### Update on the Electronic Sojourner's Permit Process

I want to draw your attention to crucial updates regarding the electronic Sojourner's Permit process, which affects GS Civilians, DoD Contractors, and all dependents. While Active-Duty members do not require this permit, please review this carefully as it impacts your families.

Currently, processing for first-time applicants and renewals residing in the Napoli Province is being conducted by appointment only on base at NSA Naples Capodichino in the Chapel's Fellowship Hall. However, for those residing in the Caserta Province, including the Support Site, processing occurs at the Caserta Immigration Office, also strictly by appointment, with no on base capability available right now.

All initial appointments for personnel are facilitated by the RLSO EURAFCENT Legal Assistance Office. If you recently submitted paperwork, or if you hold a current paper permit that does not expire soon, no immediate action is required; you will be notified when it is time to convert to the electronic version.

If your paper permit expires before June, contact RLSO immediately for a renewal appointment. Most importantly, when you submit your application, you must keep your official application receipt. This receipt contains your essential protocol number, beginning with 26NA for Naples or 26CE for Caserta, and is absolutely required to pick up your final permit. If lost, you must file a formal police report with the Carabinieri. Do not lose this receipt.

Understanding this process ensures our community remains ready and compliant with host nation laws. For additional instructions or specific details, read for more information on page 15.

You can also find information on the NSA Naples App. I highly encourage you to check the "Stay in the Know" section, where you will also find critical, up-to-date fact sheets on the Electronic Sojourner's Permit, the new Centralized Waste and Recycling Program, off-base water consumption, earthquake impact protocols, power outage updates, Emergency Temporary Lodging Allowance applications, dual citizenship employment, and much more to ensure a safe and stress-free tour for you and your loved ones.

Commemorative Coin (Back)

Established on 3 October 1951, as Headquarters, Support Activities, Naval Support Activity (NSA) Naples began its mission to support NATO's Allied Forces Southern Europe and the U.S. Sixth Fleet. After two years, the unit was renamed Commander, Subordinate Command, U.S. Naval Forces Eastern Atlantic/Commander, Headquarters Support Activities. It saw another redesignation in 1957 to U.S. Naval Activities, Italy. On 8 August 1966, it received its current and final name: U.S. Naval Support Activity, Naples. The installation now serves as the headquarters for U.S. Naval Forces Europe-Africa and the U.S. Sixth Fleet, hosting more than 50 commands and roughly 8,500 military and civilian personnel.

NSA Naples challenges itself daily to be the flagship base in Europe, and will strive to do so every day in support of the fleet and families.

## 'No Sailor Lives Afloat' Initiative: NSA Naples Moves 54 Sailors from Shipboard Berthing to Shore

By: NSA Naples Public Affairs

The U.S. Naval Support Activity (NSA) Naples, Italy Housing Service Center (HSC) reached a key milestone in the Chief of Naval Operations' (CNO) "No Sailor Lives Afloat" initiative, transitioning 54 unaccompanied Sailors from shipboard berthing to community housing.

For more than two months, the HSC processed Sailors assigned to the U.S. 6th Fleet flagship, USS Mount Whitney (LCC 20), forward deployed to Gaeta, Italy. The move shifts junior personnel off the ship and into economy housing units within the local Italian community.

The "No Sailor Lives Afloat" initiative, championed by CNO Adm. Daryl Caudle, seeks to improve quality of life by ensuring Sailors have access to permanent shore-based housing while in homeport. The initiative specifically targets the long-standing practice of junior enlisted Sailors, typically E-4 and below, living aboard their vessels year-round.

## USO

**Sailor of the Quarter Luncheon:** USO Naples was proud to host the quarterly Sailor of the Quarter Luncheon at the USO Capodichino Air Terminal Lounge — an event dedicated to recognizing the outstanding achievements, leadership, professionalism, and commitment of our Sailors, Junior Sailors, and Blue Jackets of the Quarter. They were honored to welcome Rear Admiral Scott W. Ruston, Vice Commander, U.S. Naval Forces Europe and Africa, as the guest speaker. His words of encouragement inspired everyone in attendance and highlighted the incredible impact these Sailors make every day across the fleet.

USO Southern Europe Director Sabrina Pullido also shared remarks of appreciation and presented each honoree with a USAA challenge coin and plaque of appreciation in recognition of their exceptional service and dedication. Congratulations to this quarter’s honorees and thank you for your continued service and sacrifice!

