From Installation CO

By Capt. John Randazzo,
*Commanding Officer,
NSA Naples*

Team Naples,

This year, 2026, will mark the 75th anniversary of NSA Naples. This is a significant milestone that speaks to the legacy of all NSA Naples personnel, past and present. To commemorate this special occasion, we're working on a unique coin to celebrate 75 years of this truly outstanding community. It's a chance to honor our history and the vital role this installation continues to play.

On another note, I know many of you have seen the recent changes to the Physical Fitness Assessment. I want to be clear that as we adapt, my number one priority is supporting you. That's why we offer a large number of group fitness classes, and have invested in great facilities like the new Navy Operations Fitness and Fueling (NOFFS) Fitness Center at Capo and Beaver Fit boxes across our sites. But remember, true fitness isn't just about working out; it also requires a balanced nutrition plan, especially as we get older. To encourage a holistic approach, we are creating a new award for the best health and fitness program offered by any of our tenant commands. This initiative is meant to help everyone succeed, so please take advantage of these resources.

Share Your Feedback

My team is always listening. We continue to act on your valuable input through the Interactive Customer Evaluation (ICE) system and our other feedback channels. For details on submitting an ICE comment, reading our responses, and seeing community shout-outs, please turn to page 9.

Prioritizing Your Well-Being

As we navigate the continuous challenge of finding a healthy work/life balance, I want to highlight the importance of personal wellness. To support this effort, we have launched the Naples Wellness Collective website. This new resource offers a variety of options to help you maintain your mental, physical, and social well-being, including tactical fitness groups and social organizations. Find out more here: [Wellness Collective Link](#)

Sailors at NSA Naples Take Navy Chief Advancement Exam

NSA Naples hosted the 270th Cycle of E-7 Navy-wide Advancement Exam on January 15, 2026 providing a pivotal opportunity for first-class petty officers to take the next step in their naval careers. This exam is a critical requirement for selection to the esteemed rank of Chief Petty Officer (CPO). CPOs are recognized as technical experts in their ratings and are entrusted with the vital role of mentoring and developing junior Sailors and officers.

NSA Naples Emergency Teams Conducts Integrated Force Protection Drills

By Josephine Schneider

Naval Support Activity (NSA) Naples emergency management members conducted a series of force protection drills in preparation for a Regional Training Assistant Visit (RTAV) to test the installation's readiness and response to potential threats, 21

Jan. 2026. RTAV is a U.S. Navy program that assesses an installation's security readiness. The drills featured a range of simulations, including lockdown procedures and an active-shooter threat, allowing security teams to refine tactical techniques and improve response times.

By consistently honing their skills, the base's security teams ensure they are equipped to provide vital protection, a core part of the NSA Naples mission to sustain the fleet, enable the warfighter, and support families.

Expert Staff Meeting with a NATO Delegation

By JFC Naples Public Affairs

Each service from the Mauritanian Armed Forces was represented at the meeting which was hosted and led by the Head of the Military Cooperation.

A new Individually Tailored Partnership Programme (ITPP) dedicated to the Mauritanian Armed Forces is to be approved soon. Then followed by a new Direction and Guidance for Military Cooperation (MC D&G), both of these political and military documents are laying the foundation and establishing the priorities of military partnership agreed upon by Mauritania and NATO.

This meeting took place in a frank and open atmosphere, demonstrating the ambitions of the Mauritanian Armed Forces and further strengthened the bond between Mauritania and NATO.

News in Brief: Around the Installation

Toddler Time at the USO: Toddler Time was a great success. The USO had so much fun playing, learning, and spending time with our little friends. The USO gives a special thanks to Educational and Developmental Intervention Service (EDIS) for partnering with the USO and helping make it such a fun and engaging experience.

SAPR Serves Troop Lunch with the USO: The NSA Naples Sexual Assault Prevention and Response (SAPR) team is grateful for the opportunity to collaborate with the USO for Troop Lunch. The SAPR team had such a great time connecting with the community, sharing resources, and building strong relationships that furthers both the SAPR and USO mission. Special thanks to the awesome Victim Advocates (VAs) for being the frontline of the program and to everyone who stopped by to chat, learn, and show support. And of course, a huge Grazie Mille to the USO for always being a gracious host. Together, we build stronger, safer communities.

New Partnerships: Recently, USO collaborated with MWR GAETA in hosting an appreciation lunch for NSA Naples Detachment Gaeta Sailors. The day was filled with great food, trivia, prizes, and plenty of camaraderie, all designed to boost morale and strengthen connections within the community. Programs like this play an important role in supporting family readiness and resilience, especially for Sailors and families who may not always have the opportunity to travel to Naples to participate in USO events.

Wildcats Shine at Junior Leadership Seminar - Seven NMHS students build leadership skills and represent Naples at Junior Leadership Seminar in Germany

By NMHS

During a cold week in Hubengen, Germany, seven of our middle school students attended the Junior Leadership Seminar (JLS). The purpose of JLS is to build leadership skills in our students and use them to improve their community. Our Naples JLS team learned to debate, lead others toward a common goal, and meet other students from all over DODEA Europe, and some goats. The students worked excellently together within their groups each day to complete their assignments and to think about how they can use their learning to improve Naples Middle High School.

Our seven NMHS students were excellent ambassadors for our school and community during our week at JLS. Abigail T. was selected by her color group, which is made up of students from multiple schools, to receive the Color Group Award. Cora B. was selected as the JLS Ambassador Student for the school year 2026 to 2027. This means she will be leading JLS next year. She will be working not only with NMHS students but with all the students who will be attending JLS next year.

The next step for our JLS students is to work on a project that benefits our school and or our Naples community. Congratulations to each of them.

