediation in coordination with State and Federal regulators in order to protect public health and the environment.

FACT CHECK: The Navy has more than 45 groundwater monitoring wells on and off Navy Red Hill property and is expanding the network

NCTF-RH Invites the Public to Quarterly Open House

The public is invited to attend Navy Closure Task Force-Red Hill's quarterly open house on Wednesday, Aug. 20, from 5 p.m. to 7 p.m. at the Oahu Veterans Center, located at 1298 Kukila St., Honolulu, HI 96818.

The event will feature static displays and opportunities to speak with subject matter experts who will provide updates on the Navy's ongoing work at the Red Hill Bulk Fuel Storage Facility.

Open house topics include:

- Tank Closure Plan Supplement 4, which was released earlier this summer and focuses on the overall closure strategy, pipeline removal and tank verification plan updates, physical tank modifications, historical equipment connections to the Red Hill underground storage tank system, and post-closure monitoring
- Navy-Aiea Halawa Shaft Reactivation
- Pipeline Removal Process
- Environmental Monitoring and Remediation

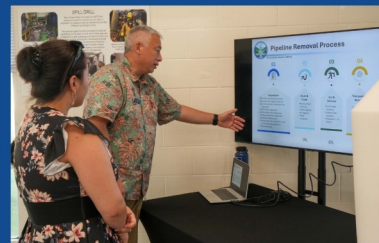

Attendees can learn about key activities including pigging (pipe cleaning) operations through facility pipelines, the Navy's plan to reactivate the Navy Aiea-Halawa Shaft, and other operational milestones.