## SIGNAL CORPS REGIMENTAL ASSOCIATION

**Memorial Day WOD Challenge:** This past Memorial Day, DCM-C honored the fallen heroes of whose sacrifice continues to protect freedom, democracy, and the strength of the Alliance. Members of DCM-C proudly participated in the Murph Workout of the Day (WOD) hosted by NSA Naples MWR representing 2nd NATO Signal Battalion and NATO Communications & Information systems Group (NCISG), demonstrating the resilience, commitment, and warrior ethos that unite NATO partners. More than a workout, Murph is a tribute to those who gave everything in service to their nations and to the enduring bonds of collective defense.

## NSA NAPLES PUBLIC AFFAIRS

**Base Tour:** Italian high school students from Liceo Amaldi-Nevio from S.Maria C.V., in Caserta, Italy, recently toured U.S. Naval Support Activity, Capodichino, learning about various activities onboard the base. The tour, led by NSA Naples Public Affairs Community Relations Specialist Teresa Merola, included the chapel, gym, library, fire department, air terminal, and food court. Students had the opportunity to learn about base operations and gain cultural insights from U.S. Navy personnel.

## NSA NAPLES SAFETY

**NSA Naples Safety:** The NSA Naples Safety Office conducted an annual confined space rescue drill. Rigorous emergency training directly supports our force protection mission. By prioritizing safety and operational readiness, we protect our personnel and keep our base prepared for anything!

# Radon Awareness: How Radon Enters Homes

*On-base residential and non-residential units, including off-base Government leased units are in compliance with the Navy Radon Management Program.*

Radon can enter your home in many ways:

- Cracks in solid floors
- Construction joints
- Cracks in walls
- Gaps in suspended floors
- Gaps around service pipes
- Cavities inside walls
- The water supply

[www.epa.gov/radon](http://www.epa.gov/radon)

*By NSA Naples Public Affairs*

Radon is a naturally occurring, radioactive gas that is odorless, colorless, and tasteless. Radon gas is released from rocks and soil and can move to air, groundwater, and surface water. It is normally found at very low levels in outdoor air and can be found in water used for cooking and drinking.

Radon can build up in the air in any home or building, whether it has a basement, is sealed or drafty, or is new or old. Take action this month to reduce the risks of radon in your home by opening windows and using fans to circulate air. This increases airflow and mitigates the buildup of radon.

In compliance with the Navy Radon Assessment and Mitigation Program (NAVRAMP), NSA Naples on-base residential and non-residential units, including off-base Government leased units are either tested or mitigated or currently being tested.

Personnel that live off-base have entered a private contract with their landlord, therefore limiting the scope with which the U.S. government may intervene or have control over said contract. However, DoD personnel living off-base can work with their landlord to test for and mitigate radon, if desired, at their own expense.

The lessee may work with the lessor to address any identified issues, as outlined in Section 19 of the NSA Naples housing lease.

Information about finding an at-home radon test kit is available through the Environmental Protection Agency: [Link Here](#)

If you have specific questions about your home or your options, please contact our housing office for assistance at:

**While NSA Naples has a known overall potential for elevated radon levels, classifying the installation as a Radon Potential Category (RPC) 1 according to the NAVRAMP, the installation is complying with NAVRAMP testing and mitigation policies at government owned/controlled units.**

**RPC1 is simply the level assigned when even one unit or building is found on the installation with a radon level over the minimum threshold of 4.0 picocuries per liter (pCi/L).**

## Notice: Update On Radon Test Results at NSA Naples Non-Residential Facilities

This notice provides an update to the February 9, 2026, public notice to reject the radon testing results at NSA Naples' non-residential facilities following the Navy Radon Assessment and Mitigation Program (NAVRAMP) Guidebook. After working closely with the laboratory, equipment manufacturer, and testing contractor, we conducted a comprehensive analysis of the data. A review panel of public health experts confirmed that all initial quality assurance (QA) concerns have been fully resolved and the test results have been confirmed as valid and reliable. This update officially replaces the February 9 notice.

### 1. Why were the results rejected in February if they are now considered valid?

We initially acted in alignment with the NAVRAMP on a QA concern in the test data. As required by the Navy's process, a detailed NAVRAMP-compliant error analysis was conducted. That detailed analysis, which was not available at the time of the initial QA concern, demonstrated the results are accurate and reliable, allowing us to move forward with confidence.

### 2. What are the results and the next steps?

These results have identified 37 rooms/spaces with radon levels requiring action. NSA Naples is taking immediate steps to address every one of these cases. A summary of the results and mitigation plan can be found in enclosure (1) of this notice. We will keep the community informed of the mitigation efforts in those affected buildings.