For more Naples Middle High School news: [Link Here](#)

Crochet Workshop in Gaeta: American Red Cross Naples and MWR Gaeta held a Crochet Workshop at the Gaeta Fleet Recreation Center! It was another great success.

Off-Base Housing: Security Deposits Transitioning to Electronic Payments

This higher headquarter directed security deposit policy change aligns NSA Naples with all other DoD bases across the world and will enable personnel to experience the convenience of electronic payments.

By NSA Naples Public Affairs

At the direction of higher headquarters, Commander, Navy Region Europe, Africa, Central (CNREURAFCENT), NSA Naples is transitioning to electronic fund transfer (EFT) for off-base housing security deposit to ensure that our personnel living off-base can expect the same processes and standards they would experience at all other DoD bases across the world.

If you're stationed in the Naples area, residing off-base, and paid your security deposit in cash, it will be returned to you electronically and you will pay it back to your landlord electronically. The housing office will contact you to sign two acknowledgement forms and a lease amendment to complete the process and go electronic.

This higher headquarter directed security deposit policy change aligns NSA Naples with all other DoD bases across the world and will enable our personnel to experience the convenience of electronic payments.

Electronic payment removes a layer of bureaucracy allowing tenants to receive their security deposit directly from the landlord instead of going through NSA Naples housing office. Quick and easy.

Furthermore, electronic payment is more convenient than taking a trip to the ATM to get cash and more secure than carrying cash around. Going electronic will also reduce and/or eliminate the potential for cash drain at installation ATMs.

In the modern era, electronic payments are the preferred method of monetary transactions for every other overseas station and keeps an electronic transaction history, vice dependence on paper payment receipts.

[CLICK HERE](#) for the new Off-base Housing Security Deposit Process Fact Sheet and Issue Resolution Fact Sheet.

For questions regarding the new security deposit process, contact the housing office at:
Naples_Housing@us.navy.mil
DSN: 629-4466
Commercial: +39-081-629-4466

This change ONLY affects tenant personnel residing off-base that have executed private lease agreements through the NSA Naples Housing Service Center (HSC) prior to 10 June 2024.

Electronic payment is the preferred method of monetary transactions for every other overseas station.

The housing office will contact all concerned to sign two acknowledgement forms and a lease amendment to complete the process and go electronic.

Your Questions Answered

What if the landlord refuses to return the deposit?

A landlord who fails to return the deposit to a tenant would be subject to immediate removal from the NSA Naples housing program. It is an extremely rare occurrence to see a landlord who fails to return a security deposit back to tenant here in Naples. Per the lease agreement, and in rare instances where security deposit dispute between tenant and landlord cannot be resolved through informal meeting with the housing office, either party will have all remedies available to them under the law. As a DoD personnel, if you are not getting the legal help you need, you should always engage your chain of command to escalate the issue through appropriate channels.

Will the security deposit be returned in Euros?

Deposits are electronically returned in Euros if you provide account information that includes an IBAN number linked to a Euro bank account. If a tenant has a U.S. bank account, they will receive the money in dollars. Most personnel that own a community bank account have reported that it makes security deposit, rent, and bill payments to Italian landlords much easier. Other personnel are known to use the wire transfer service known as Wise. As for the exchange rate, this fluctuates on a daily basis and each tenant may realize a positive or negative difference between transactions depending on when the transaction occurs.

Is it my responsibility to inform my landlord about this policy change?

No. The housing service center will explain the policy change to each landlord.

Radon Awareness: How Radon Enters Homes

On-base residential and non-residential units, including off-base Government leased units are in compliance with the Navy Radon Management Program.

The diagram illustrates how radon gas enters a home. It shows a cross-section of a house with radon gas (indicated by yellow arrows) entering from the soil, groundwater, and bedrock. Labels include 'Radon in soil', 'Radon in groundwater', and 'Radon in bedrock'. The CDC logo is visible in the bottom left corner.

By NSA Naples Public Affairs

Radon is a naturally occurring, radioactive gas that is odorless, colorless, and tasteless. Radon gas is released from rocks and soil and can move to air, groundwater, and surface water. It is normally found at very low levels in outdoor air and can be found in water used for cooking and drinking.

Radon can build up in the air in any home or building, whether it has a basement, is sealed or drafty, or is new or old. Take action this month to reduce the risks of radon in your home by opening windows and using fans to circulate air. This increases airflow and mitigates the buildup of radon.

In compliance with the Navy Radon Assessment and Mitigation Program (NAVRAMP), NSA Naples on-base residential and non-residential units, including off-base Government leased units are either tested or mitigated or currently being tested.

Personnel that live off-base have entered into a private contract with their landlord, therefore limiting the scope with which the U.S. government may intervene or have control over said contract. However, DoD personnel living off-base can work with their landlord to test for and mitigate radon, if desired, at their own expense.

The lessee may work with the lessor to address any identified issues, as outlined in Section 19 of the NSA Naples housing lease.

Information about finding an at-home radon test kit is available through the Environmental Protection Agency: [Link Here](#)

If you have specific questions about your home or your options, please contact our housing office for assistance at:
DSN: 629-4466
Commercial: +39-081-629-4466
Email: Naples_Housing@us.navy.mil

While NSA Naples has a known overall potential for elevated radon levels, classifying the installation as a Radon Potential Category (RPC) 1 according to the NAVRAMP, the installation is complying with NAVRAMP testing and mitigation policies at government owned/controlled units.

RPC1 is simply the level assigned when even one unit or building is found on the installation with a radon level over the minimum threshold of 4.0 picocuries per liter (pCi/L).