## Fuel Your Fitness: NSA Naples' Comprehensive Nutrition and Wellness Programs

Keeping the NSA Naples community healthy and mission-ready is a top priority, with a variety of programs available to support nutritional and fitness goals. From weight management to healthy eating on the go, there are resources for active duty personnel, civilians, their beneficiaries, and local nationals.

### Shape Up with the Ship Shape Program

For those looking to manage their weight, the Ship Shape program, offered by NMRTC Naples, is a valuable resource. This weight management program is open to active duty personnel, civilians, beneficiaries, and local nationals.

The program provides a supportive environment to create an individualized action plan for achieving nutrition and physical activity goals. To sign up, email Hannah M. Chovancek at [hannah.m.chovancek.civ@health.mil](mailto:hannah.m.chovancek.civ@health.mil)

### Healthy Eating Made Easy with Prep & Plate

The Naples Commissary is making it easier than ever to eat healthy at home with their "Prep & Plate" program.

Located in Aisle 8, this program features QR codes that link to recipes approved by the U.S. Naval Hospital Naples Dietitian. These recipes are perfect for families and single service members alike, for a variety of healthy and convenient meal options. Access the recipes by scanning the QR code in-store or by visiting the following link: [DeCA Prep and Plate](#)

### Fueling for Performance with NOFFS

The Navy Operational Fitness and Fueling System (NOFFS) offers a comprehensive approach to fitness and nutrition. This program guidance on how to train effectively and make healthy nutrition choices.

The NOFFS program includes a fitness and refueling series designed to help individuals maintain peak physical readiness. You can find more information about the NOFFS program and its resources at the link here: [NOFFS Fueling Series](#)

These programs, along with recent significant investments in fitness facility upgrades at NSA Naples, demonstrate a strong commitment to the health and well-being of the entire community.

# Naples Public Health Evaluation

## In-Focus: Water Quality in Naples

*By NSA Public Affairs & Environmental Division*

### Drinking Water On-Base

One of Naples Public Health Evaluation’s enduring processes is water safety which seeks to ensure that drinking water at all NSA Naples installations is tested and monitored routinely to ensure the water is fit for human consumption. The drinking water is tested in accordance with the U.S. Environmental Protection Agency (EPA), Italian and Commander, Navy Installations Command (CNIC) monitoring requirements on a daily, monthly, quarterly, and annual basis to ensure compliance with standards and be able to declare the water is fit for human consumption.

For instance, in 2024, NSA Naples collected 496 drinking water samples and performed over 6,300 tests in three categories:

- Chemical**, more than 3,700 tests looking for over 180 chemical parameters;
- Bacteriological**, more than 700 tests looking for over 5 Microbiological parameters; and
- Field Measurements**, more than 1,800 tests looking for six field parameters. The tests looked specifically for 191 contaminants in five major groups: microbial contaminants; pesticides and herbicides; inorganic contaminants; organic chemical contaminants, and radioactive contaminants.

The health and well-being of all personnel and families in Naples is the base’s top priority. Routine testing ensures compliance with drinking water standards that are required to declare the water as fit for human consumption. The base is committed to keeping the military family fully informed through timely dissemination of credible information with complete transparency.

### Water Sources, Testing, Treatment

The drinking water Consumer Confidence Reports (CCR) outlines all the water sources, testing and treatment process for NSA Naples installations: Capodichino, Support Site, SATCOM Lago Patria, Carney Park, and Gaeta Olde Mill Inn. The CCR is an annual on-base water quality report that a water system is required to provide every year to its customers. This is just like any public water system in the United States. The CCR helps people make informed choices about the water they drink. The latest CCR released on June 27, 2025 can be found on the NSA Naples website under the Environmental page: <https://cnreurafcnt.cnic.navy.mil/Installations/NSA-Naples/Resources/Environmental-Services/>

### Drinking Water Off-Base

Unlike on-base, the water quality cannot be verified at each off-base location or residence. As a precautionary measure, all personnel who live off-base are provided with bottled water for consumption. Bottled water is provided through housing lease provisions for all personnel living off-base. Check out the link below for the off-base bottled water factsheet and ensure your landlord is only supplying you with bottled water from manufacturers contained in the sheet. Fact Sheet: [Water Consumption for Off-Base Housing](#)

If at any point you feel your health is being or may be impacted by the environment, please contact your primary care physician. If you have questions about any of NPHE enduring processes, or any other environmental life, health or safety issue, send an email to [Naples\\_LHS\\_questions@us.navy.mil](mailto:Naples_LHS_questions@us.navy.mil)

### What Is Naples Public Health Evaluation (NPHE)?

The Naples Public Health Evaluation is a comprehensive study of the health risks associated with potential exposure to chemicals in the environment resulting from the area's waste disposal practices. The Campania region of Italy has experienced numerous challenges associated with trash collection, open burning of uncollected trash and illegal waste disposal practices. In response to health concerns expressed by U.S. Navy personnel in 2007, the Commander, Navy Region Europe, Africa, Central (CNREURAFCENT) contacted the Navy and Marine Corps Force Health Protection Command (NMCFHPC) to conduct a comprehensive public health evaluation to assess the potential health risks for U.S. personnel living in the Naples area. The NPHE was conducted from January 2008 to June 2011.