U.S. Naval Hospital Naples Recognized as 2025 Leapfrog Top General Hospital

The image shows two military personnel in camouflage uniforms standing in front of a row of flags, including the U.S. flag and the NATO flag. One person is holding a glass award.

By Todd Folts

U.S. Naval Hospital Naples has been named a 2025 Leapfrog Top General Hospital, placing the military treatment facility among an elite group recognized nationally for excellence in patient safety, quality, and operational efficiency. The distinction, awarded by The Leapfrog Group, underscores the hospital's sustained commitment to delivering safe, high-quality care to service members, their families, and beneficiaries throughout the European region.

"This recognition reflects the professionalism, dedication, and teamwork of our entire staff," said CAPT Raynese Roberts, Commanding Officer U.S. Naval Hospital Naples. "Achieving this level of excellence requires constant focus on patient safety, clinical quality, and continuous improvement across every department."

Naples Public Health Evaluation

In-Focus: Air Quality in Naples

By Todd Folts and Josephine Schneider

Checking Air Quality Outdoor

The website hyperlink below provides real-time data on Naples’ Air Quality Index (AQI) to help residents understand pollution levels and potential health implications. AQI is a measure of air pollution on a scale where higher numbers indicate poorer air quality. The AQI levels are divided into categories: Good (0-50), Moderate (51-100), Poor (101-200), Unhealthy (201-300), Severe (301-400), and Hazardous (401-500).

[Naples Air Quality Index \(AQI\) and Italy Air Pollution | IQAir](#)

The dashboard displays AQI readings across various locations in Naples, showing areas with higher pollution. Additional insights like health recommendations (e.g., wearing masks, using air purifiers) and historical AQI trends are also included, helping residents make informed decisions about outdoor activities. This is not an endorsement of this website, but an effort to keep our community here in Naples informed on the environmental conditions where we live.

Air Quality in Naples – Sources

Vehicle emissions are among the primary contributors to Naples’ air pollution. The city’s dense traffic and reliance on cars and motorbikes result in high levels of NO₂ and other harmful pollutants that affect air quality, especially during peak travel times.

In addition, less frequent, natural events, like wildfires in Naples, contribute to air pollution and environmental damage.

Addressing these issues requires coordinated efforts between local authorities, industries, and the community to reduce pollution and to mitigate its long-term environmental impacts. It is also important to note the U.S. Naval Hospital Naples does not test or monitor the outdoor air quality across the region.

If at any point you feel your health is being or may be impacted by the environment, please contact your primary care physician. If you have questions about any of NPHE enduring processes, or any other environmental life, health or safety issue, send an email to Naples_LHS_questions@us.navy.mil

What Is Naples Public Health Evaluation (NPHE)?

The Naples Public Health Evaluation is a comprehensive study of the health risks associated with potential exposure to chemicals in the environment resulting from the area’s waste disposal practices. The Campania region of Italy has experienced numerous challenges associated with trash collection, open burning of uncollected trash and illegal waste disposal practices. In response to health concerns expressed by U.S. Navy personnel in 2007, the Commander, Navy Region Europe, Africa, Central (CNREURAFCENT) contacted the Navy and Marine Corps Force Health Protection Command (NMCFHPC) to conduct a comprehensive public health evaluation to assess the potential health risks for U.S. personnel living in the Naples area. The NPHE was conducted from January 2008 to June 2011.

What did the Navy learn from NPHE?

Through the Public Health Evaluation, the Navy has been able to identify and address public health risks for U.S. personnel living in the Campania region. The Navy established new health-protective policies and took immediate action to protect the health of U.S. personnel and their families. **Many of these health-protective policies remain in place, as enduring processes, to ensure continued health protection beyond the life of the study.**

Where are the results of NPHE and where can I read more about this evaluation?

The NPHE results are located on the Health Awareness section at NSA Naples website: [Read More About NPHE](#)

Your Health: Facts for Families in Naples

About: Navigating the Italian Ambient Air Quality Website

The U.S. Navy conducted a Public Health Evaluation from 2008–2011 to assess potential health risks for Navy personnel and their families while living in Naples, Italy. In line with our commitment to continually share important health information, we are providing the following information related to the Public Health Evaluation. We encourage you to review this information and other fact sheets which can be found at the Naples Health Awareness website.

Introduction

ARPAC, or Agenzia Regionale per la Protezione Ambientale della Campania, is the environmental protection agency for the Campania region. The U.S. Navy worked with ARPAC throughout the Naples Public Health Evaluation (Naples PHE) to share information and testing results. This fact sheet provides information on how to navigate ARPAC’s website to access the ambient air quality data the Italian agency has collected.

Step 1: Access the Website

Type “arpacampania.it” (<https://www.arpacampania.it>) into your internet browser address bar or into your preferred search engine.

Picture 1: ARPA Campania homepage

NSA Naples Invests Over \$542K in Fitness Upgrades, Boosting Mission Readiness and Troop Morale

By NSA Naples Public Affairs

The U.S. Naval Support Activity (NSA) Naples Italy is revolutionizing its approach to health and wellness with a significant investment in state-of-the-art fitness facilities. With over \$422,000 spent in fiscal year 2025 and an additional \$120,000 projected for fiscal year 2026, the Morale, Welfare, and Recreation (MWR) program is rolling out extensive upgrades designed to enhance mission readiness, boost morale, and prevent injuries for the entire base community.

The comprehensive initiative stems from a holistic vision for the health and readiness of service members, focusing not only on physical strength but also on mental and emotional well-being.

“We are fully aligned with the Navy’s ‘Sailors First’ initiative which focuses on improving quality of life to increase readiness. As the Chief of Naval Operations Adm. Daryl Caudle has emphasized, Our Sailors and civilian personnel are the center of our universe, and they deserve a standard of service that matches the unlimited liability they accept in defense of our nation. These fitness upgrades reflect that commitment,” said Capt. John Randazzo, NSA Naples commanding officer.