### What did the Navy learn from NPHE?

Through the Public Health Evaluation, the Navy has been able to identify and address public health risks for U.S. personnel living in the Campania region. The Navy established new health-protective policies and took immediate action to protect the health of U.S. personnel and their families. **Many of these health-protective policies remain in place, as enduring processes, to ensure continued health protection beyond the life of the study.**

### Where are the results of NPHE and where can I read more about this evaluation?

The NPHE results are located on the Health Awareness section at NSA Naples website: [Read More about NPHE](#)

### Naples Public Health Evaluation Enduring Processes Focuses on:

- Air Quality
- Water Safety
- Food Safety

### NSA Naples Housing Service Center

## Fact Sheet: Water Consumption for Off-Base Housing

**If you rent a property in the economy, it is important to know about POTABLE WATER.** The rental unit must be supplied with city water. **It is also extremely forbidden to supply the property with well water.** The penalty will be the immediate termination of the contract.

The landlord will provide potable water **every month** and must obtain receipts from the tenant.

The landlord will choose how to supply the water: either with bottled water or installing a water cooler system. In both cases, the company must be one of the NSA Naples-approved service sources, please see below:

- Acqua Minerale San Benedetto S.p.A
- Acque Minerali d’ Italia S.p.A
- Culligan Vicenza AAFES Water Plant
- Gran Guizza S.p.A San Pellegrino S.p.A
- Acqua Vera San Pellegrino S.p.A
- Levissima Plant Spumador S.p.A

The landlord will provide the necessary amount of bottled water and/or containers of water for the cooler according to family composition, as indicated in the orders, **four liters per day per person as per NSA Naples guidelines. Bottled Waters should be used for drinking/ cooking purposes.**

# NSA Naples Hosts Annual Armed Forces Olympics to Strengthen Partner Bonds

*By Josephine Schneider*

Personnel from tenant commands at U.S. Naval Support Activity (NSA) Naples, NATO and local Italian organizations came together at Carney Park, May 8, for the annual Armed Forces Olympics.

The event, organized by Morale, Welfare and Recreation (MWR), involved more than 16 separate commands and organizations in a day designed to strengthen alliances and enhance warfighting readiness.

Through a series of challenges that included events like the Human Caterpillar, Wipe Out and Walk the Plank, teams strategized for success. These activities focused on fostering teamwork, strategic problem-solving and the physical endurance that forms the foundation of military effectiveness.

"Seeing the camaraderie out here today is the best part of my job," said Laura Di Marzo, an MWR sports specialist and the event's coordinator. "We're

not just hosting a competition; we're building friendships between allies that extend far beyond the playing field."

While the competition was rigorous, the event also served as a valuable break from the high-tempo environment of daily military duties. It aimed to boost morale and reinforce the personal bonds that are crucial for effective multinational collaboration.

"The mission of building and maintaining critical infrastructure demands a lot from our personnel," said Lt. j.g. Paul Anderson, captain for the Naval Facilities Engineering Systems Command (NAVFAC) team. "Taking a day to trade the hardhats for some downtime and to build relationships with our partner nations is invaluable. It helps us return to the mission sharper, more connected, and ready to execute!"

Ultimately, events like the Armed Forces Olympics play an essential role in ensuring that the NATO alliance remains a cohesive, agile and formidable force, prepared to face any challenge through shared strength and mutual respect.

## NSA Naples Sailor Named Navy Military Fire Officer of the Year

*By Josephine Schneider*

Aviation Boatswain's Mate (Handling) 1st Class Le'Aundre L. Johnson, assigned to U.S. Naval Support Activity (NSA) Naples Fire and Emergency Services, was recognized as the 2025 Navy Military Fire Officer of the Year during an award ceremony in Annapolis, Maryland, May 6, 2026.

Selected from a highly competitive field of nominees across the service, Johnson was honored for his sustained superior performance, exceptional leadership, and unwavering commitment to operational readiness and firefighter safety. Prior to his Navy-wide

named the Military Fire Officer of the Year for Commander, Navy Region Europe, Africa, Central (CNREURAFCENT).