Navy Installations Command Executive Director Visits NSA Naples

By NSA Naples Public Affairs

Timothy Bridges, the Executive Director of Navy Installations Command (CNIC), visited NSA Naples to conduct a comprehensive review of the installation's current operations, ongoing projects, and future development plans. The visit underscores the strategic importance of NSA Naples as a forward-deployed operational platform.

During his visit, Mr. Bridges toured the

installation and received briefings on its capabilities and strategic initiatives. He also engaged with key leaders, including the Installation Commanding Officer, Capt. John Randazzo, and the Installation Housing Director, Sherill Amparo, to discuss the continuous support required for base operations and infrastructure. A key focus of the discussions was the well-being of service members and their families, with a tour of the base's

housing complex.

This site visit provided an opportunity for Mr. Bridges to assess the progress of current projects and gain insight into the key mission areas that NSA Naples supports. The discussions also covered future development plans designed to enhance the installation's ability to provide unwavering support to the fleet, joint, and allied forces.

Housing Bits

By NSA Naples Housing

Stove Range Hood Use and Maintenance

- NSA Naples Housing recommends that the cooker hood is switched on before any food is cooked. We also recommend that the appliance is left running for 15 minutes after the food is cooked, in order to thoroughly eliminate all contaminated air. The effective performance of the cooker hood depends on constant maintenance; the anti-grease filter and the active carbon filter both require special attention.
- The anti-grease filter is responsible retaining the grease particles suspended in the air, therefore it is subject to clogging with variable frequency according to the use of the appliance.
 - To prevent the danger of possible fires, at least every 2 months one must wash the anti-grease filters by hand using non-abrasive neutral liquid detergents or in the dishwasher at low temperatures and on short cycles.
 - In the event that acrylic anti-grease filters are used, hand-wash every 2 months, using neutral non-abrasive liquid detergents and replace them after every 6 washes.

Before remounting the anti-grease filters and the generable active charcoal filters, it is important that they are completely dry.

- Clean the hood frequently, both internally and externally, using a cloth dampened with denatured alcohol or neutral liquid detergents that are non abrasive.
- The lighting .system is designed for use during cooking and not for the prolonged general lighting of the room. The prolonged use of the lighting system significantly decreases the average duration of the bulbs.
 - Attention: the non compliance with the hood cleaning warnings and with the replacement and cleaning of the filters entails risk of fires. One therefore recommends keeping to the suggested instruction.

>>>TOPICS<<<

- Stove Range Hood Use and Maintenance
- Space Heater Safety
- How to Terminate Your Economy Lease
- How to Terminate Base Housing
- Warehouse Phone Outages

Space Heater Safety

Space heaters can be a convenient way to supplement heating in cold environments, but it's crucial to prioritize safety when using them.

- Always ensure that the space heater is placed on a flat, stable surface and kept at least three feet away from any combustible materials such as curtains, furniture, or bedding.
- Never leave a space heater unattended, especially around children or pets.
- It's essential to plug the heater directly into a wall outlet and avoid using extension cords, which can overheat and pose a fire hazard.
- Regularly inspect the heater for any signs of damage or malfunction, and never operate it if the cord or plug is frayed or damaged.
- Always turn off and unplug the heater when not in use, and never use it near water or in damp areas to prevent the risk of electrical shock.

By following these safety precautions, you can enjoy the warmth of a space heater while minimizing the risk of accidents and injuries. For further reference, consult NAVSUPACT NAPLES INST 11320.2G 9.

Portable Space Heaters

- a. Portable space heaters must be approved for use by the Public Works Department (PWD) and the FBP per reference (k)
- b. Portable space heaters will be equipped with a thermostat and tip-over safety shut-off switch.
- c. Portable space heaters will be located so they cannot be easily overturned.
- d. Portable space heaters will be plugged directly into a wall receptacle.
- e. The area around the heater will be kept clear of all combustible materials.
- f. Portable space heaters will be used in such a manner as not to create an overload of the circuit or device.
- g. Portable Space heaters will be un-plugged when not in use.
- h. Portable space heaters must meet all safety requirements of Underwriter Laboratories (UL), Factory Mutual (FM) or European CE. Each unit must have a marking indicating one of these labels.

Unnacompanied Housing Bits

PCS: How to Terminate Your Lease on the Economy

Preparing for your PCS move out of NSA Naples requires careful planning and adherence to specific steps. Begin by initiating preparations at least 45 days in advance by contacting the housing service center. We will set up an appointment to terminate your lease. You MUST give your landlord 30 days’ notice to terminate the lease. The housing counselor will also arrange for loaner furniture to be delivered and picked up at that appointment. At some point you will schedule a final clearance with your landlord. You are entitled to furniture for up to 90 days. Prior to moving out be sure to shut off your electric thru the NEX or JFC effective your vacate date. It is essential to stay on top of these tasks to ensure a smooth transition during your PCS move from NSA Naples.

PCS: How to Terminate Your in Base Housing

It is important to know that if you are leaving base housing for any reason, including PCS you are required to give 30 day notice and you must contact the assignment office to schedule an appointment to do an intent to vacate.

1st Appointment at Housing Service center

- The Assignment office is located at the Support Site Facility Building 2072 and is open Monday through Friday, from 7:45: a.m. Until 3:45p.m. Contact the office at DSN 629-4930 to schedule your first appointment.
- Bring a copy of your PCS orders to this first appointment. You will complete an “Intent to Vacate” notice and schedule your preliminary and final inspections. The Assignment Counselor will arrange for loaner furniture to be delivered and picked up.