"Being recognized as the Navy Military Fire Officer of the Year is an incredible honor, but it is truly a reflection of the Sailors and firefighters I serve alongside every day," Johnson said. "I also want to thank my family for their support. Their sacrifices and encouragement at home are what allow me to focus on the mission and succeed in this career."

Currently serving as the fire department leading petty officer at NSA Naples Fire and

Emergency Services, Johnson's impact extends beyond standard duties. A dedicated mentor, his leadership has guided four Sailors to earn Blue Jacket of the Quarter and Junior Sailor of the Quarter honors. Additionally, he promotes a culture of inclusivity and safety as a Command Managed Equal Opportunity (CMEO) manager and a safeTALK trainer.

## Mosquito Prevention

Mosquito prevention is crucial for maintaining a comfortable and healthy living environment. Did you know that mosquitoes can develop in as little as a spoonful of water? To combat their breeding grounds, it's essential to empty any standing water around your home regularly. Remember, they don't fly far from where they breed, so if you're experiencing mosquito bites, chances are they're breeding nearby. In addition to eliminating standing water, you can also take steps like keeping gutters clean, using screens on windows and doors, and wearing insect repellent when outdoors. Regularly inspect your home for signs of infestation and address any issues promptly to keep your living space pest-free. By staying vigilant and implementing these preventive measures, you can enjoy a comfortable, pest-free environment year-round. Stay safe and bite-free!

# Unaccompanied Housing Bits

## Guests in Unaccompanied Housing

Here is a friendly reminder regarding our guest and visitor policy in the Unaccompanied Housing (UH). We encourage you to welcome guests, but please remember that as a resident, you are in charge of your guests and are fully responsible for their conduct. To ensure a comfortable and orderly environment for everyone, please keep the following guidelines in mind. No person under the age of 18 is authorized in the UH. Each resident may have up to five guests, with a maximum of five guests per unit at any time. For the safety and security of all residents, you must accompany your guests at all times. Guest visiting hours are from 12:00 PM to 10:00 PM, Sunday through Thursday, and from 12:00 PM to 12:00 AM on Fridays and Saturdays. Please note that overnight stays for guests are not permitted. This policy helps us maintain a secure and pleasant living environment for all. We appreciate your cooperation!

## Fire Safety

To ensure the safety of all residents and prevent potential fire hazards, please be aware that certain items are strictly prohibited within Unaccompanied Housing. The use of candles and incense is not allowed due to the risk of an open flame. Additionally, space heaters are not permitted in any of the rooms. Adhering to these rules is crucial for maintaining a safe living environment for everyone. We appreciate your cooperation in helping us prevent fires.

## Pets in UH

For the health, safety, and comfort of all residents, please be reminded that pets are strictly prohibited in Unaccompanied Housing. The only exception to this policy is for goldfish kept in a small fishbowl. Please note that large aquariums are not permitted. We appreciate your understanding and cooperation in this matter. Violation of this policy may result in disciplinary action.

## Help Us Help You: Promptly Report Maintenance Issues

To ensure all residents have a safe and comfortable living environment, it is crucial that you report any maintenance issues to the Unaccompanied Housing (UH) staff as soon as you notice them. Prompt reporting of problems such as mold, mildew, lack of hot water, or inoperable washers and dryers allows our team to address these concerns quickly and effectively. Your cooperation helps us maintain the quality of our facilities for everyone.

# NSA Naples: Interactive Customer Evaluation (ICE) System

Every feedback is welcomed, good or bad, that's the surest way to help the installation improve services and quality of life in the community

By NSA Naples Public Affairs

The Interactive Customer Evaluation (ICE) system is a web-based tool that collects feedback on services provided by various organizations throughout the Department of Defense (DoD) including here at NSA Naples. Feedback can be positive (give a shout-out) or negative (report an issue). A combination of both is what helps us improve our services to better serve you.

### Benefits of ICE:

- Allows community members to quickly and easily provide feedback to service provider managers on the installation.
- Gives NSA Naples leadership timely data on service quality.
- Allows service provider managers to benchmark their performance against like services in other DoD organizations.
- Saves money by providing an enterprise-wide capability to manage the resources necessary to collect and report on customer feedback and satisfaction ratings.

### Do I get a response after submission?

Generally, if you provided contact information at the time of submitting an ICE Comment, it will be responded to within two weeks.

## Response to your ICE Comment

### COMMENT:

The center toilet Seat in the women's restroom in Bella Napoli has been broken. When will this be repaired so that all stalls may be used?