2nd Appointment at your Apartment

- During the pre-inspection of your home, the Housing representative will inform you of what will be expected at the final checkout, as well as take notes of needed repairs. During the pre- inspection, be sure to ask any questions you may have concerning items that have been lost or damaged. This inspection will take approximately 60 minutes.
- Please make arrangements to keep this pre-inspection appointment. Missing the appointment will slow up the vacating process.

3rd Appointment at your Apartment

- You must have a final inspection of your home in order to complete your requirements for vacating government quarters before PCSing. To complete the final inspection it is important to have all personal property removed prior to your scheduled appointment.
- At the final inspection a Housing representative will examine the residence in the following areas: condition and cleanliness of quarters; and inventory, condition and cleanliness of government equipment, appliances and loaner furniture. During the final inspection, you will sign a memorandum indicating the date that you passed your final inspection and vacated quarters.
- Following your final inspection you will need to report to the Assignment Office for your final BAH and signature of the check-out sheet

Warehouse Trouble Tickets and Phone Outages

The NSA Naples Housing team is aware of the recent phone outages affecting the warehouse, and we want to assure our community that we are actively working to resolve the issue. Whether you live on the economy or in base housing, our commitment to supporting you remains unchanged.

During this period, if you are unable to reach us by phone, please contact us by email at naples_housing@us.navy.mil. Your questions and concerns are important to us, and we will respond as quickly as possible.

Thank you for your patience as we work to restore full phone service. We appreciate your understanding and remain dedicated to providing reliable support to our community.

For Support Site residents living on base, maintenance requests can also be submitted using the QR code provided.

This is a convenient alternative to ensure your needs are addressed without delay.

Brought to you by NSA Naples Fire & Emergency Services

- ✓ DO use exhaust fans only while cooking.
- STOP DON'T leave exhaust fan and/or light on continuously
- STOP DON'T leave home with the fan or light on.
- ✓ DO clean filters regularly to prevent grease buildup.
- ✓ DO report any odd smells, flickering, or noises

NSA Naples: Interactive Customer Evaluation (ICE) System

Every feedback is welcomed, good or bad, that's the surest way to help the installation improve services and quality of life in the community

By NSA Naples Public Affairs

The Interactive Customer Evaluation (ICE) system is a web-based tool that collects feedback on services provided by various organizations throughout the Department of Defense (DoD) including here at NSA Naples. Feedback can be positive (give a shout-out) or negative (report an issue). A combination of both is what helps us improve our services to better serve you.

Benefits of ICE:

- Allows community members to quickly and easily provide feedback to service provider managers on the installation.
- Gives NSA Naples leadership timely data on service quality.
- Allows service provider managers to benchmark their performance against like services in other DoD organizations.
- Saves money by providing an enterprise-wide capability to manage the resources necessary to collect and report on customer feedback and satisfaction ratings.

Do I get a response after submission?

Generally, if you provided contact information at the time of submitting an ICE Comment, it will be responded to within two weeks.

Response to your ICE Comment

COMMENT:

The center toilet Seat in the women's restroom in Bella Napoli has been broken. When will this be repaired so that all stalls may be used?

RESPONSE:

The Public Works Department (PWD) has implemented an online system to expedite the resolution of facility issues. For faster resolution, report future issues using the following link, also available on the Navy Life Naples App under the PWD tab: [PWD Online Service Request System](#)

Best way to submit an ICE comment?

- Visit the [ICE](#) website
- Navigate to the appropriate service provider managers link
- Input your comments and be specific
- Recommendations are welcomed
- Provide contact info if you require a response

Your ICE Comment Shout-outs!

MVRO

Mr. Hooker and Ms. Naomi provided excellent customer service today! I went over to the MVRO to inquire about why my inspection was due. Mr. hooker not only looked into the issue but went ahead and took care of my registration. In that moment he heard that my time was valuable and made use of the time I showed up there. Really appreciate that!

COMMISSARY

This is more for the Navy Exchange Commissary. I wanted to give a shout out to the baking department, specifically the one who baked the Apple pies for thanksgiving. I took a bite and straight up tasted America! By far the best apple pie I've ever had in my LIFE. I was NOT expecting that at all. The crumble on top was the chef's kiss; it was perfect. They did their big one with that. I also got the pecan pie which was great as well. But the apple pie left an everlasting impression. Thank you for making my thanksgiving with that blessing.

OMBUDSMAN PROGRAM

I want to take a moment to recognize Jennifer White for the exceptional support she has provided to my husband and me this past year. She voluntarily reached out to my husband to help guide us through the PCS process to Sigonella, and she was the only person who truly knew what needed to be done from start to finish.

FIT ZONE SWIMMING

I think a HUGE shout out needs to be given to the Aquatics Director. She has been working almost every night for us swim team families since we started practice and despite all of the staffing challenges has gone above and beyond to try to meet the needs of the facility.

MWR

I am so thankful for NSA Naples providing 24/7 access to the fitness centers it wasn't always like this and I'm so happy that we can work out whenever we want.

CHILD & YOUTH PROGRAMS

I truly appreciate Ms. Monica's hard work, dedication, and leadership every day. You go above and beyond to create a safe, fun, and nurturing environment for the children, and it really shows in how happy and engaged my child is. Your commitment, care, and teamwork give me so much confidence and peace of mind as a parent.

Emergency preparedness helps you prepare your household for any situation.

Have a Plan, Build a Kit, and Stay Informed.

Always stay ready in the case of an emergency by checking out the resources on our Emergency Management website at: [Emergency Management Webpage](#)

These resources exist to help your households construct an emergency kit and plan and learn how to respond and react to earthquakes (Drop, Cover, and Hold).