### RESPONSE:

The Public Works Department (PWD) has implemented an online system to expedite the resolution of facility issues. For faster resolution, report future issues using the following link, also available on the Navy Life Naples App under the PWD tab: [PWD Online Service Request System](#)

### Best way to submit an ICE comment?

- Visit the [ICE](#) website
- Navigate to the appropriate service provider managers link
- Input your comments and be specific
- Recommendations are welcomed
- Provide contact info if you require a response

## Your ICE Comment Shout-outs!

### MVRO

Travis Oliver deserves a Bravo Zulu for his incredible support. Every time I have had to register a vehicle here in Italy, Travis has been there to guide me through the process with a positive attitude and expert knowledge. He is polite, efficient, and never fails to find an answer to ensure things get done correctly. He is a true asset to the team and a great person to work with.

### FAMILY HOUSING

The housing office has some problems, but Domenica especially helped me tremendously, and she maintains a positive and professional attitude at all times. I trust her with all of my housing questions, concerns, and issues. Thank you Domenica.

### NEX

I would like to highlight the outstanding work and effort that the mini-mart on CAPO provides. The team is always delightful to work with and supports the command when the operational temp changes. The team knows many us by name and always provides the best support. I am not sure how the team is evaluated, but from a customer standpoint, the team exceeds all goals.;

### PERSONAL PROPERTY SHIPPING OFFICE

Marisa was extremely knowledgeable; she answered all the questions I had. The whole process ended up being super quick and effortless. She is a hard worker and I really appreciate her.

### MORALE, WELFARE, AND RECREATION

I am writing to extend my appreciation to the folks who made the Crowns and Capes tour possible. My two youngest kids participated in both seasons and had such a positive experience with the performers. I was super impressed by how they could transform from one character in the morning to another character entirely and be believable in both. We had a magical experience and feel very grateful that this experience was brought to us.

## Emergency Preparedness Awareness

Emergency preparedness helps you prepare your household for any situation.

Have a Plan, Build a Kit, and Stay Informed.

Always stay ready in the case of an emergency by checking out the resources on our Emergency Management website at: [Emergency Management Webpage](#)

These resources exist to help your households construct an emergency kit and plan and learn how to respond and react to earthquakes (Drop, Cover, and Hold).

Additionally, you can stay informed about local earthquakes through the Italian Istituto Nazionale di Geofisica e Vulcanologia (Italian National Institute of Geophysics & Volcanology) link here: [Italian National Institute of Geophysics and Volcanology Website](#)

For more resources on staying informed as a household, see Federal Emergency Management Agency (FEMA) link here: [FEMA Website](#)

Remember that emergency preparedness helps you prepare your household for any situation. Have a Plan, Build a Kit, and Stay Informed.

## Local Lens: June

*By Paolo Cutillo, Contributing Writer*

The rhythm shifts to the water. As June arrives, the coastline calls, but the usual paths grow crowded.

True locals know the secret to escaping the mainland rush. From the quiet Porto di Baia, a direct summer ferry begins its run straight to Ischia, bypassing the chaotic Naples ports entirely. It is a gateway to an island experience untouched by the peak summer rush, where life slows down to a gentle, authentic pace.

June offers the perfect golden window—the sea is warm, the breeze is fresh, and the island belongs almost entirely to those who live there.

In places like the natural hot springs of Sorgeto, the hidden paths of Casamicciola, or small seaside bars serving classic Zingara sandwiches, you find the real spirit of the region. It is a time for quiet bays, slow lunches, and watching the sunset over the water without the crowds.

There is a beautiful stillness to the island right now. Not yet the intense heat of late summer, but a perfect moment to discover Ischia like a local one boat ride away.

**Security**

**SAFETY AWARENESS REMINDERS**

**Stay Vigilant**

NSA Naples personnel and families are reminded to stay alert and aware of your surroundings at all times – both locally and while traveling.

While there are no specific, credible threats at this time, vigilance remains crucial for your safety and security.

We strongly encourage everyone to enroll in the Smart Traveler Enrollment Program (STEP).

In the event of an emergency, NSA Naples Emergency Dispatch is available 24/7:

DSN 911 +39-081-568 4911

**Important Notice: Off-Base Traffic Accident Reporting Procedures**

Attention NSA Naples personnel and families: if you're involved in an off-base traffic accident and local police did not respond, you are strongly encouraged to complete a Voluntary Statement at the Capodichino or Support Site security precincts as soon as possible.

This may be needed for insurance claims, as Italian authorities cannot issue retroactive reports. Timely documentation is essential.

NSA Naples Security Precincts are open 24/7. **FOR EMERGENCIES, CALL EMERGENCY DISPATCH AT:**

DSN: Dial 9-1-1  
 COMM: +39 081-568-4911

**Public Works**

**LOVE YOUR SPACE THE MOST**

**Building Manager (BM) best practices:**

- Know who they are.
- Meet with them regularly.
- Set expectations (attend training & zone inspections; track incomplete work).

**Have a plan!**

Know the PWD Naples Call for Work timeline for each fiscal year.

**Service Requests:**

We can't fix what we don't know about! Submit, track, follow-up if incomplete!

**Four ways to submit:**

1. Through the Base App
2. Call the PWD Trouble Desk (DSN: 626-4981 / COMM: +39 081-568-4981)
3. [PWDNaplesTroubleDesk@us.navy.mil](mailto:PWDNaplesTroubleDesk@us.navy.mil)
4. Scan the QR code

**Pride Zone**

Sign up for a zone and schedule quarterly events

- Take automatic ownership of common spaces and 10m from your front door. These spaces are a reflection of you.
- PWD will provide self-help capability by getting basic tools to improve your spaces.
- Contact NSA Naples Command Master Chief for more information on how to sign up for a space.

**Elevate and communicate**

If it doesn't get fixed, utilize the chain of command

- Level 1: BM ↔ PWD FOS/PAR.
- Level 2: BM/ Staff ↔ APWO.
- Level 3: Triad ↔ PWO.
- Level 4: Triad ↔ ICO

**PWD Trouble Desk**  
 Always call for emergencies.  
 After-hours is Emergencies Only.

### Don't Let Your Sojourner's Permit Expire! Check the Expiration Date!

It is essential to know when your permits expire. The expiration date is written in European format of DAY-MONTH-YEAR. If your Sojourner Permit is set to expire within the next 60 days AND your orders, contract or sponsor's orders extend beyond that expiration date, you must begin the permit renewal process. Failure to renew on time could result in complications with Italian immigration police and impact your or your family members' status in Italy! For assistance or more information on how to begin the renewal process, please contact RLSO EURAFCENT Legal Assistance Office. Failure to renew on time could result in complications with Italian immigration police and impact your or your family members' status in Italy!

## INFORMATION ON THE ELECTRONIC SOJOURNER'S PERMIT PROCESS

All current Sojourner's permit holders and first-time applicants to include GS Civilians, DoD Contractors, and all dependents. Active-duty do not require a Sojourner's Permit, but please review this information carefully, as it may affect your dependents.

### CURRENT PROCESS:

- For first-time applicants, renewals, and current holders that reside in the Napoli Province, Sojourner Permit processing is being conducted on base at NSA Naples Capodichino, Chapel's Fellowship Hall, BY APPOINTMENT ONLY.
- For first-time applicants, renewals, current permit holders who reside in the Caserta Province (including NSA Naples Support Site), Sojourner Permit processing is being conducted at the Caserta Immigration Office, BY APPOINTMENT ONLY. There is no on-base processing capability at this time.
- All initial appointments are facilitated by RLSO EURAFCENT Legal Assistance Office for USN/USMC personnel residing in the Naples and Caserta provinces.

### What Do You Need To Do?

1. If you have recently submitted your paperwork for a first-time application or a renewal application, you do not need to take further action now. We will notify you via email on the next steps, according to instructions from the Immigration office.
2. If you already have a current paper Sojourner's Permit, you do not need to take further action now. You will be contacted by our office when it is time to begin the process to convert it into an electronic permit, according to instructions from the Immigration office.
3. If you have a paper Sojourner's Permit that expires between now and June, you must contact RLSO EURAFCENT at [napleslegalassistance@us.navy.mil](mailto:napleslegalassistance@us.navy.mil) for a renewal request appointment. Our specialist will collect the required paperwork for the application, but you will hold onto your paper permit until your appointment with the immigration police.
4. **KEEP YOUR SOJOURNER PERMIT APPLICATION RECEIPT!!** Upon submitting an electronic Sojourner's Permit application (first-time application or renewal) to the Italian Immigration Police, you will be issued an official receipt (small piece of paper). This receipt contains your PROTOCOL NUMBER (application number) which is ESSENTIAL to check the status of your Sojourner's Permit online. The protocol number always begins with the reference year and the abbreviation of the city where the application was filed:
  - For Naples: begins with 26NA + six digits
  - For Caserta: begins with 26CE + six digits

This receipt, along with your passport and your expiring/expired sojourner's permit (if any), is REQUIRED to pick up your sojourner's permit once it is ready. If you do not bring the original receipt, you will NOT be allowed to collect your electronic sojourner's permit. If the receipt is lost or stolen, you must first file a formal loss report with the Italian Police or the Carabinieri, which can be used in lieu of the original receipt to pick up your permit. Without the receipt or a proper Italian police report, you CANNOT PICK UP your electronic Sojourner's Permit.