Additionally, you can stay informed about local earthquakes through the Italian Istituto Nazionale di Geofisica e Vulcanologia (Italian National Institute of Geophysics & Volcanology) link here: [Italian National Institute of Geophysics and Volcanology Website](#)

For more resources on staying informed as a household, see Federal Emergency Management Agency (FEMA) link here: [FEMA Website](#)

Remember that emergency preparedness helps you prepare your household for any situation. Have a Plan, Build a Kit, and Stay Informed.

Community Leisure & Entertainment

LOCAL LENS: Carnival, the local way

By Paolo Cutillo, Contributing Writer

February in Campania marks a subtle shift in energy. Winter is still present, but something lighter begins to surface. Colors return, laughter gets louder, and the streets slowly fill again. This is Carnival season, and for locals, it’s less about spectacle and more about tradition, community, and shared joy.

After mid-February, towns across the region come alive with parades, masks, and music. In places like Saviano, large allegorical floats built by local groups take over the streets, turning craftsmanship and satire into a collective celebration. Along the coast, towns such as Maiori blend Carnival with the sea, transforming promenades into vibrant stages where locals and visitors mix freely.

But Carnival in Campania isn’t only about big events. In smaller towns Marcanise, Capua, Putignano and others between Caserta and Naples, celebrations feel more intimate but not less spectacular: neighborhood parades, children in handmade costumes, music echoing through narrow streets. Locals gather in piazzas not just to watch, but to participate and to watch the unique parade floats with the sound of the "bottari". Bottari are something truly amazing and unique, making music out of farm equipment while parading around the city.

For Campanians, Carnival is one last burst of color before winter fades. It’s a time to step outside, wear a mask, and reconnect with the community. And if you’re here after mid-February, all it takes is following the sound of music to find yourself in the middle of it.

Gricignano di Aversa Gears Up for Carnival: A Month of Festivities for the NSA Naples Community

By Josephine Schneider and Teresa Merola

The town of Gricignano di Aversa, Italy is set to host its annual Carnival, a month-long celebration of parades, shows, and family fun throughout February 2026. For U.S. service members, civilian personnel and their families at the nearby U.S. Naval Support Activity (NSA) Naples Support Site, this festival offers a unique opportunity to experience local Italian culture.

The festivities are a community-wide effort, organized by local associations to provide entertainment for all ages. The centerpiece of the carnival will be a series of large-scale parades, with major processions scheduled for Sunday, February 1st, and Sunday, February 15th.

A special family-focused festival is planned for Sunday, February 8th. The events will take place in Piazzetta Sole, a short distance from the Support Site, and will feature inflatables, street performers, and various entertainers to delight children and adults alike, starting at 3:30 p.m.

On Tuesday, February 17th, the carnival will reach its grand finale on "Fat Tuesday," known in Italy as Martedì Grasso. This day marks the culmination of the Carnevale season, a final day of indulgence and celebration before the beginning of the 40-day period of Lent. The name is derived from the tradition of eating rich, fatty foods to use them up before the Lenten fast begins on Ash Wednesday.

The day's events will begin at 10:00 AM with a new parade along Via Sant’Antonio Abate and Corso Umberto I, with an expected arrival at the Mazzoni public park at 12:00 PM. Later, starting at 4:00 PM, the Mazzoni public park will host the final party, featuring entertainment and street food dedicated to local gastronomic specialties. At 7:00 PM, the Gricignanese Carnival lottery will be drawn, followed by the grand finale at 7:30 PM: "The Best 90's" show, starring showman Raffaele Assante, which will feature nineties music.

The Gricignano di Aversa Carnival presents a wonderful occasion for the NSA Naples community to engage with their Italian hosts, build stronger community ties, and create lasting memories. All personnel and their families are encouraged to take part in the celebrations.

Security

SAFETY
AWARENESS
REMINDERS

Stay Vigilant

NSA Naples personnel and families are reminded to stay alert and aware of your surroundings at all times — both locally and while traveling.

While there are no specific, credible threats at this time, vigilance remains crucial for your safety and security.

We strongly encourage everyone to enroll in the Smart Traveler Enrollment Program (STEP).

 In the event of an emergency, NSA Naples Emergency Dispatch is available 24/7:
DSN 911 +39-081-568 4911

Important Notice: Off-Base Traffic
Accident Reporting Procedures

Attention NSA Naples personnel and families: if you're involved in an off-base traffic accident and local police did not respond, you are strongly encouraged to complete a Voluntary Statement at the Capodichino or Support Site security precincts as soon as possible.

This may be needed for insurance claims, as Italian authorities cannot issue retroactive reports. Timely documentation is essential.

NSA Naples Security Precincts are open 24/7.
**FOR EMERGENCIES, CALL EMERGENCY
DISPATCH AT:**

Public Works

LOVE YOUR
SPACE THE
MOST

Building Manager (BM) best practices:

- Know who they are.
- Meet with them regularly.
- Set expectations (attend training & zone inspections; track incomplete work).

Have a plan!

Know the PWD Naples Call for Work timeline for each fiscal year.

Service Requests:

We can't fix what we don't know about! Submit, track, follow-up if incomplete!

Four ways to submit:

1. Through the Base App
2. Call the PWD Trouble Desk (DSN: 626-4981 / COMM: +39 081-568-4981)
3. PWDNaplesTroubleDesk@us.navy.mil
4. Scan the QR code

Pride Zone

Sign up for a zone and schedule quarterly events

- Take automatic ownership of common spaces and 10m from your front door. These spaces are a reflection of you.
- PWD will provide self-help capability by getting basic tools to improve your spaces.
- Contact NSA Naples Command Master Chief for more information on how to sign up for a space.