## OCONUS Emergency Travel Assistance Grant

Grant Program for Military Members

Aligning with the American Red Cross mission of helping military members prepare for, cope with, and respond to the challenges of military service, Service to the Armed Forces (SAF) is implementing the OCONUS Emergency Travel Assistance Grant.

This program will provide financial assistance to military members, including National Guard and Reserve, actively serving Foreign Outside the Continental United States (F-OCONUS) who are currently on or about to begin emergency leave.

All categories of emergency leave are eligible for this grant. Service members must provide a copy of their emergency leave orders. Eligible service members will be awarded a \$500 grant.

The OCONUS Emergency Travel Assistance Grant will be available for a limited time based on the availability of funds.

To apply, please contact the Hero Care Center at 1-877-272-7337.

Service to the Armed Forces

This limited-time program provides \$500 grants to active-duty military members (including activated National Guard/Reserve members) who are:

- Stationed Foreign OCONUS (F-OCONUS)
- Currently on or about to begin emergency leave or ordinary leave under emergency conditions. (Service member must be able to provide a copy of their emergency leave orders.)

We're sorry you're going through a difficult time and we're here for you. Call the American Red Cross Hero Care Center at (+1) 877-272-7337 to speak to a specialist who'll help you apply.

For additional information, please contact us at [naples@redcross.org](mailto:naples@redcross.org) or stop by your local Red Cross office in Building 450 on Capodichino.

**CENTRAL MEAT PROCESSING PLANT**

SERVING COMMISSARY CUSTOMERS IN *10 Countries* SINCE 1998

The Central Meat Processing Plant's state-of-the-art facility features highly efficient meat processing and vacuum machines, metal detectors and X-ray machines, a flash freezer, and high-tech cleaning systems. USDA Beef is cut, ground, packaged, vacuum sealed, and shipped from Kaiserslautern Cold Storage to our overseas locations. Fresh pork is sourced locally from German locations and processed under the same strict guidelines. Commissaries receive shipments an average of every two to three days, depending on the size and sales volume of the location.

### Special Orders

FOR YOUR SINGLE-SERVING OR PARTY-PLANNING MENUS

Just as you can go to a stateside commissary and place a special order for pork or beef, you can do the same here in Europe. You can simply request a special order from the commissary at the meat department or front-end department by filling out a special-order form if you are looking for a large quantity or a special cut.

Special order lead times vary depending on the request but a majority can be filled within days. Large quantity requests may take up to eight weeks. Whole pigs require a 10-day lead time. Check with your commissary for details.

▶ **DOWNLOAD ORDER FORM**  
[www.commissaries.com/shopping/special-orders](http://www.commissaries.com/shopping/special-orders)

[www.commissaries.com](http://www.commissaries.com)

### Where does the Commissary get its meat products?

Shoppers are amazed to learn that the USDA-approved Natural and Choice beef we sell in the commissaries in Europe and the Middle East are shipped here from the U.S. Even more surprising, is that the retail cuts of beef are fresh, never frozen. This is accomplished through the use of vacuum packaging.

### What are the advantages of vacuum packaging?

- ▶ Because oxygen is removed, the shelf life of vacuum-packaged red meat increases from a matter of days to at least two weeks.
- ▶ Vacuum packaging allows natural enzymes to act as a natural tenderizer and enhances quality/palatability of beef.
- ▶ Without the vacuum technology, most locations would have only frozen meat products.

Beef gets its red color from exposure to oxygen. In our vacuum packing process, we remove over 99% of the oxygen from the package. The lack of oxygen turns the meat a darker color but the meat will return back to the usual red-color once the package is opened and is, once again, exposed to oxygen.

The vacuum package does not allow for any air in or out. This can cause naturally occurring lactic acid to build up inside the package. Shortly after opening the package, the initial off-odor will dissipate.

This process does not affect the quality of the meat or taste and acts as a natural meat tenderizer.

### Store Director's Scoop:

**Store Director | Dennis.D.Holm.civ@mail.mil | +39-081-811-4871**

Here at the Commissary, we are working on being the grocery provider of choice for our eligible patrons. You will see daily savings throughout the store to reach our goal of saving you the patron on average 25% from your shopping experience. We understand how important this benefit is to you overseas. Getting the items, you know, is import to us. Our procurement team is working non-stop to get us all the products we can to keep our shelves full for you. When the supply chain issues come around, they find alternatives to help us get what we need.