Elevate and communicate

If it doesn't get fixed, utilize the chain of command

- Level 1: BM ↔ PWD FOS/PAR.
- Level 2: BM/ Staff ↔ APWO.
- Level 3: Triad ↔ PWO.
- Level 4: Triad ↔ ICO

PWD Trouble Desk
Always call for emergencies.
After-hours is Emergencies Only.

DSN:626-4981
COMM: +39 081-568-4981

Your spaces are a direct reflection of YOU & Ownership makes a Difference!

Public Service Announcements

End of Patriot Express (Rotator) Flights To/From NSA Naples Italy

Frequently Asked Questions (FAQ) on Way Forward

Since October 1, 2025, Patriot Express (Rotator) flights to and from NSA Naples have been discontinued. Consequently, Permanent Change of Station (PCS) travel now utilizes government-procured commercial transportation. To address frequently asked questions regarding this change, NSA Naples FFSC and supporting organizations have compiled the following FAQ document:

- [End of Patriot Express \(Rotator\) Services To/From NSA Naples, Italy](#)

For more resources:

- [Joint Travel Regulations \(JTR\)](#)
- [Air Mobility Command Travel Site](#)

Naples Wellness Collective: The Naples Wellness Collective is here to help you find your thing. From clubs to supportive services to new hobbies, there's something for everyone. Choose something to do for yourself today: [Explore Wellness Collective Here](#)

NAPLES WELLNESS RESOURCES

CLUBS | SPORTS | SUPPORT GROUPS | SKILL-BUILDING | HOBBIES

Living well starts with taking care of your whole self: your mind, body, spirit and social life.

Don't know where to start? Scan the QR code below and choose something to do for yourself today.

It may joining a club, talking to a spiritual counselor, downloading an app or starting a new hobby.

OCONUS Emergency Travel Assistance Grant

Grant Program for Military Members

Aligning with the American Red Cross mission of helping military members prepare for, cope with, and respond to the challenges of military service, Service to the Armed Forces (SAF) is implementing the OCONUS Emergency Travel Assistance Grant.

This program will provide financial assistance to military members, including National Guard and Reserve, actively serving Foreign Outside the Continental United States (F-OCONUS) who are currently on or about to begin emergency leave.

All categories of emergency leave are eligible for this grant. Service members must provide a copy of their emergency leave orders. Eligible service members will be awarded a \$500 grant.

The OCONUS Emergency Travel Assistance Grant will be available for a limited time based on the availability of funds.

To apply, please contact the Hero Care Center at 1-877-272-7337.

American Red Cross

Service to the Armed Forces

This limited-time program provides \$500 grants to active-duty military members (including activated National Guard/Reserve members) who are:

- Stationed Foreign OCONUS (F-OCONUS)
- Currently on or about to begin emergency leave or ordinary leave under emergency conditions. (Service member must be able to provide a copy of their emergency leave orders.)

We're sorry you're going through a difficult time and we're here for you. Call the American Red Cross Hero Care Center at (+1) 877-272-7337 to speak to a specialist who'll help you apply.

For additional information, please contact us at naples@redcross.org or stop by your local Red Cross office in Building 450 on Capodichino.

LEGAL CORNER

INFORMATION UPDATE ON THE ELECTRONIC SOJOURNER'S PERMIT PROCESS

ATTENTION: All current Sojourner's permit holders and first-time applicants to include GS Civilians, DoD Contractors, and all dependents, may be affected by a new processing procedure (NATO SOFA personnel). Note: **Active-duty Service members do not require a Sojourner's Permit**, but please review this information carefully, as it may affect your dependents.

UPDATE: The Italian Ministry of Defense officially removed the requirement for a €16 fee in conjunction with electronic Sojourner Permit applications for NATO SOFA personnel. Therefore, the Naples and Caserta Immigration Offices have re-started processing the new electronic Sojourner Permits for NATO SOFA personnel. Currently, the processing **is being conducted on site at the Naples and Caserta Immigration Offices**. The potential for on-base processing is still under review. The Naples Immigration Office has reserved Thursday mornings for application processing and fingerprinting; and the Caserta Immigration Office has reserved Tuesday afternoons for application processing and fingerprinting. **All appointments at the immigration offices are facilitated by RLSO EURAFCENT Legal Assistance Office for personnel residing in the Naples and Caserta provinces.**

What Do You Need To Do Now?

RLSO EURAFCENT Legal Assistance office is collecting first-time and renewal applications.

1. If you have recently submitted your paperwork for a first-time application or a renewal application, you do not need to take further action now. We will notify you via email on the next steps, according to instructions from the immigration office.
2. If you already have a current paper Sojourner's Permit, you do not need to take further action now. You will be contacted by our office when it is time to begin the process to convert it into an electronic permit, according to instructions from the immigration office.
3. If you have a paper Sojourner's Permit that expires between now and February 2026, you must schedule a **renewal request appointment** with the RLSO EURAFCENT Legal Assistance Office by emailing napleslegalassistance@us.navy.mil or calling us at +39 (081) 568-4576 during our normal operating hours. Our Sojourner's Permit specialist will collect the required paperwork for the application, but **you** will hold onto your paper permit until an appointment is scheduled at the appropriate immigration office.

RLSO EURAFCENT will provide further updates as soon as additional information becomes available. Please continue to monitor all Facebook pages and PAO Notes since requirements and information are rapidly changing. Thank you for your understanding and cooperation during this time.

PREP and PLATE

Living well starts with taking care of your whole self: your mind, body, spirit and social life.

Taking care of your body starts with eating healthy.

Look for healthy, easy meal ideas on recipes posted throughout the Commissary. The recipes have been approved by the Naval Hospital dietitian. Ingredients are located near the recipe, so you can grab and go!

Scan here for all healthy recipes.

Prep & Plate: Healthy Eating Made Easy for All: Prep & Plate is making healthy eating at home easier than ever with our new QR code menu featuring recipes approved by the U.S. Naval Hospital Naples Dietitian. These recipes, located in Aisle 8 at the Naples Commissary, are perfect for families and single service members alike. Scan the QR code or follow the link to discover a variety of healthy meal options at your disposal. **Link here:** [DeCA Prep and Plate](#)

CAPODICHINO HOV/Ride-Share Program

Help reduce traffic and parking issues at Capodichino by joining the new HOV/Ride-Share Program!

Who Can Apply?

- A carpool group with at least two other people (three people minimum) who regularly commute to and from work at Capodichino.

How to Apply:

1. Fill out the registration form ([Enclosure 6](#)) found in the NSA Naples Parking Policy or scan the QR code below.
2. Email the completed form to the NSA Naples Pass and ID Office: nsanaplesseccpassid@us.navy.mil

How Selection Works:

1. The NSA Naples Pass and ID Office, in coordination with the NSA Naples XO, will review all applications.
2. If selected, you will receive carpool parking privileges for SIX months.
3. After six months, your privileges will end.
4. You can re-apply six months later allowing others a chance to participate.

SPACE IS LIMITED

Only 12 parking spots are available, program rules will be strictly enforced. Only park in the space when ride-sharing.

NSA Naples Commissary

EXPRESS LINE

FRESH, NEVER FROZEN

Beef

FOR OUR EUROPE AND MIDDLE EAST COMMISSARY SHOPPERS

PROUDLY PREPARED AND PACKAGED BY COMMISSARY STAFF IN OUR VERY OWN EUROPE-BASED MEAT PROCESSING PLANT

Where does the Commissary get its meat products?

Shoppers are amazed to learn that the USDA-approved Natural and Choice beef we sell in the commissaries in Europe and the Middle East are shipped here from the U.S. Even more surprising, is that the retail cuts of beef are fresh, never frozen. This is accomplished through the use of vacuum packaging.

What are the advantages of vacuum packaging?

▶ Because oxygen is removed, the shelf life of vacuum-packaged red meat increases from a matter of days to at least two weeks.

▶ Vacuum packaging allows natural enzymes to act as a natural tenderizer and enhances quality/palatability of beef.

▶ Without the vacuum technology, most locations would have only frozen meat products.

VACUUM SEALED FOR FRESHNESS!

Beef gets its red color from exposure to oxygen. In our vacuum packing process, we remove over 99% of the oxygen from the package. The lack of oxygen turns the meat a darker color but the meat will return back to the usual red-color once the package is opened and is, once again, exposed to oxygen.

The vacuum package does not allow for any air in or out. This can cause naturally occurring lactic acid to build up inside the package. Shortly after opening the package, the initial off-odor will dissipate. This process does not affect the quality of the meat or taste and acts as a natural meat tenderizer.

Store Director’s Scoop:

Store Director | Dennis.D.Holm.civ@mail.mil | +39-081-811-4871

Here at the Commissary, we are working on being the grocery provider of choice for our eligible patrons. You will see daily savings throughout the store to reach our goal of saving you the patron on average 25% from your shopping experience. We understand how important this benefit is to you overseas. Getting the items, you know, is import to us. Our procurement team is working non-stop to get us all the products we can to keep our shelves full for you. When the supply chain issues come around, they find alternatives to help us get what we need.

Find our store Web page:
Did you know our store has its own pages on the commissary website? Click here for the “NSA Naples Commissary” webpage.

Subscribe to Express Line: If you would like to subscribe to Express Line, send an email to: dennis.d.holm.civ@mail.mil Include “Subscribe me to Express Line” in the subject line.

Career Opportunities available in DeCA
If you are interested in working at NSA Naples Commissary apply for a Store Associate position. When we have an opening, we will pull from the list of applicants that are found. If you would like to be a part of the DeCA team apply using this QRC code:

Store Associate

CENTRAL MEAT PROCESSING PLANT

SERVING COMMISSARY CUSTOMERS IN 10 Countries SINCE 1998

The Central Meat Processing Plant’s state-of-the-art facility features highly efficient meat processing and vacuum machines, metal detectors and X-ray machines, a flash freezer, and high-tech cleaning systems. USDA Beef is cut, ground, packaged, vacuum sealed, and shipped from Kaiserslautern Cold Storage to our overseas locations. Fresh pork is sourced locally from German locations and processed under the same strict guidelines. Commissaries receive shipments an average of every two to three days, depending on the size and sales volume of the location.

Special Orders

FOR YOUR SINGLE-SERVING OR PARTY-PLANNING MENUS

Just as you can go to a stateside commissary and place a special order for pork or beef, you can do the same here in Europe. You can simply request a special order from the commissary at the meat department or front-end department by filling out a special-order form if you are looking for a large quantity or a special cut.

Special order lead times vary depending on the request but a majority can be filled within days. Large quantity requests may take up to eight weeks. Whole pigs require a 10-day lead time. Check with your commissary for details.

RESUMES SUBMISSION GUIDELINES

- Naming Convention: Use a professional filename for your resume. Something like "FirstName_LastName_Resume.pdf" is ideal. Avoid names like "resume_final.doc"
- Keep it resume concise: 1-2 pages maximum
- Cover Letter: Consider your email as the cover letter
- Double-Check Attachments: Make sure you have actually attached the correct resume before hitting “send.”
